essays in this collection underscore the show's ability to distinguish itself within the current television market. Report of the Commissioner of Fisheries for the Fiscal Year ... and Special Papers United States. Bureau of Fisheries, 1911 *Culture: Raise 'low', Rethink 'high.'* A Representation of the Academic Potential of So-Called 'Low' Culture Emma Buchanan, 2020-11-15. Despite or more likely due to being the culture which most affects and interacts with the masses, the broad and definition evading category of popular culture remains a second class citizen in academia, relegated to a position of low below a culture deemed high and worthy of scholarly inquiry. This eclectic collection of essays aims to convince that this inequality must be addressed by exploring a variety of supposedly low cultural types and texts through an academic lens, proving that so-called low culture can be a valuable contribution to academic research. That said, raising the low does not mean making it high, turning it into an elite category to be accessed only by experts. Rather, the authors are unswerving in their approach that academic writing and fan writing are not mutually exclusive. On the contrary, it is their knowledge and passion as fans of their subject matter that has inspired their chapters, all of which draw upon their considerable experience of engaging as fans in what they discuss. All the chapters have been written by postgraduate students seeking to inspire a new empiricism through which their interests might be fully pursued in their futures as scholars. Emma Buchanan is a British postgraduate researcher and television fan who is currently writing up her PhD thesis on the topic of gender and change in AMC's *The Walking Dead* as understood from the point of view of Jungian depth psychology. *Legends of the Jungle* Mark Powell, 2017-03-24. Boomer Esiason still holds the Cincinnati Bengals record for most passing yards in a game and is tied for the most 300 yard passing games. Jim Breech is the team's all-time leading scorer in points and remains a beloved figure more than twenty years after his retirement. Cris Collinsworth led the team in receptions and receiving yards several times in the 1980s and topped the team in receiving touchdowns three times. But these great players and many others aren't in the Bengals Hall of Fame and it's for a simple reason: It does not exist. That needs to change, according to die-hard fan Mark Powell. By creating its own Hall of Fame or Ring of Honor, the team would be paying tribute to its great players and personalities. But it would need to determine who is eligible and who should be honored first. Get a detailed look at one of the NFL's most interesting franchises, discover its rich history, and decide for yourself who deserves to be among the Legends of the Jungle.

Adapting Superman John Darowski, 2021-05-29. Almost immediately after his first appearance in comic books in June 1938, Superman began to be adapted to other media. The subsequent decades have brought even more adaptations of the Man of Steel: his friends, family, and enemies in film, television, comic strip, radio, novels, video games, and even a musical. The rapid adaptation of the Man of Steel occurred before the character and storyworld were fully developed on the comic book page, allowing the adaptations an unprecedented level of freedom and adaptability. The essays in this collection provide specific

insight into the practice of adapting Superman from comic books to other media and cultural contexts through a variety of methods including social economic and political contexts Authors touch on subjects such as the different international receptions to the characters the evolution of both Clark Kent s character and Superman s powers the importance of the radio how the adaptations interact with issues such as racism and Cold War paranoia and the role of fan fiction in the franchise By applying a wide range of critical approaches to adaption and Superman this collection offers new insights into our popular entertainment and our cultural history
