Me Tanner You Jane:

Me Tanner, You Jane Lawrence Block, 2025-03-11 It's a jungle out there. Literally. At least for Evan Tanner, eternally sleepless sometime superspy who finds himself in Africa on the trail of the AWOL ruler of tiny Modonoland. It seems the petty despot's gone missing and he's taken the state treasury along with him. No stranger to impossible missions and international peril, Tanner's been in over his head before. This time, however, he's in imminent danger of being buried alive. And it all has to do with the CIA, white supremacists, moderate revolutionaries, and a blond jungle bombshell named, no joke, Sheena. Tanner's always been a sucker for a pretty face and a curvaceous body, especially one that's wrapped in leopard skin. But this red-hot renegade daughter of a local missionary is a maneater. Which means this time, Tanner's goose is well and truly cooked. *Me Tanner, You Jane* Lawrence Block, 2015-07-30 Presenting EVAN TANNER, the first series character created by Lawrence Block, bestselling author of *A WALK AMONG THE TOMBSTONES*. Ever since a shred of shrapnel did a number on his brain's sleep center, even Tanner has been awake 24/7. This gives him more time than your average underachiever. Time to learn the world's languages; he's fluent in Basque but has trouble with Chinese. Time to embrace the world's lost causes and irredentist movements: The Flat Earth Society, the League for the Restoration of Cilician Armenia, the Society of the Left Hand. Time to write term papers, theses for students with more money than knowledge. And most important, time to do his dreaming while he's wide awake. *Me Tanner, You Jane* is Tanner's seventh adventure and the first to take him to the African continent. We first encounter Tanner as a man named Nikita says, "We will bury you," but the Nikita in question is not Premier Khrushchev, nor is he speaking metaphorically. Tanner is in Modonoland, and his comrades in the Pan-African Unity League do, in fact, bury him alive. That he is able to disinter himself, that he winds up enlisted in a terrorist band under the aegis of the beautiful Sheena, that the menu at the group's triumphal feast contains a dish he's never had, any wish to try oh, it's a Tanner book, isn't it? And haven't you learned to expect the unexpected? *Me Tanner, You Jane; Featuring Evan Tanner, the Most Unusual Spy who Ever Lived* Lawrence Block, A Jove Book, 1986 *Gangsters, Swindlers, Killers, and Thieves* Lawrence Block, 2004-05-13 Presents a gallery of fifty of America's most notorious criminals from colonial times through the twentieth century with profiles of such outlaws as John Wilkes Booth, Jesse James, Bonnie Parker, and Ted Bundy. **Step by Step** Lawrence Block, 2009-05-19 From the revered New York Times bestselling author comes a touching, insightful, and humorous memoir of an unlikely racewalker and world traveler. Before Lawrence Block was the author of bestselling novels featuring unforgettable characters such as the hit man Keller, private investigator Matthew Scudder, burglar Bernie Rhodenbarr, and time traveler Evan Tanner, he was a walker. As a child, he walked home from school mostly because he couldn't ride a bike. As a college student, he walked until he was able to buy his first car, a deep blue 1950 Chevrolet coupe named Pamela, after the Samuel Richardson novel. As an adult, he ran marathons until he discovered what would become a lifelong obsession: never mind if some people didn't think it was a real sport, racewalking. By that time, Block had already spent plenty of time walking.

through the city of New York But racewalking ended up taking him all over the country from New Orleans to Anchorage from marathons in the punishing heat to marathons in the pouring rain And along the way as he began to pen the books that would make him a household name among suspense fans all over the world he found that in life as in writing you just need to take one step after the other Through the lens of his adventures while walking in twenty four hour races on a pilgrimage through Spain and just about everywhere you can imagine Lawrence Block shares his heartwarming personal story about life s trials and tribulations discomforts and successes which truly lets readers walk a mile in the master of mystery s shoes [Hit and Run](#) Lawrence Block,2009-03-17 For years now Keller s had places to go and people to kill But enough is enough Just one more job paid in advance and he s going to retire Waiting in Des Moines for the client s go ahead Keller s picking out stamps for his collection at a shop in Urbandale when somebody guns down the charismatic governor of Ohio Back at his motel Keller sees the killer s face broadcast on TV A face he s seen quite often Every morning In the mirror Keller calls his associate Dot in White Plains but there s no answer He s stranded halfway across the country and every cop in America has just seen his picture His ID and credit cards are no longer good and he just spent almost all of his cash on the stamps Now what **One Night Stands and Lost Weekends** Lawrence Block,2009-10-06 In the era before he created moody private investigator Matthew Scudder burglar Bernie Rhodenbarr sleepless spy Evan Tanner and the amiable hit man Keller and years before his first Edgar Award a young writer named Lawrence Block submitted a story titled You Can t Lose to Manhunt magazine It was published and the rest is history One Night Stands and Lost Weekends is a sterling collection of short crime fiction and suspense novelettes penned between 1958 and 1962 by a budding young master and soon to be Grand Master an essential slice of genre history and more fun than a high speed police chase following a bank job gone bad [Comeback](#) Richard Stark,2011-04-15 The long awaited return of the legendary thief created by Richard Stark aka Donald Westlake in a riveting tale of betrayal and escape Chicago Tribune Foreword by Lawrence Block After the bloodbath of Butcher s Moon the action filled blowout Parker adventure Donald Westlake said Richard Stark proved to me that he had a life of his own by simply disappearing He was gone And for nearly twenty five years he stayed away while readers waited But nothing bad is truly gone forever and Parker s as bad as they come According to Westlake one day in 1997 suddenly he came back from the dead with a chalky prison pallor and the resulting novel Comeback showed that neither Stark nor Parker had lost a single step Knocking over a highly lucrative religious revival show Parker reminds us that not all criminals don ski masks some prefer to hide behind the wings of fallen angels Parker has not lost his touch or his nerve In a world of warped values an honest crook like Parker is a true treasure Marilyn Stasio The New York Times Book Review Comeback is brisker faster and funnier than the earlier novels Elmore Leonard wouldn t write what he does if Stark hadn t been there before And Quentin Tarantino wouldn t write what he does without Leonard Old master that he is Stark does all of them one better Los Angeles Times Energy and imagination light up virtually every page as does some of the best hard boiled prose ever to grace the noir

Andrews, 2023-02-22 This is a critical history of spy fiction film and television in the United States with a particular focus on the American fictional spies that rivaled and were often influenced by Ian Fleming s James Bond James Fenimore Cooper s Harvey Birch based on a real life counterpart appeared in his novel *The Spy* in 1821 While Harvey Birch s British rivals dominated spy fiction from the late 1800s until the mid 1930s American spy fiction came of age shortly thereafter The spy boom in novels and films during the 1960s spearheaded by Bond heavily influenced the espionage genre in the United States for years to come including series like *The Man from U N C L E* and *Matt Helm* The author demonstrates that while American authors currently dominate the international spy fiction market James Bond has cast a very long shadow for a very long time
