

Organizational Behavior

- What role did structural design play in this event?
 - The structural design of NASA was lacking..
 - Adequate planning and control systems
 - Adequate procedures and policies for safe practices
 - Structure for centralized decision-making
 - Decisions were being made at all levels of employment
 - The military, Congress, and the media swayed the decision to launch, thus straying further away from centralized decision-making
- With as big of an organization as NASA, decision-making should be centralized.
