The Oriental Obsession John Sweetman,1988 **The Oriental Obsession** John E. Sweetman,1991 **Taking the Alhambra to St. Petersburg** Katrin Kaufmann,2023-12-18 Little is known of Russian architects in depth engagement with Ibero Islamic architecture especially the medieval Nasrid palaces of the Alhambra in Granada in the so called Moorish Revival This study rich in material analyzes 19th century Orientalizing buildings and interiors in St Petersburg and traces the routes by which the formal vocabulary of the Alhambra reached Russia from Spain Incorporating essential aspects of Russian cultural history and 19th century European notions of the Orient it shows that Russian architects and the Imperial Academy of Arts were among the pioneers of the Moorish Revival The first examination of St Petersburg s Orientalizing architecture in a pan European context Russian architects as pioneers of the Moorish Revival *Orientalism* John MacKenzie,1995-07-15 The Orientalism debate inspired by the work of Edward Said has been a major source of cross disciplinary controversy in recent years John MacKenzie offers a comprehensive re evaluation of this vast literature of Orientalism and brings to the subject highly original historical perspectives This study provides the first major discussion of Orientalism by a historian of imperialism Setting the analysis within the context of conflicting scholarly interpretations John MacKenzie then carries the discussion into wholly new areas testing the notion that the western arts received genuine inspiration from the East by examining the visual arts architecture design music and theatre *Oriental Panorama* Reinhold Schiffer,2023-11-20 The series IFAVL International Research in General and Comparative Literature is a platform for peer reviewed scholarly research in Comparative Literature Studies with a focus on European literatures Featured in the series are works that explore a variety of topics and concepts across a broad disciplinary range such as cosmopolitanisms postcolonialism multimedia gender cultural memory aesthetics and literary politics From 2005 onward the series Internationale Forschungen zur Allgemeinen und Vergleichenden Literaturwissenschaft will appear as a joint publication by Brill and for editions in German Weidler Buchverlag Berlin In this series authors and editors are asked to follow the MHRA style guide Authors are cordially invited to submit proposals and or full manuscripts to the publisher at BRILL Iulia Ivana or Masja Horn Please advise our Guidelines for a Book Proposal *Architecture and the Late Ottoman Historical Imaginary* Ahmet A. Ersoy,2017-07-05 While European eclecticism is examined as a critical and experimental moment in western art history little research has been conducted to provide an intellectual depth of field to the historicist pursuits of late Ottoman architects as they maneuvered through the nineteenth century s vast inventory of available styles and embarked on a revivalist Orientalist program they identified as the Ottoman Renaissance Ahmet A Ersoy s book examines the complex historicist discourse underlying this belated renaissance through a close reading of a text conceived as the movement s canonizing manifesto the Usul i Mi mari i Osmani The Fundamentals of Ottoman Architecture Istanbul 1873 In its translocal cross disciplinary scope Ersoy s work explores the creative ways in which the Ottoman authors straddled the art historical mainstream and their new

self orientalizing aesthetics of locality The study reveals how Orientalism was embraced by its very objects the self styled Orientals of the modern world as a marker of authenticity and a strategically located aesthetic tool to project universally recognizable images of cultural difference Rejecting the lesser subsidiary status ascribed to non western Orientalisms Ersoy's work contributes to recent post Saidian directions in the study of cultural representation that resituate the field of Orientalism beyond its polaristic core recognizing its cross cultural potential as a polyvalent discourse
