Humphrey,1996 *Japan's Restrictive System of Trade and Payments* Shinji Takagi,1997-09-01 The paper summarizes how Japan's foreign exchange and trade control system operated in the early 1950s how and how effectively it was used as a tool of external adjustment and how it was liberalized from the late 1950s into the early 1960s Although the Japanese government was extensively involved in allocating scarce foreign exchange in the early 1950s the control system became increasingly flexible over this period A preliminary analysis based on the behavior of wholesale prices seems to indicate that along with its liberalization the restrictive system became less effective as a tool of external adjustment while the impact of deflationary macroeconomic measures became more dominant

*The Future of Payment Systems* Stephen Millard,Andrew Haldane,Victoria Saporta,2007-09-17 Drawing on wide ranging contributions from prominent international experts and discussing some of the most pressing issues facing policy makers and practitioners in the field of payment systems today this volume provides cutting edge perspectives on the current issues surrounding payment systems and their future It covers a range of continually im

**The Japanese Employment System** Marcus Rebeck,2005-06-02 The stagnation of the Japanese economy and the ageing of Japanese society has led to major changes in the labour market in Japan This comprehensive study looks at how the Japanese employment system is adapting to its new economic environment Using the latest statistical evidence the book focusses on the growing use of part time and other forms of atypical employment relationships and illustrates how this is expressed in several different parts of the labour market Particular attention is given to the changing situation of women the decline of the family enterprise the problems faced by older workers and the poor prospects for recent high school graduates The recent rise in unemployment including hidden unemployment is analysed Relations between management and employees in Japanese corporations are also becoming more individualistic with the introduction of performance related pay and the declining importance of enterprise unions As a result of these changes the future may see rising levels of income inequality The Japanese labour force is declining with the ageing of the population and Japan's ability to cope is examined with special attention given to immigration policy This book will be of interest to anyone interested in what is happening today in Japan and what the possibilities are for the future
