Peace Freak:

So This Is Peace? Frederick Grossman, 2014-04 As an old hippie Jesus freak I cannot help but question authority I have done so with established beliefs of major denominations I compare what denominations teach as sound doctrine and compare them to what the Bible the sole authority teaches in reality For example hell is accepted and taught as literal fire and eternal torment when Scripture actually reveals something opposite and totally different **Peace Freak** Michael L.

Reactionary Oscar J. Phillips, 2016-02-28 Here is a new book from a first time author who though only a high school graduate has written some controversial yet intelligent opinions on an array of political matters Mr Phillips presents us with a thought provoking analysis on sundry topical and philosophical issues His is an intriguing book that anybody of any political stripe will find a fascinating read Mr Phillips has written a cerebrally stimulating collection of essays and random thoughts that anyone with just a junior high school education to a person with a PhD from Harvard will find to be extremely interesting and educational But be forewarned the conservatism of his book is more than just contentious it s outright iconoclastic and subversive And although the writings of Mr Phillips are an absolute joy to read it s entirely possible that they could wreck psychological havoc on the intellectually dishonest Hyperbole say you Maybe it is but then again maybe it isn t **Inflation**

Lawrance George Lux, 2001-10-29 Inflation winds it s way through Our lives impacting on Us all with little definition of it s effect Inflation creeps in the pricing of Goods and Services and what it is remains ignored because None can see the total distortion Inflation serves only as the Meter to register Economic resource misallocation This misuse of resources contains the sole pressure for Recession and contriction of business activity Recessions continue until economic reallocation provides the correct mix something which could be done at far less cost than through layoffs and loss of Personal Income Resource misuse and it s resultant Inflation must be studied before it can be stopped **Tribute: Cocker Power** , 2020-04-28 Relive

Old Spies' Tales Ed Newbury, 2011-03 Ed Newbury's book *Old Spies' Tales* is a collection of short stories. In it you meet characters like Johnny Exit, a private investigator who while investigating a triple homicide uncovers a band of domestic terrorists; Harry Kennedy, ex-cop who chases down a Nazi cell intent to sabotage United States industry during World War Two. The reader also encounters an amnesia victim who has no idea of who he is and never realizes he is a foreign agent. The reader also discovers John Trinity who seeks revenge on the man who killed his best friend. The characters in the book have serious faults. Yet they rise above them to serve the common good.

Deadly Dividends David Emil Henderson, 2011-01-04 *Deadly Dividends* is the original plain cover edition of the romantic thriller *Escape* by David Emil Henderson. This 2nd Edition continues the original book's title but Internet search engines have had a tendency to divert inquiries to books about financial investments and Dividends, nothing this story is about. But we kept this version for those shoppers who like blue portfolios and we released a newer version with a whole different cover under the title *Escape* which better describes the reader experience. For instance: Have you ever had one of those moments yearning to hit the road and just follow the sun? On Chicago's North Shore in posh Lake Forest, Elissa Bennett Pope threw away a fortune when she couldn't stand being married to it. She was ripe for any escape, even one that wrenched her into the orbit of a man accused of murder. Architect Grey Harper denied shooting his corporate client over a 60 million project at the old Fort Sheridan army base. Whoever did that deed would target Harper next, he insisted, and Elissa too, because she had kept a business meeting with Harper at the exact wrong time. Racing west on I 80 toward Harper's California cliff-top home at Carmel By the Sea, it seems impossible to evade an FBI manhunt joined by every law enforcement agency for 2200 miles. Even more ominous are men without faces from the Pentagon intent on keeping all secrets buried. Against staggering odds, Harper is clever, maybe too clever for Elissa. If he's trying to hide from everybody, does a gorgeous companion become an attraction or a distraction? An accomplice or a hostage? And within her own mind is Elissa's astounding beauty, a deadly curse. All journeys must end. But this one terminates with a colossal bang.

Soaring Earth Margarita Engle, 2020-06-16 In this powerful companion to her award-winning memoir *Enchanted Air*, Newbery Honor-winning author Margarita Engle recounts her teenage years during the turbulent 1960s. Margarita Engle's childhood straddled two worlds: the lush, welcoming island of Cuba and the lonely, dream-soaked reality of Los Angeles. But the revolution has transformed Cuba into a mystery of impossibility, no longer reachable in real life. Margarita longs to travel the world, yet before she can become independent, she'll have to start high school. Then the shock waves of war reach America, rippling Margarita's plans in their wake. Cast into uncertainty, she must grapple with the philosophies of peace, civil rights, freedom of expression, and environmental protection. Despite overwhelming circumstances, she finds solace and empowerment through her education. Amid the challenges of adolescence and a world steeped in conflict, Margarita finds hope beyond the struggle and love in the most unexpected places.
