Peace Within Fca Durazo, 2007-11 Endorsement for Frances Durazo Cato s *Peace Within* While it is remarkable enough that a woman who began painting only recently can execute such rich and elaborate artwork the thing about Durazo s work is its clearly inspired quality This cannot be reduced to a mere description of colors and images but must be felt and experienced in silence Her work moves the soul inexorably towards its Source and leaves us feeling more hopeful and capable of living in concert with God s will By G Scott Sparrow author of *Sacred Encounters with Jesus and Sacred Encounters with Mary*

Human Empowerment Towards Peace Assoc. Prof. J. O. Eneh, 2015-05-06 Human beings everywhere around the globe have natural propensity towards success and progress in their endeavour and constantly seek fulfilment and happiness It is this desire for fulfilment happiness success and progress in man that pushes him towards hard work and creativity However often than not the struggle to attain fulfilment and happiness in life is met with frustrations due to lack of wherewithal of carrying out the project It could also be ascribed to the social structure such as bad governance war natural deserters etc which may hamper the free flow of activities geared towards ones success In the presence of such frustrations the victims can become disoriented antisocial and antisociety Such situation has serious consequences on peace in the world because this category of people often resort to different social vices like prostitution intake of hard drugs kidnapping terrorism armed robbery suicide et cetera as the way of survival that spare doom to the society in which they live It is to address this threat to world peace that over the years Fr Edeh has distinguished himself in empowering people in different categories with little or

no concern on tribe creed or nationality of those within his empowerment scheme He has helped thousands of men and women to identify their God given talents to attain fulfilment and happiness Many of such people are now living happily on their own while a host of others are undergoing the training now Interestingly many of those who have successfully undergone the training in his skills acquisition centre are employers of labour today Apart from this category of beneficiaries there are over 12 743 workers who are working in different establishments of Fr Edeh and in this way fulfilled in their lives Fr Edehs remote conviction for venturing into human empowerment is to contribute his quota to the global project of world peace It is his belief that world peace can only be attained when individual men and women are enjoying peace in their hearts when hunger poverty diseases frustration illiteracy and unemployment have been reduced to their barest minimum or even eradicated This book therefore shows clearly how Fr Prof Edeh has achieved so much in empowering our teeming youths and this bringing peace in their hearts and thus peace in the world
