Peace Resource Book, 1988-89 Carl Conetta,Randall Forsberg,1988-07-01 **Future Survey Annual 1988-1989** Michael Marien,Lane Jennings,1990-01-01 BMW Z cars have carved a huge reputation for themselves in a very short time From the revolutionary and innovative Z1 of the late 1980s to the beautiful and exclusive Z8 of more recent times via the popular Z3 and its controversial replacement the Z4 the family has made BMW s name in the increasingly competitive sports car market *Cultures of Peace* Elise Boulding,2000-05-01 Renowned sociologist Elise Boulding offers an eminent collection of essays that emphasizes her study of civil society over the past fifty years While most media and academic attention focuses on the extreme violence in today s society Elise Boulding notes an equally significant presence of cultures and societies of peace Here in a volume that represents a life s work she revisits her theme of the connection among family community and government and offers enriching perspectives and advice on how to fuel the process of peace Boulding examines structural violence in terms of the major institutional obstacles to a more peaceful future the tension between the states and the people trapped inside them the tension between the techno sphere and the biosphere and between global systems and local know how She describes social movements around the world that are developing alternative ways of handling the great diversity of human biospheric needs on the planet In addition Boulding brings together her experiences to empower the peace building activities if we are to do better in the twenty first century than we have done in the twentieth century Provided by publisher

Foreign assistance and related programs appropriations for fiscal year 1989 United States. Congress. Senate. Committee on Appropriations. Subcommittee on Foreign Operations,1988 **Governance, Natural Resources and Post-Conflict Peacebuilding** Carl Bruch,Carroll Muffett,Sandra Nichols,2016-04-07 When the guns are silenced those who have survived armed conflict need food water shelter the means to earn a living and the promise of safety and a return to civil order Meeting these needs while sustaining peace requires more than simply having governmental structures in place it requires good governance Natural resources are essential to sustaining people and peace in post conflict countries but governance failures often jeopardize such efforts This book examines the theory practice and often surprising realities of post conflict governance natural resource management and peacebuilding in fifty conflict affected countries and territories It includes thirty nine chapters written by more than seventy researchers diplomats military personnel and practitioners from governmental intergovernmental and nongovernmental organizations The book highlights the mutually reinforcing relationship between natural resource management and good governance Natural resource management is crucial to rebuilding governance and the rule of law combating corruption improving transparency and accountability engaging disenfranchised populations and building confidence after conflict At the same time good governance is essential for ensuring that natural resource management can meet immediate needs for post conflict stability and development while simultaneously laying the foundation for a sustainable peace Drawing on analyses of the close relationship between

governance and natural resource management the book explores lessons from past conflicts and ongoing reconstruction efforts illustrates how those lessons may be applied to the formulation and implementation of more effective governance initiatives and presents an emerging theoretical and practical framework for policy makers researchers practitioners and students Governance Natural Resources and Post Conflict Peacebuilding is part of a global initiative to identify and analyze lessons in post conflict peacebuilding and natural resource management The project has generated six books of case studies and analyses with contributions from practitioners policy makers and researchers Other books in this series address high value resources land water livelihoods and assessing and restoring natural resources **Water Resources Data** ,1989

Conserving Tropical Forests and Biological Diversity ,1989 **Resources in Education** ,1996 For Social Peace in Brazil Barbara Weinstein,2000-11-09 This book is the first major study of industrialists and social policy in Latin America Barbara Weinstein examines the vast array of programs sponsored by a new generation of Brazilian industrialists who sought to impose on the nation their vision of a rational hierarchical and efficient society She explores in detail two national agencies founded in the 1940s SENAI and SESI that placed vocational training and social welfare programs directly in the hands of industrialist associations Assessing the industrialists motives Weinstein also discusses how both men and women in Brazil s working class received the agencies activities Inspired by the concepts of scientific management rational organization and applied psychology Sao Paulo s industrialists initiated wide ranging programs to raise the standard of living increase productivity and at the same time secure lasting social peace According to Weinstein workers initially embraced many of their efforts but were nonetheless suspicious of employers motives and questioned their commitment to progressivism By the 1950s industrial leaders notion of the working class as morally defective and their insistence on stemming civil unrest at all costs increasingly diverged from populist politics and led to the industrialists active support of the 1964 military coup **Konoe Fumimaro and the Failure of Peace in Japan, 1937-1941** Kazuo Yagami,2006-03-02 The blame for a country s mistakes often falls on its leaders In some cases however a leader s greatest mistake is to promote the mistaken goals of his people Was this the case in World War II Japan This book considers that question in the story of Konoe Fumimaro who served as Japan s prime minister during one of the most difficult periods of the country s history This historical biography is a balanced account of Konoe and his service as prime minister before and during World War II Governing from 1937 to 1941 Konoe played a key role in the struggle to develop Japanese foreign policy Beginning with Konoe s education and political training the author then explores the general mood of 1930s Japan and traces Konoe s rise through the political ranks including his first term as prime minister his decision to step down and his eventual comeback Especially emphasized is how the man himself affected this period of Japanese history In his relentless work regarding Japanese American diplomacy he attempted to change the destructive course on which Japan was bent Defeated in essence by his own military and its growing autonomy Konoe nevertheless took the Japanese defeat to heart The final chapter

examines Konoe's war experience and its aftermath which culminated in his suicide Women who Speak for Peace Colleen E. Kelley, Anna L. Eblen, 2002 How do women talk about peace and violence What moves ordinary women into extraordinary activism This book profiles ten influential women activists relating their experiences and rhetorically analyzing their public communication in and about their efforts for peace Authors also employ feminist theory to gauge the effectiveness of each activist from Americans Ida B Wells and Jane Addams to those still speaking for peace such as Liberia's Ruth Perry and the former Burma's Aung San Suu Kyi Visit our website for sample chapters The Geography of War and Peace Colin Flint, 2005 Our world of increasing and varied conflicts is confusing and threatening to citizens of all countries as they try to understand its causes and consequences This book takes advantage of a diversity of geographic perspectives as it analyzes the political processes of war and their spatial expression **Environmental Resources** A.S. Mather, K. Chapman, 2018-10-08 Environmental Resources provides a comprehensive text for undergraduate resource management courses It begins with an introduction to natural and environmental resources and then considers them in the context of politics time and space **Australian National Bibliography**, 1978 , **Department of the Interior and Related Agencies Appropriations for 1989** United States. Congress. House. Committee on Appropriations. Subcommittee on Department of the Interior and Related Agencies, 1988 Paths to Peace Elizabeth A. Stanley, 2009-07-28 Paths to Peace begins by developing a theory about the domestic obstacles to making peace and the role played by shifts in states governing coalitions in overcoming these obstacles In particular it explains how the longer the war the harder it is to end because domestic obstacles to peace become institutionalized over time Next it tests this theory with a mixed methods approach through historical case studies and quantitative statistical analysis Finally it applies the theory to an in depth analysis of the ending of the Korean War By analyzing the domestic politics of the war's major combatants the Soviet Union the United States China and North and South Korea it explains why the final armistice terms accepted in July 1953 were little different from those proposed at the start of negotiations in July 1951 some 294 000 additional battle deaths later **Violent Peace** David R. Mares, 2001 David R Mares argues that the key factors influencing political leaders in all types of polities are the costs to their constituencies of using force and whether the leader can survive their displeasure if the costs exceed what they are willing to pay Violent Peace proposes a conceptual scheme for analyzing militarized conflict and supports this framework with evidence from the history of Latin America *Soviet Jewish Aliyah, 1989-1992* Clive Jones, 1996 Soviet Jewish Aliyah 1989-92 provides new insights into a period of fundamental change in Israel and the Middle East It explains how the Israeli government failed to effectively handle the integration of new emigres from the Soviet Union and how it alienated traditional Likud supporters among Oriental Jews in Israel Clive Jones's argument is that by placing its ideological commitment to the retention of the West Bank above other priorities the Likud leadership made itself beholden to the United States for financial assistance which was then denied The resulting fundamental change in the composition and orientation of the Israeli political

leadership has had a major influence on the course of the Arab Israeli peace process *Soviet Jewish Aliyah, 1989-92* Clive A. Jones, 2013-10-18 This book provides new insights into a period of fundamental change in Israel and the Middle East It explains how the Israeli government failed to effectively handle the integration of new emigres from the Soviet Union and how it alienated traditional Likud supporters among Oriental Jews in Israel Clive Jones s argument is that by placing its ideological commitment to the retention of the West Bank above other priorities the Likud leadership made itself beholden to the United States for financial assistance which was then denied The resulting fundamental change in the composition and orientation of the Israeli political leadership has had a major influence on the course of the Arab Israeli peace process
