Peace After War:

Just Peace After Conflict Carsten Stahn, Jens Iverson, 2020-09-05 The interplay between peace and justice plays an important role in any contemporary conflict Peace can be described in a variety of ways as being negative or positive liberal or democratic But what is it that makes a peace just This book draws together leading scholars to study this concept of a just peace analysing different elements of the transition from conflict to peace The volume covers six core themes conceptual approaches towards just peace macro principles the nexus to security and stability protection of persons and public goods rule of law and economic reform and accountability Contributions engage with understudied issues such as the pros and cons of robust UN mandates the link between environmental protection and indigenous peoples the treatment of illegal settlements the feasibility of vetting practices and the protection of labour rights in post conflict economies Overall the book puts forward a case that just peace requires not only negotiation agreement and compromise but contextual understandings of law multiple dimensions of justice and strategies of prevention This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is offered as a free PDF download from OUP and selected open access locations

Understanding Quality Peace Madhav Joshi, Peter Wallensteen, 2018-01-29 This book provides an analytical framework for understanding how the concept of quality peace can be used to evaluate post conflict peacebuilding using social science statistics and case studies Including contributions from more than 20 researchers and practitioners it argues that the quality of the peace in a post conflict state relates to the extent to which peace accords are implemented the agreed upon mechanism for the non violent resolution of the conflict and the available social space for civil and political actors To arrive at the concept of quality peace the authors evaluate the existing literature and identify a lack of a satisfactory means of measuring outcomes and consequently how these might be researched comparatively The volume problematizes the quality peace concept as a way to understand the origins of armed conflict as well as problems deriving from the conflict dynamics and the need for social political and economic changes in the post conflict periods The book emphasizes five dimensions as crucial for quality peace in a post accord society Negotiations and agreements not only aim at avoiding the return of war but also seek to 1 promote reconciliation 2 develop mechanisms for resolving future disputes 3 provide for reliable security 4 open economic opportunities for marginalized segments of the population and 5 generate space for civil society These five dimensions together provide for quality peace after war They are studied in the context of internal armed conflicts in which multiple parties have signed a peace agreement This book will be of great interest to students of peace and conflict studies civil wars global governance security studies and International Relations in general [Addressing Global Environmental Challenges from a Peace Ecology Perspective](#) Hans Günter Brauch, Úrsula Oswald Spring, Juliet Bennett, Serena Eréndira Serrano Oswald, 2016-10-08 Addressing global environmental challenges from a peace ecology perspective the present book offers peer reviewed texts that build on the expanding field of peace ecology and applies this concept to global environmental

challenges in the Anthropocene Hans G nter Brauch Germany offers a typology of time and turning points in the 20th century Juliet Bennett Australia discusses the global ecological crisis resulting from a tyranny of small decisions Katharina Bitzker Canada debates the emotional dimensions of ecological peacebuilding through love of nature Henri Myrntinen UK analyses preliminary findings on gender peacebuilding and climate change in Honduras while rsula Oswald Spring Mex co offers a critical review of the policy and scientific nexus debate on the water energy food and biodiversity nexus reflecting on security in Mexico In closing Brauch discusses whether strategies of sustainability transition may enhance the prospects for achieving sustainable peace in the Anthropocene Ethics Beyond War's End Eric Patterson,2012-03-02 The wars in Afghanistan and

Iraq have focused new attention on a perennial problem how to end wars well What ethical considerations should guide war s settlement and its aftermath In cases of protracted conflicts recurring war failed or failing states or genocide and war crimes is there a framework for establishing an enduring peace that is pragmatic and moral Ethics Beyond War s End provides answers to these questions from the just war tradition Just war thinking engages the difficult decisions of going to war and how war is fought But from this point forward just war theory must also take into account what happens after war ends and the critical issues that follow establishing an enduring order employing political forms of justice and cultivating collective forms of conciliation Top thinkers in the field including Michael Walzer Jean Bethke Elshtain James Turner Johnson and Brian Orend offer powerful contributions to our understanding of the vital issues associated with late and post conflict in tough real world scenarios that range from the US Civil War to contemporary quagmires in Afghanistan the Middle East and the Congo

Human Security, Changing States and Global Responses Sangmin Bae,Makoto Maruyama,2014-12-05 This book critically assesses the human security challenges faced by states focusing on how and to what extent the state is influenced by global structures and operations Having grown rapidly since the 1990s the field of human security has spawned a wide variety of academic research This research has helped to reconceptualize the notion of security both broadening and deepening it and it has created a space where unconventional and multidimensional forms of security inform international policy practices However while various issues and cases of human security have received growing academic attention and policy interest many of the existing books on human security focus primarily on non state actors This leaves a key question unanswered why do sovereign states take on leadership roles in promoting human security To answer the question of why and how national governments influence international human security policy this volume examines the domestic political factors and structures that mediate the range of policy choices Important domestic variables include the cultural match e g Does the country often favor multilateralism and promote a rule bound international society the nature of the political interests and realities that are present e g Does the country see the promotion of human security as a strategic choice and the occurrence of important historical events such as wars revolutions or natural disasters e g Does the country during the crisis help to foster a new way of managing enduring security threats Using this line of analysis the book illuminates the role of the state in handling critical

human security issues and its rationale for doing so This book will be of much interest to students of human security peace studies global governance development studies and IR in general Cobbett's Weekly Political Register ,1815 *The New International Law* Christoffer C. Eriksen,Marius Emberland,2010-10-25 Summary This volume contains revised versions of a select number of research papers presented at a conference in Oslo Norway entitled The New International Law The conference was subtitled Polycentric decision making structures and fragmented spheres of law what implications for the new generation of international legal discourse The current discourse of international law is certainly acquainted with the enormous challenges posed by rapid restructuring of domestic and international governance to conventional outlooks theories and practices of international law Today s research forefront thrives on studies that encapsulate analyse and discuss the shift from a world made up of sovereign nation states to today s inter supra and transnational arrangements **Jus Post Bellum** Carsten Stahn,Jennifer S. Easterday,Jens Iverson,2014-02 Jus post bellum is the body of international legal norms and rules of international law that applies to a post conflict situation as it moves to a status of peace This book provides a detailed legal analysis of all aspects of jus post bellum and uses case studies to show its relevance to the reality of situations on the ground **Routledge Handbook of Peacebuilding** Roger Mac Ginty,2024-08-20 This updated and revised second edition of the Routledge Handbook of Peacebuilding contains cutting edge analyses of contemporary attempts to reach and sustain peace The book covers the main actors and dynamics of peacebuilding as well as the main challenges that it faces with accessible chapters The volume is comprehensive covering everything from the main international institutions for peacebuilding to the links between peacebuilding and climate change or peacebuilding and trauma It is also firmly interdisciplinary with a number of chapters devoted to showcasing how different disciplines interpret peacebuilding and how they contribute to it Bringing together leading thinkers and practitioners on peacebuilding many from the Global South the handbook offers a valuable hands on perspective on how peace can be secured and sustained There is a significant emphasis on comparison and the book shows how peacebuilding is best examined from the vantage point of multiple cases The book is organised into six thematic sections Part I Architecture and Actors Part II Reading Peacebuilding Part III Issues and Approaches Part IV Violence and Security Part V Everyday Living Part VI Disciplinary Approaches This book will be essential reading for students of peacebuilding mediation and post conflict reconstruction and of great interest to students of statebuilding intervention civil wars conflict resolution war and conflict studies and IR in general Chapter 25 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license **Understanding Civil Wars** Edward Newman,2014-04-24 This volume explores the nature of civil war in the modern world and in historical perspective Civil wars represent the principal form of armed conflict since the end of the Second World War and certainly in the contemporary era The nature and impact of civil wars suggests that these conflicts reflect and are also a driving force for major societal change In this sense Understanding Civil Wars Continuity and

change in intrastate conflict argues that the nature of civil war is not fundamentally changing in nature The book includes a thorough consideration of patterns and types of intrastate conflict and debates relating to the causes impact and changing nature of war A key focus is on the political and social driving forces of such conflict and its societal meanings significance and consequences The author also explores methodological and epistemological challenges related to studying and understanding intrastate war A range of questions and debates are addressed What is the current knowledge regarding the causes and nature of armed intrastate conflict Is it possible to produce general cross national theories on civil war which have broad explanatory relevance Is the concept of civil wars empirically meaningful in an era of globalization and transnational war Has intrastate conflict fundamentally changed in nature Are there historical patterns in different types of intrastate conflict What are the most interesting methodological trends and debates in the study of armed intrastate conflict How are narratives about the causes and nature of civil wars constructed around ideas such as ethnic conflict separatist conflict and resource conflict This book will be of much interest to students of civil wars intrastate conflict security studies and international relations in general

Britain and the Intellectual Origins of the League of Nations, 1914-1919

Sakiko Kaiga, 2021-04-22 An innovative study of the pre history of the League of Nations tracing the pro League movement s unexpected development

Music and Postwar Transitions in the 19th and 20th Centuries Anaïs Fléchet, Martin Guerpin, Philippe Gumpłowicz, Barbara L. Kelly, 2023-06-09 Music and Postwar Transitions in the 19th and 20th Centuries is the first book to highlight the significance of the idea of postwar transition in the field of music and to demonstrate how the contribution of musicians composers and their publics have influenced contemporary understandings of war At the intersection of four domains including the relationship between music and war culture commemorative and consolatory dimensions of music migration and exile and the links between music cultural diplomacy and propaganda leading historians political scientists psychologists and musicologists explore disruptions and connections to music through the backdrop of war In turn this volume sheds new light on what has been a blind spot in a growing historiography

Jehovah's Witnesses

Edmond C. Gruss, 2001 **Understanding Terrorism** Gus Martin, 2024-06-20 Understanding Terrorism Challenges Perspectives and Issues offers a multidisciplinary comprehensive exploration of domestic and international terrorism that helps students develop the knowledge and skills needed to critically assess the expressions and underlying causes of terrorism Martin explores theory and provides in depth analysis in an accessible engaging manner that helps readers develop

the knowledge and skills they need to engage meaningfully with this robust course *Privatizing the Democratic Peace* H. Carey, 2011-12-14 With inevitable major economic and political transformations ahead NGOs need to acknowledge and manage their policy dilemmas so that they can anticipate the many inevitable problems that consistently arise in attempting to avoid the return of war by building peace over the medium to long term **Conquering Peace** Stella

Ghervas, 2021-03-30 A bold new look at war and diplomacy in Europe that traces the idea of a unified continent in attempts since the eighteenth century to engineer lasting peace Political peace in Europe has historically been elusive and ephemeral Stella Ghervas shows that since the eighteenth century European thinkers and leaders in pursuit of lasting peace fostered the idea of European unification Bridging intellectual and political history Ghervas draws on the work of philosophers from Abb de Saint Pierre who wrote an early eighteenth century plan for perpetual peace to Rousseau and Kant as well as statesmen such as Tsar Alexander I Woodrow Wilson Winston Churchill Robert Schuman and Mikhail Gorbachev She locates five major conflicts since 1700 that spurred such visionaries to promote systems of peace in Europe the War of the Spanish Succession the Napoleonic Wars World War I World War II and the Cold War Each moment generated a spirit of peace among monarchs diplomats democratic leaders and ordinary citizens The engineers of peace progressively constructed mechanisms and institutions designed to prevent future wars Arguing for continuities from the ideals of the Enlightenment through the nineteenth century Concert of Nations to the institutions of the European Union and beyond *Conquering Peace* illustrates how peace as a value shaped the idea of a unified Europe long before the EU came into being Today the EU is widely criticized as an obstacle to sovereignty and for its democratic deficit Seen in the long range perspective of the history of peacemaking however this European society of states emerges as something else entirely a step in the quest for a less violent world **Military Economics** Ron Smith, 2016-04-30 Military power needs to be financed and economic

development is often shaped by military conflict thus the interaction of military and economy power and money is central to the modern world This book provides an accessible introduction to the economics of the use of organized force with a wide range of historical and current examples **Peaceland** Séverine Autesserre, 2014-05-19 This book suggests a new explanation for why international peace interventions often fail to reach their full potential Based on several years of ethnographic research in conflict zones around the world it demonstrates that everyday elements such as the expatriates social habits and usual approaches to understanding their areas of operation strongly influence peacebuilding effectiveness Individuals from all over the world and all walks of life share numerous practices habits and narratives when they serve as interveners in conflict zones These common attitudes and actions enable foreign peacebuilders to function in the field but they also result in unintended consequences that thwart international efforts Certain expatriates follow alternative modes of thinking and acting often with notable results but they remain in the minority Through an in depth analysis of the interveners everyday life and work this book proposes innovative ways to better help host populations build a sustainable peace

As recognized, adventure as skillfully as experience more or less lesson, amusement, as skillfully as treaty can be gotten by just checking out a books **Peace After War** after that it is not directly done, you could say yes even more concerning this life, regarding the world.

We give you this proper as skillfully as easy pretentiousness to get those all. We pay for Peace After War and numerous ebook collections from fictions to scientific research in any way. in the course of them is this Peace After War that can be your partner.
