Peace And Certainty A Theological Essay On Deterrence:

Peace and Certainty Oliver O'Donovan, 1989 A Trinitarian Theology of Law David H. McIlroy, 2009-07-01 This book explores the neglected significance of the doctrine of the Trinity for the understanding of human law Through interaction with the thought of J rgen Moltmann Oliver O Donovan and Thomas Aguinas it argues that human law is called to play a positive but limited role in maintaining shallow justice and relative peace Human law is overshadowed by the work of the Son included in the purposes of the Father and used as an instrument by the Holy Spirit However the Spirit works in those who are in Christ to effect deep justice a work of sanctification which culminates in glorification the experience of perfect free willing obedience in heaven Thinking about law in the light of the Trinity enables us to understand its role its purposes and Christian Ethics in Secular Worlds Robin Gill, 2004-08-23 A challenging book examining issues such as its limits biotechnology AIDS and nuclear weapons and demonstrating that Christian ethics has something important and distinctive to contribute to secular worlds War and Peace (Problems in Theology) Jeff Astley, David Brown, Ann Loades, 2003-11-01 A selection of key writings on the problem of war and peace Introduces students to general issues in ethics and moral theology Key contributors from around the world This reader samples a wide range of modern moral and religious discussions on the subject of war and peace In addition to providing material on pacifism the just war debate the nuclear option genocide and the concept of a holy war it introduces students to general issues in ethics and moral theology using the morality of war as a powerful and pertinent worked example Contributors include Elizabeth Anscombe George Bell Charles Curran Y Harkabi Richard Harries Stanley Hauerwas Paul Ramsey W Montgomery Watt Rowan Williams The Price of Peace Charles Reed, David Ryall, 2007-02-15 Lively political and public debates on war and morality have been a feature of the post Cold War world The Price of Peace argues that a re examination of the just war tradition is therefore required The authors suggest that despite fluctuations and transformations in international politics the just war tradition continues to be relevant However they argue that it needs to be reworked to respond to the new challenges to international security represented by the end of the Cold War and the impact of terrorism With an interdisciplinary and transatlantic approach this volume provides a dialogue between theological political military and public actors By articulating what a reconstituted just war tradition might mean in practice it also aims to assist policy makers and citizens in dealing with the ethical dilemmas of war Peace and Certainty Oliver O'Donovan, 1989 Just War and Christian Traditions Eric Patterson, J. Daryl Charles, 2022-12-15 This much needed anthology contains historically informed insights and analysis about Christian just war thinking and its application to contemporary conflicts Recent Christian reflection on war has largely ignored questions of whether and how war can be just The contributors to Just War and Christian Traditions provide a clear overview of the history and parameters of just war thinking and a much needed and original evaluation of how Christian traditions and denominations may employ this thinking today The introduction examines the historical development of Christian just war thinking differences between just war

thinking and the alternatives of pacifism and holy war distinctions among Christian thinkers on issues such as the role of the state and lesser evil politics and shared Christian theological commitments with public policy ramifications for example the priority of peace The chapters that follow outline from Catholic Orthodox Lutheran Reformed Anglican Methodist Baptist and Anabaptist denominational perspectives the positions of major church traditions on the ethics of warfare The contributors include philosophers military strategists political scientists and historians who seek to engage various and distinctive denominational approaches to the issues of church and state war peace diplomacy statecraft and security over two thousand years of Christian history Just War and Christian Traditions presents an essential resource for understanding the Judeo Christian roots and denominational frameworks undergirding the moral structure for statesmanship and policy referred to as just war thinking This practical guide will interest students pastors and lay people interested in issues of peace and security military history and military ethics Contributors John Ashcroft Eric Patterson J Daryl Charles Joseph E Capizzi Darrell Cole H David Baer Keith J Pavlischek Daniel Strand Nigel Biggar Mark Tooley and Timothy J Demy New Dictionary of Christian Ethics & Pastoral Theology David J. Atkinson, David F. Field, Arthur F. Holmes, Oliver O'Donovan, 2013-11-21 Encompassing a wide range of topics from the timely health care and business ethics to the traditional atonement suffering and the kingdom of God this work features an easy to use reference system and eighteen articles that introduce readers to key themes in moral pastoral and practical theology Edited by David J Atkinson and David F Field with consulting editors Arthur Holmes and Oliver O Donovan Oliver O'Donovan's Moral Theology Samuel Tranter, 2020-10-01 This book offers the first sustained full length treatment of the wide ranging work of major Anglican theologian Oliver O Donovan Analyzing such key texts as Resurrection and Moral Order The Desire of the Nations and Ethics as Theology Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O Donovan's evolving vision of moral theology Tranter traces this tension as it relates to O Donovan's writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O Donovan's project such as his accounts of creation sin and redemption and his understanding of the relationships between the cross and the resurrection on one hand and Christology and pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O Donovan's influence on contemporary Christian ethicists and political theologians such as Luke Bretherton Gilbert Meilaender Jean Porter and Brent Waters and engages with critical readings of O Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O Donovan's proposals may be appropriated and amended as a resource for theology and ethics going forward The Present "Just Peace/Just War" Debate Ad de Bruijne, Gerard den Hertog, 2018-09-01 At first the end of the Cold War seemed to mark a period of relative rest However it became apparent that we have not reached the end of history As a matter of fact the world is confronted by new political constellations of so far unknown martial intensity Although Muslim terrorism and the revival of tribalism and nationalism are closely connected At the same time the international community proves mostly powerless as a result of the cooling relationship between East and West These developments offer challenging questions for Western societies Both in Germany and in the Anglo Saxon world debates on the concepts of Just peace Just war have intensified but mutual engagement between these contexts has remained scarce Against this background a conference was held in Apeldoorn in a Dutch interspace in 2016 in which ethicists from both contexts were involved The present volume contains the edited version of the seven contributions to this conference supplemented with four articles by others that were written deliberately for this volume Die Debatte Gerechter Frieden Gerechter Krieg Zwei Diskussionen oder eine Nach dem Ende des Kalten Krieges hatte es den Anschein als breche eine Friedensperiode an Leider hat sich inzwischen gezeigt dass wir nicht ans Ende der Geschichte gelangt sind Vielmehr sieht sich die Welt am Beginn des 21 Jahrhunderts mit neuen politischen Konstellationen ungekannter kriegerischer Intensit t konfrontiert Dabei h ngen islamistischer Terror und das Wiederaufleben von Tribalismus und Nationalismus zusammen Hinzu kommt dass das Ost West Verh ltnis sich zunehmend verschlechtert wodurch die Machtinstrumente der internationalen Gemeinschaft kraftlos geworden sind Diese Entwicklungen stellen herausfordernde Fragen an die westlichen Gesellschaften Sowohl in Deutschland als auch in der angels chsischen Welt ist die Debatte ber die Themen Gerechter Frieden Gerechter Krieg neu aufgebrochen aber sie findet weitgehend getrennt voneinander statt Vor diesem Hintergrund hat 2016 in Apeldoorn im niederl ndischen Zwischenraum eine Konferenz stattgefunden an der Ethiker aus beiden Kontexten beteiligt waren Dieser Band dokumentiert deren sieben Vortr ge erg nzt um vier Aufs tze die speziell f r diesen Band geschrieben wurden Mit Beitr gen von Ted van Baarda Nigel Biggar Jan Peter van Bruggen Ad de Bruijne Guido de Graaff Gerard den Hertog Marco Hofheinz Wolfgang Lienemann Hans Ulrich Pieter Vos Greetje Witte Rang From Ieremiad to Jihad John D.
