Umbreit,Jennifer Blevins,Ted Lewis,2015-07-15 Forgiveness is a profound life changing experience for many people who have been hurt by others But forgiveness is paradoxical in that if one relies on forgiveness language or if others prescribe it as an expectation the depth of that experience can be significantly compromised By the same token many people experience deep forgiveness without ever using the language of forgiveness Most of the stories in this book testify to how forgiveness is experienced primarily as an inner unburdening of negative emotions a process that is aided by safe facilitated dialogue with the offending party New research on the benefits of forgiveness is on the rise these days yet there is often little narrative to show the power of forgiveness The authors present more than twelve case studies that led up to restorative dialogue processes where parties chose to meet together Whether the case involves the murder of a loved one a burglary or the buildup of workplace tensions a common pattern emerges as both parties encounter the true humanity of the other person the negative energy stemming from the offense is transformed into a positive energy that gives both parties a deep inner peace and new freedom **Dancing With the Energy of Conflict and Trauma** Mark Umbreit,2024-02-08 Drawing upon real life stories from his extensive restorative justice work in many countries and cultures Dr Mark Umbreit illuminates the power we all have to make profound shifts in the troubles that rob our lives of zest joy meaning and fulfillment Using

personal stories of anguish trauma and woundedness Umbreit demonstrates again and again how he and others have transformed the toxicity of violation into its life giving properties through restorative practices and facilitated dialogue
