Peace in the Middle East Martin Gitlin,2017-12-15 Peace in the Middle East is the ever elusive holy grail of diplomacy a goal that much of the wider world fervently wishes to achieve Modern efforts to achieve a formal broad based set of peace treaties between Israel and its various Arab neighbors as well as a solution to the Palestinian homeland question have ultimately foundered after some early promise and hard won negotiating breakthroughs Entrenched political interests lack of good faith and mutual trust domestic security concerns and popular opposition have generated headwinds and a blame game too powerful to overcome The full range of proposals opinions and analysis across the long history of the peace effort is contained here allowing readers to survey the process and evaluate its competing agendas and debates

The Search for Peace in the Middle East Samuel Merlin,1969

War, Peace and Terror in the Middle East Raphael Israeli,2003 A collection of articles about the fateful issues of war and peace in the Middle East especially the evasive brands of war terrorism and incitement Horrific words of incitement followed by atrocious acts of terror have occurred during the past few years These have significantly eroded hope in the peace process that had been initiated by Sadat and Begin a quarter century ago 1977 All efforts to duplicate that feat between Israel and Palestinians have ended in frustration so far and it now seems that a tremendous amount of ground work will have to be done before a new peace venture This volume focuses on these themes and brings to bear both the benefit of the hindsight gained since the articles were published and the insight that the current world crisis occasioned by the terrorism and broadsides against Western culture that al Qai da and its allies have launched

Hinnebusch, 1991 In Syria and the Middle East Peace Process Alasdair Drysdale and Raymond A Hinnebusch two noted Middle East scholars present the first detailed examination of Syria's role in the long struggle for an Arab Israeli peace They paint a surprising portrait of a country whose power is out of proportion to its size economy and resources They explore the reasons behind this phenomenon most importantly the Machiavellian brilliance of its leader Hafez al Asad The authors address the origins of the Asad regime Syria's strategy toward its Arab neighbors its conflict with Israel and the history of its relationships with the Soviet Union and the United States The authors argue forcefully that Syrian involvement is vital in an effort to resolve the Arab Israeli conflict **Point of No Return** Geoffrey Kemp, Jeremy Pressman, 1997 The study reviews the progress made toward Arab Israeli peace between 1991 and 1995 and the dramatic setbacks that occurred in 1996 It also assesses the challenges ahead and provides a country by country analysis of criticisms of the peace process *Myths, Illusions, and Peace* Dennis Ross, David Makovsky, 2009-06-11 A trenchant and often pugnacious demolition of the numerous misconceptions about strategic thinking on the Middle East The New York Times Now updated with a new chapter on the current climate Myths Illusions and Peace addresses why the United States has consistently failed to achieve its strategic goals in the Middle East According to Dennis Ross special advisor to President Obama and senior director at the National Security Council for that region and policy analyst David Makovsky it is because we have repeatedly fallen prey to dangerous myths about this part of the world myths with roots that reach back decades yet persist today Clearly articulated and accessible Myths Illusions and Peace captures the reality of the problems in the Middle East like no book has before It presents a concise and far reaching set of principles that will help America set an effective course of action in the region and in so doing secure a safer future for all Americans 100 Years of Middle East Conflict - Honorable Peace Gottfried Hutter, 2019-02-23 Only mutual compassion can bring reconciliation and lasting peace to the Middle East This conflict is

about far more than just land The honor of Muslims was grossly violated when Israel was implanted next to one of the holiest sites of Islam al Haram ash Sharif in Jerusalem which in turn occupies the site of the former Jewish Temple For thirteen hundred years Jews had been able to live mostly in peace in the Muslim world because they subordinated themselves under the rule of Islam They could even attain high positions serving Caliphs With a State of their own this was no longer an option Under such changed conditions how could there be an honorable peace Only if Muslims recollect Surat 5 48 in the holy Koran which commands a competition in virtue among the religions of the book Jews can contribute by showing awareness of how shocking their sudden takeover of part of the land must have felt for the community of all Muslims and concurrently by pleading for understanding of the deadly threat that left Jewish survivors no choice when in 1947 the UN declared the partition of Palestine Even more important the very name Israel itself sprang up in the solution of an archetypal biblical conflict between brothers one pregnant with meaning for today Christians too have their share They must contribute by helping restore one of the most fundamental values of all three religions descending from Abraham namely peace

The Israeli Solution Caroline B. Glick, 2014 A manifesto that exposes the flaws in the two state policy of the United States toward Israel and the Palestinians and offers a direct and powerful call for Israeli sovereignty in the region The reigning consensus in elite and academic circles is that the United States must seek to resolve the Palestinians conflict with Israel by implementing the so called two state solution Establishing a Palestinian state so the thinking goes would be a panacea for all the region s ills It would end the Arab world s conflict with Israel because the reason the Arab world is anti Israel is that there is no Palestinian state It would also nearly erase the principal cause of the violent extremism in the rest of the Middle East In a time when American politics are marked by partisan gridlock the two state solution stands out for its ability to attract supporters from both sides of the ideological divide But the great irony is that it is one of the most irrational and failed policies the United States has ever adopted Between 1970 and 2013 the United States presented nine different peace plans for Israel and the Palestinians and for the past twenty years the two state solution has been the centerpiece of U S Middle East policy But despite this laser focus American efforts to implement a two state peace deal have failed and with each new attempt the Middle East has become less stable more violent more radicalized and more inimical to democratic values and interests In The Israeli Solution Caroline Glick senior contributing editor to the Jerusalem Post examines the history and misconceptions behind the two state policy most notably The huge errors made in counting the actual numbers of Jews and Arabs in the region The 1997 Palestinian Census upon which most two state policy is based wildly exaggerated the numbers of Palestinians living in the West Bank and Gaza Neglect of the long history of Palestinian anti Semitism refusal to negotiate in good faith terrorism and denial of Israel s right to exist Disregard for Israel s stronger claims to territorial sovereignty under international law as well as the long history of Jewish presence in the region Indifference to polling data that shows the Palestinian people admire Israeli society and governance Despite a half century of domestic and international

terrorism anti semitism and military attacks from regional neighbors who reject its right to exist Israel has thrived as the Middle East's lone democracy After a century spent chasing a two state policy that hasn't brought the Israelis and Palestinians any closer to peace The Israeli Solution offers an alternative path to stability in the Middle East based on Israeli sovereignty over Judea and Samaria

What Lies Ahead? Canada's Engagement with the Middle East Peace Process and the Palestinians Jeremy Wildeman, Emma Swan, 2021-12-26 This edited volume explores Canada's foreign policy relationship with the Palestinians and broader Middle East Peace Process MEPP Canada was intensively involved from 1992 to 2000 in peacebuilding as a mediator in the multilateral part of the MEPP as chair of the Refugee Working Group and sponsor of Track II negotiations This all changed after a significant mid 2000s discursive and policy shift when Canada withdrew from the politics of Israel Palestine peacebuilding and took a strong partisan stance in favour of Israel Through 10 chapters by current and former government insiders and academics with extensive field experience this unique edited volume offers insight into decades of evolution in Canadian policy toward the Palestinians MEPP and the Middle East It arrives at an important time when the international community is reconsidering how it views Israel's entrenched occupation of the Palestinians after three failed decades of United States led efforts to find peace through a negotiated two state model Today peace may never have appeared further away after the Trump Administration adopted policies directly contradictory to the MEPP This proved a test to Canada's own official policy toward Israel and Palestine its longest running and most important region of engagement in the Middle East The chapters were originally published as a special issue of the Canadian Foreign Policy Journal guest edited by Jeremy Wildeman and Emma Swan
