Peace Is The Way Bringing War And Violence To An End:

Peace Is the Way Deepak Chopra, M.D., 2005-12-27 There is no way to peace peace is the way This statement has never been more true Now Deepak Chopra expands on A J Muste s insight teaching us how to expand awareness stop reacting out of fear and reject war one person at a time As Dr Chopra says Violence may be innate in human nature but so is its opposite love The next stage of humanity the leap we are poised to take will be guided by the force of that love **Peace Is the Way** Deepak Chopra, 2010-05-05 [Handbook of Conflict Analysis and Resolution](#) Dennis J.D. Sandole, Sean Byrne, Ingrid Sandole-Staroste, Jessica Senehi, 2008-07-31 This major Handbook is a collection of work from leading scholars in the Conflict Analysis and Resolution CAR field The central theme is the value of interdisciplinary approaches to the analysis and resolution of conflicts **Animosity, the Bible, and Us** Society of Biblical Literature. International Meeting, European Association of Biblical Studies, 2009 **Understanding Peace Cultures** Rebecca L. Oxford, 2014-03-01 Understanding Peace Cultures is exceptionally practical as well as theoretically grounded As Elise Boulding tells us culture consists of the shared values ideas practices and artifacts of a group united by a common history Rebecca Oxford explains that peace cultures are cultures large or small which foster any of the dimensions of peace inner interpersonal intergroup international intercultural or ecological and thus help transform the world As in her earlier book *The Language of Peace Communicating to Create Harmony* Oxford contends here that peace is a serious and desirable option Excellent educators help build peace cultures In this book Shelley Wong and Rachel Grant reveal how highly diverse public school classrooms serve as peace cultures using activities and themes founded on womanist and critical race theories Yingji Wang portrays a peace culture in a university classroom Rui Ma s model reaches out interculturally to Abraham s children Jewish Christian and Muslim youth who share an ancient heritage Children s literature Rebecca Oxford et al and students own writing Tina Wei spread cultures of peace Deep traditions such as African performance art Buddhism Daoism Confucianism and Islam give rise to peace cultures as shown here by John Grayzel Sister Jewel a colleague of Thich Nhat Hanh Yingji Wang et al and Dian Marissa et al Peace cultures also emerge in completely unexpected venues such as gangsta rap unveiled by Charles Blake et al and a prison where inmates learn Lois Liggett s spiritual semantics Finally the book includes perspectives from Jerusalem by Lawrence Berlin and North Korea and South Korea by Carol Griffiths to help us envision and hope for new transformative peace cultures where now there is strife **On Global Citizenship** James Tully, 2014-06-19 In his lead essay Tully applies his distinctive philosophy to the global field of citizenship The second part of the book contains responses from influential interlocutors including Bonnie Honig and Marc Stears David Owen and Adam Dunn Aletta Norval Antony Laden and Duncan Bell These provide a commentary not just on the ideas contained in this volume but on Tully s approach to political philosophy more generally thus making the book an ideal first source for academics and students wishing to engage with Tully s work The volume closes with a response from Tully to his interlocutors This is the opening volume in Bloomsbury s

Critical Powers series of dialogues between authors and their critics It offers a stimulating read for students and scholars of political theory and philosophy especially those engaged with questions of citizenship It is an ideal first source for academics and students wishing to engage with Tully's work *The Paradox(es) of Diasporic Identity, Race and Belonging* Benjamin Maingwa, 2023-10-22 This book explores how questions about home and belonging have been framed in the discourses on race migration and social relationships It does this with the aim of envisioning alternative modes of living and reimagining our political communities in ways that question the legacy of colonization and constructed identities which detract from our sense of obligation to each other and the planet The book questions problematic categories of difference to transform human relations beyond the materialism of our global political economy Questions addressed in the volume include In what ways are combative colonial identities of difference manufactured within our national and global spaces of encounter How can we expel the racialized and tribalized political identities that seek to purify and deny the complexities and sacredness of being human How do we embrace the notion that everyone we encounter is a mirror reflecting our fears of suffering and our desires for happiness The book is set in the context of re-emerging ultra nationalists and anti migrant politicians on the national and international stage advancing various strands of extreme right and protectionist ideology couched as redemptive welfarist strategies The adverse impacts of these strategies seem to be reifying a possessive idea of citizenship and identity engendering a national fantasy that portrays communities as homogenous entities inhabiting enclosed borders This is essentially a compendium of conversations across the intersection of the racial national ethnic spiritual and sexual boundaries in which we live **Curriculum Development in the Postmodern Era** Patrick Slattery, 2012-12-06 First

Published in 2006 Routledge is an imprint of Taylor Francis an informa company **Life After Death** Deepak Chopra, M.D., 2008-09-16 What happens to the spirit after the body dies In *Life After Death* Deepak Chopra draws on cutting edge scientific discoveries and the great wisdom traditions to provide a map of the afterlife He tells us there is abundant evidence that the world beyond is not separated from this world by an impassable wall in fact a single reality embraces all worlds all times and places A must read for everyone who will die Candace B Pert Ph D author of *Molecules of Emotion* A penetrating and insightful investigation into the greatest mystery of existence This is an important book because only by facing death will we come to a deeper realization of who we are Eckhart Tolle author of *A New Earth* and *The Power of Now* If I had any doubts about the afterlife I don't have them anymore Deepak Chopra has cast his inimitable light on the darkened corners of death I think this is his greatest contribution yet Marianne Williamson author of *The Age of Miracles* and *The Gift of Change*
