Col. Dave Grossman,Gloria Degaetano,2009-11-04 There is perhaps no bigger or more important issue in America at present than youth violence Columbine Sandy Hook Aurora We know them all too well and for all the wrong reasons kids some as young as eleven years old taking up arms and with deadly frightening accuracy murdering anyone in their paths What is going on According to the authors of Stop Teaching Our Kids to Kill there is blame to be laid right at the feet of the makers of violent video games called murder trainers by one expert the TV networks and the Hollywood movie studios the people responsible for the fact that children witness literally thousands of violent images a day Authors Lt Col Dave Grossman and Gloria DeGaetano offer incontrovertible evidence much of it based on recent major scientific studies and empirical research that movies TV and video games are not just conditioning children to be violent and unaware of the consequences of that violence but are teaching the very mechanics of killing Their book is a much needed call to action for every parent teacher and citizen to help our children and stop the wave of killing and violence gripping America s youth And most important it is a blueprint for us all on how that can be achieved In Paducah Kentucky Michael Carneal a fourteen year old boy who stole a gun from a neighbor s house brought it to school and fired eight shots at a student prayer group as they were breaking up Prior to this

event he had never shot a real gun before Of the eight shots he fired he had eight hits on eight different kids Five were head shots the other three upper torso The result was three dead one paralyzed for life The FBI says that the average experienced qualified law enforcement officer in the average shootout at an average range of seven yards hits with less than one bullet in five How does a child acquire such killing ability What would lead him to go out and commit such a horrific act **Turning**
