Lipson, 2008-09-01 Promote sensitivity and civilized behavior in children with this fun filled packet Many types of etiquette but specifically being responsible are covered in poems writing projects coloring pages role plays and many more pleasing activities The Peaceful Resolution of Territorial and Maritime Disputes Emilia Justyna Powell, Krista Eileen Wiegand, 2023

When governments of countries involved in territorial or maritime disputes choose to pursue peaceful resolution there is great uncertainty about whether they can resolve the disputes in their favor Governments need to decide which path to take in peaceful resolution bilateral negotiations mediation arbitration or adjudication The authors argue that two major factors can influence this decision past experience with specific resolution methods and the relationship between domestic and international law for the countries involved in the disputes Governments also need to reduce uncertainty about winning and losing by framing their claims in certain ways and shaping the procedures of the resolution process to garner more control with the process **Adulis**, 1984 **Nepal's Peace Process** Raunak Mainali, Prakash Bhattarai, 2024-06-03 This volume provides a holistic overview of the long peace process in Nepal following the signing of the Comprehensive Peace Agreement CPA in 2006 The date of 21 November 2021 marked the 15th anniversary of the Comprehensive Peace Agreement CPA which concluded the decade long civil war that had ravaged Nepal Despite avoiding a resurgence of statewide conflict Nepal's post conflict era has been far from perfect This era has witnessed ethnic violence rampant corruption the politicisation of key public institutions and a failure to fully implement the provisions of the CPA The resulting lack of socio economic progress has led to large scale dissatisfaction within the country and even given rise to elements within Nepal who reject the framework of the CPA and the 2015 constitution With a focus on the years following the 2015 constitution this book offers an analysis of post conflict Nepal and explores issues relating to ex combatants transitional justice women socio economic affairs and federal governance The contributors are all scholar practitioners some of whom had direct involvement in the peace process and are therefore able to offer unique insights into the processes and challenges of Nepal's long journey to addressing past grievances and promoting future peace in the country This book will be of interest to students of peace studies Asian politics security studies and International Relations **Fidel Castro Reader** Fidel Castro, 2024-09-17 A comprehensive anthology with more than 30 speeches that span five decades by Fidel Castro one of history's greatest orators Emerging in the 1960s as a leading voice in support of anticolonial struggles then continuing to play a role in the antiglobalization movement in the subsequent decades Fidel Castro was an articulate and penetrating if controversial political thinker and leader who outlasted ten US presidents Covering five decades of Fidel's speeches this selection begins with his famous courtroom defense History will Absolve Me and also includes his speech on learning of Che Guevara's death in Bolivia his analysis of the collapse of the Soviet Union and his response to the 9 11 terrorist attacks With his declining

health and the emergence of new leaders such as Hugo Chavez in Venezuela and Evo Morales in Bolivia this book sheds light not just on Castro's mighty role in Latin America's past but also on his legacy for the future Love him or hate him this anthology demonstrates that Fidel Castro is a master of the spoken word as Gabriel Garcia Marquez has described him The Fidel Castro Reader includes a chronology of the Cuban Revolution an extensive glossary and index as well as 24 pages of photos

Keeping the Peace Nigel D. White, 1997 This new edition considers the unifying legal attributes that span vastly differing inter governmental organisations from the UN to the EU A law of international organisations has become established in certain areas such as legal personality powers membership finance and decision making In other newer areas accountability responsibility and democracy politics is still much rawer and has not yet been fully converted into legal concepts and principles As with the first edition there are plenty of examples of organisations given in the text Individual organisations dealing with issues such as security health civil aviation finance and trade are scrutinised by way of example to illustrate how different they can be but also to show how it is possible to debate a set of legal principles that transcend each institution This new edition of an established text will appeal to students and academics as well as individuals seeking a legal and political insight into international organisations

Foreign Relations of the United States United States. Department of State,1994 *The Politics of Two Sudans* Deng D. Akol Ruay,1994 This book gives a vivid account of the political history of Sudan from 1821 to 1969 It shows why Sudan is in reality two Sudans which differ in every substantive aspect geographical ethnic cultural and religious North and South Sudan became one sovereign state by colonial fiat Since 1821 the Turko Egyptian rules in Sudan sealed the fate of the Southern people From that time onwards Southern Sudan has been laid bare to foreign intervention and influence The Southern Sudanese have experienced all kinds of exploitation including the slave trade subjection to alien cultures and religions colonialism and finally outright annexation to the Arab North This foreign interference was and still is fiercely resisted by the Southerners This book traces analyzes and evaluates their protracted struggle The analysis leads to the logical conclusion that the two Sudans will inevitably in the near future become separate sovereign states
