Hayworth, 2019-02-06 In May 1790 the French National Assembly renounced wars of conquest Two years later France declared war on Austria and invaded Belgium and the Rhineland claiming it was to spread the benefits of the Revolution Soon however military and economic crises drove a shift in the nature of France's war effort What started as a war for liberty became a war for conquest one that brought devastating exploitation to the Rhineland It was during this time that French foreign policy became influenced by the idea of attaining the natural frontiers the Alps the Pyrenees and most significantly the Rhine Although often portrayed as a diplomatic tradition of the French monarchy Jordan R Hayworth shows how the natural frontiers policy was born during the Revolution In addition he examines the intense and consequential debates that arose over the policy which caused much confusion in the war and helped to undermine France's democratic experiment **Desloge Chronicles - A Tale of Two Continents - An Amazing Family's Journey - Volume One** Christopher Desloge, 2012-12-30 Desloge Chronicles A Tale of Two Continents is a monograph of an amazing family's journey supported by genealogical summaries which provide solid provenance Situated in France and America this is an authentic historical narrative built around one family's 600 letters dating from 200 years providing live action reality present at France the French Revolution and the American Frontier Based upon one of the largest bodies of vibrant correspondence written from the turn of the 1800s we are able to peer into the scene of teeming wildlife and Native American Indians in the young America expanding from this family's French nobility on the young American frontier and then blooming into titanic industrialists and caring naturalists and philanthropists Within this monograph historical fact studied historical research and expanded narrative craft a compelling legend of the prominent Desloge family More than simply cold chronology of facts these are action figures *European War and Diplomacy, 1337-1815* William Young, 2003-10 The history
