Peacemaking Struggle:

The Calling of Global Responsibility Ananta Kumar Giri, 2023-03-03 This book rethinks and transforms the current discourse on globalization and global justice. It expands the idea of globalization from an economic or corporate context to mean humanization and planetary realizations moving beyond the boundaries of nation states and other human made demarcations. The author challenges the notion of human primacy and makes a fervent call to reconfigure the paradigm of anthropocentrism. Through a careful study of movements for justice and inter faith dialogue from across the world the book makes a unique contribution to the emerging study of global responsibility. It also helps us overcome our current civilizational crises and cultivate a new civilization of planetary care and co responsibility. As part of the Ethics Human Rights and Global Political Thought series the volume will be of great interest to scholars and researchers of law and society especially social movements political theory and philosophy.

Conflict and Peacemaking in Israel-Palestine Sapir Handelman, 2011-03-17 Presenting and evaluating interactive models of peacemaking and the phenomenon of intractable conflict the book takes an in depth look into specific models for peacemaking and applies them to the situation in Israel Palestine.

The Presbyterian Pendulum Mark J. Englund-Krieger, 2010-02-01 The Presbyterian Pendulum is a study in mainline Protestant social ethics with a focus on the Presbyterian Church USA. This book is written for the church with the hope that it will provide theological foundation and spiritual encouragement for our efforts to find unity despite the diversity of convictions and perspectives in our midst. This is a historical study of the significant social and political issues to which the church responded throughout the twentieth century. With a foundation in solid historical research this book offers the compelling thesis that the Presbyterian Church is at its best when the wild diversity of worldviews theological perspectives and convictions are encouraged. Even more the book offers the spiritually rich thesis that it is in this wild diversity not despite of it that the providence of God is seen and known. What is unique and compelling about this study is the guiding metaphor of the pendulum swinging. The vast difference of opinion in the church around social issues has historically always been true is necessary today and itself points to a deeper truth about God's sustaining providence. The church must discern and hold onto that deeper truth. We must let the pendulum swing. It is my hope that this book will be an encouragement for the church even as we continue to be mired in deep conflict.

Applied Christian Ethics Matthew Lon Weaver, 2014-09-09 Applied Christian Ethics addresses selected themes in Christian social ethics. The book is divided in three parts. In the first section Foundation several contributors reveal their Christian realist roots and discuss the prophetic origins and multifarious agenda of social ethics. Thus the names of Reinhold Niebuhr and Paul Tillich come up frequently. In the second section Economics and Justice the focus turns to the different levels at which economics has significance for social justice. These chapters discuss fair housing at the local level the dialogue between Christians and Native Americans over property rights at the regional and national levels and trade and international organization. In the third and final section Politics War and

Peacemaking the content ranges from the existential experience of a soldier to that of a veteran of civil rights activism from theorizing about peacemaking to commenting on the use of drones *Prophetic Realism* Ronald Stone,2005-11-07 After September 11 2001 ordinary citizens faced a new world ruled by political and religious machinations against the threat of terrorism While political leaders pursued a policy of militarism many religious leaders advocated pacifism Ronald H Stone advocates a middle road between these two extremes what he calls prophetic realism Taking up Reinhold Niebuhr s notion of Christian realism Stone argues that our current situation calls for hard answers to hard questions Stone offers compelling evidence that Jesus provides the prophetic model of our interaction with our enemies This book will change people s minds about the relationship of religion and politics in the contemporary world *Ambassadors of Reconciliation: New Testament reflections on restorative justice and peacemaking* Ched Myers,Elaine Enns,2009 Both Ched Myers and Elaine Enns work for Bartimaeus Ministries in California Myers the author of *Binding the Strong Man* and *Who Will Roll Away the Stone* focuses on building biblical literary church renewal and faith based witness for justice Enns has worked for twenty years in the field of restorative justice and conflict transformation Book jacket *Encouraging Openness* Nimrod Bar-Am,Stefano Gattei,2017-06-22 This volume features forty two essays written in honor of Joseph Agassi It explores the work and legacy of this influential philosopher an exciting and challenging advocate of critical rationalism Throughout six decades of stupendous intellectual activity Agassi called attention to rationality as the very starting point of every notable philosophical way of life The essays present Agassi s own views on critical rationalism They also develop and expand upon his work in new and provocative ways The authors include Agassi s most notable pupils friends and colleagues Overall their contributions challenge the received view on a variety of issues concerning science religion and education Readers will find well reasoned arguments on such topics as the secular problem of evil religion and critical thinking liberal democratic educational communities democracy and constitutionalism and capitalism at a crossroad div divTo Joseph Agassi philosophy is the practice of reason where reason is understood as the relentless search for criticisms of the best available explanations that we have to the world around us This book not only honors one of the most original philosophers of science today It also offers readers insights into a school of thought that lies at the heart of philosophy **Moral Reflections on Foreign Policy in a Religious War** Ronald H. Stone,2008-01-01 Stone argues that religion must be understood in its connections with world politics for the successful conduct of foreign policy Without peace among religions there can be no peace and without understanding the role of religion in politics there can be neither peace nor successful foreign policy **Ethics and the Use of Force** James Turner Johnson,2016-05-13 Highlighting the just war tradition in historical perspective this valuable study looks at contemporary implications drawn out in the context of several important contemporary debates within the field of religion including both Christian and Islamic thought within the field of debate related to the international law of armed conflicts within the field of policy relating to the use of armed force where the issue is just war thinking vs realism and

debates over pressing contemporary issues in the ethics of war which cross disciplinary lines James Turner Johnson has been writing on just war tradition since 1975 developing the historical understanding of just war and seeking to draw out its implications for contemporary armed conflict He is frequently asked to lecture on topics drawn from his work This current book brings together a number of essays which reflect his recent thinking on understanding how and why just war tradition coalesced in the first place how and why it has developed as it has and relating contemporary just war reasoning to the historical tradition of just war

Resistance and Theological Ethics Ronald H. Stone, Robert L. Stivers, 2004-08-13 Protestantism at its best grounds both its religious and its social critique in the faith of the prophets and the life and teachings of Jesus Christ as understood and lived by the church Its teachings and desired practice stand in stark contrast to complacent religion that seems to be at ease with imperial greed domination and violence Resistance and Theological Ethics collects the edited and updated essays that emerged from the meeting of the Theological Educators for Presbyterian Social Witness in Geneva Switzerland and southern France in 1999 Inspired there by the sixteenth century forces of renewal unleashed through resistance to an imperial church and society the writings of these educators and ethicists combine to sound a clarion call for the church to stand in resistance to social economic and political forces that threaten while embracing those that foster social justice peace and human welfare Each author emphasizes a specific call to nonviolent resistance against powers grounded in particular forms of sin religious pride greed violence and domination Divided into three parts the book details social forces to be resisted presents historical and biblical examples of resistance and concludes with theological analysis and advocacy for action in contemporary American society

Race, Gender, and Class in Criminology Martin D. Schwartz, Dragan Milovanovic, 2019-07-18 First published in 2000 This series is dedicated to creative scholarly work in criminal justice and criminology Moreover we ask the authors to emphasize readability In this anthology Martin Schwartz and Dragan Milovanovic have managed to produce a work that is a combination of both They also did this in the face of difficulties presented by a variety of theoretical perspectives and methodologies The subject matter of this anthology race gender and class is a critical one for criminology

Peacemaking Susan Allen Nan, Zachariah Cherian Mampilly, Andrea Bartoli, 2011-11-10 In a world where conflict is never ending this thoughtful compilation fosters a new appreciation of the art of peacemaking as it is understood and practiced in a variety of contemporary settings Peacemaking From Practice to Theory is about seeing knowing and learning peacemaking as it exists in the real world Built on the premise that peacemaking is among the most elemental of human experiences this seminal work emphasizes the importance of practice and lived experiences in understanding the process and learning what works to nurture peace To appropriately reflect the diversity of peacemaking practices challenges and innovations these two volumes bring together many authors and viewpoints The first volume consists of two sections Peacemaking in Practice and Towards an Inclusive Peacemaking the second of two additional sections New Directions in Peacemaking and Interpreting Peacemaking As the title states the work

moves peacemaking beyond mere theory showcasing peacemaking efforts produced recorded recognized and understood by a variety of individuals and institutions In doing so it refocuses the study of peacemaking and guides readers to a systematic understanding and appreciation of the practices of peacemakers around the globe **Ambassadors of Reconciliation:**

Diverse Christian practices of restorative justice and peacemaking Ched Myers, Elaine Enns, 2009 Restorative justice refers to a social movement that seeks to repair interpersonal communal and social injustices without recourse to violence or retribution Volume two analyzes the contemporary terrain of restorative justice and peacemaking in North America and profiles the exemplary work of nine practitioners who incarnate the scriptural vision in real life contexts of profound violence and injustice *Through with Kings and Armies* Rhonda Mawhood Lee, 2012-11-02 In an era of seemingly endless war and similarly endless debates about the nature of marriage *Through with Kings and Armies* offers a fresh look at what both war and marriage might mean for Christians This is a love story the tale of a sixty three year marriage grounded in the love of Jesus Christ and shaped by the conviction that his disciples must witness publicly to their faith in him As a Presbyterian ministerial student in 1941 George Edwards renounced a draft deferment to register as a conscientious objector serving at home and abroad for five years Jean his childhood friend turned against war when the Battle of the Bulge left her a widow at twenty three After George and Jean fell in love overnight at the end of the war their pacifist beliefs became the foundation for their life together A pastor and biblical scholar yoked to a Christian educator their gifts complemented each other as they organized communities of witnesses against war and racial violence while raising three children and remaining active in the church that rarely supported their witness CHRISTIANITY AND WORLD PEACE Dr. LI JIN WEI, 2022-05-14 Christianity has contributed significantly to world peace Through organizations interfaith dialogue community statements etc Christianity operates in a supportive world and allows others to participate thus creating world peace Followers of Christianity used the New Testament for guidance on spending their lives in harmony As an example of peace Jesus Christ is represented in the New Testament as a man who promoted nonviolence and served as an example of peace A person must first be spiritually calm to express his feelings of inner peace The Christian principles of nonviolence justice reconciliation and compassion can be found in the New Testament They can do that with the teachings of Jesus Christ which are found in the New Testament and the Old Testament There is a lot of false criticism of this religion exposing it as a source of violence and a religion that speaks of peace The Bible's teachings of non violence compassion and tolerance strengthen their peace Christianity has contributed to world peace through organizations such as the United Nations which uses several programs including peacebuilding in conflict zones eradicating poverty and exploiting the health and well being of children This organization has been operating at the international level to achieve peace and has contributed to world peace Christianity can contribute to world peace in a variety of ways One of these schools is a partnership with live projects These programs are designed to promote peace and harmony and encourage Christians and non Christians to live in peace independently One such project is

the European Union in Europe run by European states to work for the safety and security of Christiana countries and offers a wide range of education This project does not attempt to provide a straightforward answer to the most difficult questions as to whether religion is the cause of the conflict and if so how can religious violence against the opening of the new Millennium be prevented Instead it shows the translation lenses and the language we use to deal with these questions It is also a modest effort to provide clever tools to deal with the multi faceted concept of religion in conflict situations and build global peace This book explores and analyzes the relationship between faith and conflict without producing a comprehensive review of existing literature that focuses on these principles or on understanding the violence between the world s ideological systems The aim is to identify the religious aspects and translation styles presented by scholars interested in the same questions but from different disciplines I hope that this effort will contribute to education in the growing sector and address policymakers and the general public s real concerns and pressures This is especially important as the international community has gradually eroded its worldly skepticism and has raised over the past 20 years the realization of religious issues in diplomacy and foreign affairs see among others Johnston and Sampson 1995 Johnston 2003 Thomas 2005 Hill 2013 UNFPA 2014 Mandaville and Silvestri 2015 In this endeavour however we must be careful not to promote religion as a source of violence Much of the current debate on religion and violence and the anti racism religion are based on an incomprehensible understanding of religion and religious violence and how this distinguishes it from national violence Focusing on the myth of religious violence Jesus warns prevents us from confronting the violence and the various situations ideas practices and symptoms that emerge and spread under them

Department of Defense Appropriations for ... United States. Congress. House. Committee on Appropriations,1981 *People-to-People Diplomacy in Israel and Palestine* Sapir Handelman,2016-04-08 The Minds of Peace Experiment is a small scale Israeli Palestinian public negotiating congress The exercise invites Israeli and Palestinian delegations to publicly negotiate solutions to their struggle over a limited period of sessions The initiative is designed to demonstrate the peacemaking power of a major public negotiating congress to evaluate its potential outcomes and to get support for its establishment Scholars from different disciplines describe and analyze the enterprise They provide valuable lessons for improving and elaborating the initiative which has been conducted in major universities around the U S Canada and in Israel Palestine The intention is to add a fresh perspective to the efforts to build a revolutionary peacemaking process in the Israeli Palestinian case The Minds of Peace Experiment is a fascinating laboratory for people to people diplomacy and negotiation The exercise succeeded to demonstrate how people from all walks of life and the entire political spectrum can reach peace agreements while their leaders face major problems in their relationship The book intends to provoke critical and fruitful discussion among those who are interested in negotiation diplomacy and the Israeli Palestinian conflict This book was published as a special issue of Israel Affairs
