English K. T. Fann, 2020-02-27 Composed more than twenty five centuries ago Laozi's Dao De Jing is the first known
 philosophy book in human history and the only surviving record of pre historical matriarchal thought Extolling the feminine
 virtues and warning against the advent of science and technology Laozi's philosophy is the best antidote to the ills of modern
 life It will provide inspiration to environmentalists feminists pacifists and anyone questioning the status quo A must read for
 Daoist scholars philosophy students Chinese learners and anyone interested in Daoism This book consists of three parts In
 the first part the author introduces the novel idea of reading Chinese characters in English Unlike all other major written
 languages which are alphabetical Chinese written language known as the Han script consists of ideograms that can be read
 by anyone in their own mother tongue It has already been used for centuries as the common means of communication for
 Eastern peoples The time is ripe for introducing a universal script for the computer age this book is a part of the author's
 effort to promote this idea by giving an example The complete text of Dao De Jing is given and under each Chinese character
 is an English equivalent So when you read this book don't treat it as a literal translation but try to recognize the characters
 so that when you come to the end of the book you may be able to read the text without looking at the English The second part
 gives the author's English translation on the facing pages line by line so that you may compare it with the original The third
 part contains commentaries explaining the author's corrections of the text based on recently unearthed old texts His radical
 interpretation of some key passages are also included The book concludes with a fascinating account of the meetings and
 friendship between Confucius and Laozi **Adrift on the Ark** Margaret Thompson, 2009 Adrift on the Ark is a collection of
 personal essays by Margaret Thompson that offers a straightforward study of the complex relationship between human
 beings and the natural world The essays look at a wide range of beings from spiders to peacocks and cover issues such as our
 irrational phobias our fascination with zoos and the myths and stories we have created around the other occupants of this
 earth They also observe the joy animals bring to us as our pets and the altruistic relationship between caregivers and

companions With lively anecdotes and engaging portraits of the animals who have enriched Margaret s life these entertaining and personal essays serve a double purpose as a reminder of our place in the natural order and our intricate connections with animals and as a warning about how much we stand to lose by ignoring our responsibilities for all life on earth Meant to inspire and motivate *Adrift on the Ark* is an enchanting reflection on the beneficial relationship between humans and other animals
