A Pearl in Wine Zia Inayat Khan, 2001 **Islamic Sufism Unbound** R. Rozeznal, 2016-04-30 Robert Rozeznal traces the ritual practices and identity politics of a contemporary Sufi order in Pakistan the Chishti Sabris He takes multiple perspectives from the rich Urdu writings of Twentieth Century Sufi masters to the complex spiritual life of contemporary disciples and the order's growing transnational networks **Sufis and Salafis in the Contemporary Age** Lloyd Ridgeon, 2015-04-23 Sufis and Salafis in the Contemporary Age explores the dynamics at play between what are usually understood as two very different forms of Islam namely Sufism and Salafism Sufism is commonly understood as the peaceful and mystical dimension of Islam whereas Salafism is perceived as strictly pietistic and moralist and for some it conjures up images of violent manifestations of Islam Of course these generalisations require more nuanced investigation and this book provides a number of case studies from around the Islamic world to unpack the intricate relationship between the two The diversity of the case studies that focus on Islamic groups in India Iraq Egypt Morocco Turkey and South East Europe reflect the multiplicity of relationships that exist between the Salafis and Sufis The specific case studies are framed by an introduction that provides essential historical background and definitions of the terms and also by general studies of the Sufi Salafi relationship which enable the reader to focus on the large picture This will be the first book to investigate the relationship between Sufism and Salafism in such a wide fashion and includes chapters on traditional Sufis as well as from those who consider that Sufism and Salafism are not necessarily contradictory Contemporary Sufism Meena Sharify-Funk, William Dickson, Merin Shobhana Xavier, 2017-12-22 What is Sufism Contemporary views vary tremendously even among Sufis themselves Contemporary Sufism Piety Politics and Popular Culture brings to light the religious frameworks that shape the views of Sufism's friends adversaries admirers and detractors and in the process helps readers better understand the diversity of contemporary Sufism the pressures and cultural openings to which it responds and the many divergent opinions about contemporary Sufism's relationship to Islam The three main themes piety politics and popular culture are explored in relation to the Islamic and Western contexts that shape them as well as to the historical conditions that frame contemporary debates This book is split into three parts Sufism and anti Sufism in contemporary contexts Contemporary Sufism in the West Poetic influences and popular manifestations Gendering Sufism Tradition and transformation This book will fascinate anyone interested in the challenges of contemporary Sufism as well as its relationship to Islam gender and the West It offers an ideal starting point from which undergraduate and postgraduate students teachers and lecturers can explore Sufism today **Living Sufism in North America** William Rory Dickson, 2015-09-14 Offers an overview of Sufism in North America In this book William Rory Dickson explores Sufism as a developing tradition in North America one that exists in diverse and beguiling forms Sufism's broad minded traditions of philosophy poetry and spiritual practice infused Islamic civilization for centuries and drew the attention of interested Westerners By the early twentieth
