Pebbles Monochromes And Other Modern Poems 1891 1916:

Pebbles, Monochromes, and Other Modern Poems, 1891-1916 William Dean Howells, 2000 Metaphysical agnostic and The Oxford Handbook of American Literary Realism Keith Newlin, 2019-08-01 The ironic with a modernist voice scholarship devoted to American literary realism has long wrestled with problems of definition is realism a genre with a particular form content and technique Is it a style with a distinctive artistic arrangement of words characters and description Or is it a period usually placed as occurring after the Civil War and concluding somewhere around the onset of World War I This volume aims to widen the scope of study beyond mere definition however by expanding the boundaries of the subject through essays that reconsider and enlarge upon such questions The Oxford Handbook of American Literary Realism aims to take stock of the scholarly work in the area and map out paths for future directions of study The Handbook offers 35 vibrant and original essays of new interpretations of the artistic and political challenges of representing life It is the first book to treat the subject topically and thematically in wide scope with essays that draw upon recent scholarship in literary and cultural studies to offer an authoritative and in depth reassessment of major and minor figures and the contexts that shaped their work Contributors here tease out the workings of a particular concept through a variety of authors and their cultural contexts A set of essays explores realism's genesis and its connection to previous and subsequent movements Others examine the inclusiveness of representation the circulation of texts and the aesthetic representation of science time space and the subjects of medicine the New Woman and the middle class Still others trace the connection to other arts poetry drama illustration photography painting and film and to pedagogic issues in the teaching of realism As a whole this volume forges exciting new paths in the study of realism and writers unending labor to represent life accurately Realist Poetics in American Culture, 1866-1900 Elizabeth Renker, 2018 Examines the works of a diverse range of realist poets to redefine the significance of poetry to the genre of realism during the postbellum period in American literature Before Cultures Brad Evans, 2005-11-15 The term culture in its anthropological sense did not enter the American lexicon with force until after 1910 more than a century after Herder began to use it in Germany and another thirty years after E B Tylor and Franz Boas made it the object of anthropological attention Before Cultures explores this delay in the development of the culture concept and its relation to the description of difference in late nineteenth century America In this work Brad Evans weaves together the histories of American literature and anthropology His study brings alive not only the regionalist and ethnographic fiction of the time but also revives a range of neglected materials including the Zuni sketchbooks of anthropologist Frank Hamilton Cushing popular magazines such as Century Illustrated Monthly which published Cushing s articles alongside Henry James s the debate between Joel Chandler Harris author collector of the Uncle Remus folktales and John Wesley Powell perhaps the most important American anthropologist of the time and Du Bois s polemics against the culture concept as it was being developed in the early twentieth century Written with clarity and grace Before Cultures will be of value to students of

American literature history and anthropology alike The Cambridge History of American Poetry Alfred Bendixen, Stephen Burt, 2014-10-27 The Cambridge History of American Poetry offers a comprehensive exploration of the development of American poetic traditions from their beginnings until the end of the twentieth century Bringing together the insights of fifty distinguished scholars this literary history emphasizes the complex roles that poetry has played in American cultural and intellectual life detailing the variety of ways in which both public and private forms of poetry have met the needs of different communities at different times The Cambridge History of American Poetry recognizes the existence of multiple traditions and a dramatically fluid canon providing current perspectives on both major authors and a number of representative figures whose work embodies the diversity of America's democratic traditions **A Chance Meeting** Rachel Cohen, 2024-03-19 Weaving a tapestry of creativity and circumstance this lauded chronicle of the many links and serendipitous meetings between giants of American culture from Henry James to Gertrude Stein to Zora Neale Hurston to Marcel Duchamp now includes a new afterword by the author Rachel Cohen's A Chance Meeting is a dazzling group portrait that offers a striking new vision of the making and remaking of the American mind and imagination from the Civil War to the Vietnam War How does the happenstance of daily life become history Cohen shows us describing a series of now boldly now subtly transformative encounters between a wide and surprising range of Americans A young Henry James has his portrait taken by the photographer Mathew Brady Brady who will receive Walt Whitman in his studio and depict General Grant on the battlefield Later W E B Du Bois and his professor William James visit Helen Keller Edward Steichen and Alfred Stieglitz argue about photography and Langston Hughes and Zora Neale Hurston write a play together Throughout Cohen's narrative loops back and leaps forward with supreme agility connecting among others Willa Cather Elizabeth Bishop Marianne Moore Beauford Delaney James Baldwin and Richard Avedon In A Chance Meeting Rachel Cohen offers an abiding account of the continuing challenges and the astonishing achievements of American life An Imperative Duty W.D. Howells, 2010-03-22 An Imperative Duty tells the story of Rhoda Aldgate a young woman on the verge of marriage who has been raised by her aunt to assume that she is white but who is in fact the descendant of an African American grandmother The novel traces the struggles of Rhoda her family and her suitor to come to terms with the implications of Rhoda's heritage Howells employs this stock situation to explore the newly urgent questions of identity morality and social policy raised by miscegenation in the post Reconstruction United States The novel imagines interracial marriage sympathetically at a time when racist sentiment was on the rise and does this in one of Howells s most aesthetically economical performances in the short novel form Appendices to this Broadview Edition include material on the tragic mulatta in literature interracial marriage the science of race in the nineteenth century and Howells's literary realism **Ephemeral Bibelots** Brad Evans, 2019-09-10 Restoring proto modernist little magazines known as ephemeral bibelots to the scholarly canon Emanating from the cabarets of modernist Paris a short lived vogue spread around the world for avant garde journals known in English as ephemeral bibelots

For a time it seemed that all the young bohemians passing through Paris started their own bibelots modeled on Le Chat Noir the esoteric magazine of the famed Montmartre cabaret These journals were recognizable for their decadence campy queerness astounding art nouveau illustrations fin de si cle color schemes innovative typefaces and practiced bohemianism In Ephemeral Bibelots Brad Evans relays the untold story of this late nineteenth century craze for bibelots dusting off a trove of periodicals largely untouched by digitization In excavating this forgotten archive Evans calls into question the prehistory of modernist little magazines as well as the history of American art and literature at the turn of the twentieth century Considering how artistic movements take shape move and disappear the book is organized around three major themes vogue ephemera and obscurity with authors and artists to match A full color insert reveals a glorious array of bibelot covers This revisionary history of print culture incorporates discussions of pragmatist philosophy and relational aesthetics women writers like Juliet Wilbor Tompkins and Carolyn Wells the graphic artists Will Bradley Louis Rhead and John Sloan the dancer Loie Fuller and twentieth century figures like H L Mencken Amy Lowell and Anita Loos Bringing nineteenth century American literature and culture into conversation with modern art movements from around the world Ephemeral Bibelots provides new ways of thinking about the centrality of various media cultures to the attribution of aesthetic innovation and its staying power

Prospects for the Study of American Literature (II) Richard Kopley, Barbara Cantalupo, 2009 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain Nineteenth-century **Literature** ,2001 Contains articles which focus on a broad spectrum of significant figures in fiction philosophy and criticism such as Austen Carlyle Dickens Thackeray the Brontes Tennyson Browning Arnold Emerson Hawthorne Thoreau Whitman The Greenwood Encyclopedia of American Poets and Poetry Jeffrey Gray, 2006 The most Twain and Henry James comprehensive reference on American poetry ever assembled this encyclopedia includes more than 900 alphabetically arranged entries contributed by approximately 350 scholars Written for students and general readers this set covers poetry from the colonial era to the present and gives special attention to contemporary poets and their works Multicultural in scope the Encyclopedia covers poets genres critics poetic terms and movements Its entries range from Caribbean to Confessional Poetry from Dada to Eco poetics from Gay and Lesbian Poetry to Literary Magazines New Formalism and more Current Contents Institute for Scientific Information (Philadelphia),2002 **ELH.** ,2004 A journal of English literary history 1934
