**Pebbles and Bamm-Bamm: The Man From Planet X** Sharman DiVono, 1978      **Keep Watching the Skies!** Bill Warren, 2017-01-12 Bill Warren's *Keep Watching the Skies* was originally published in two volumes in 1982 and 1986. It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film. In addition to a detailed plot synopsis, full cast and credit listings, and an overview of the critical reception of each film, Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making. The book contains 273 photographs, many rare, 35 in color, has seven useful appendices, and concludes with an enormous index. This book is also available in hardcover format. ISBN 978 0 7864 4230 0

**The Comic Art Collection Catalog** Michigan State University Libraries, Special Collections Division, 1993 This is the most comprehensive dictionary available on comic art produced around the world. The catalog provides detailed information about more than 60,000 cataloged books, magazines, scrapbooks, fanzines, comic books, and other materials in the Michigan State University Libraries America's premiere library comics collection. The catalog lists both comics and works about comics. Each book or serial is listed by title with entries as appropriate under author, subject, and series. Besides the traditional books and magazines, significant collections of microfilm, sound recordings, vertical files, and realia, mainly T-shirts, are included. Comics and related materials are grouped by nationality, e.g., French comics, and genre, e.g., funny animal comics. Several times larger than any previously published bibliography list or catalog on the comic arts, this unique international dictionary catalog is indispensable for all scholars and students of comics and the broad field of popular culture.      **Catalog of**
