## **Peculiar Chris:**

Peculiar Chris Johann S. Lee, 2019 Funny poignant but always honest and thought provoking Peculiar Chris is a simple story about complex feelings About coming of age About love About life and death With subtlety lucidity and quiet courage Johann S Lee weaves an intricate fabric of thoughts and emotions and portrays a human experience hitherto unexplored in Singapore fiction Back cover , **Contemporary Arts as Political Practice in Singapore** Wernmei Yong Ade, Lim Lee Ching, 2017-01-10 This timely collection examines the contemporary arts as political practice offering critical insight into some of the more controversial talking points that have shaped Singapore's identity as a nation Focusing on the role played by contemporary arts in shaping Singapore's political landscape as the country celebrated 50 years of independence in 2015 the authors consider how politics is often perceived as that which limits the flourishing of the arts Contending that all art is political and that all art form is a form of political practice this collection examines ways in which the practice of art in Singapore redraws the boundaries that conventionally separate arts from politics It critically examines the tenuous relationship between the arts and politics and offers a timely reevaluation of the relationship between the arts and politics In doing so it opens a dialogue between artistic practice and political practice that reinforces the mutuality of both rather than their exclusivity and redefines the concept of the political to demonstrate that political involvement is not a simple matter of partisan politics but has an inherently aesthetic dimension and aesthetics an inherently political one **Collected Plays Two** Alfian Sa'at, 2023-08-10 Alfian Sa'at's The Asian Boys Trilogy is a fascinating insightful tour through the lives and loves of the gay community in Singapore In the campy and carnivalesque Dreamplay history is turned upside down as a goddess travels through time to save gay men from themselves In Landmarks geography takes centre stage as eight short plays explore the spaces that have been claimed colonised and trespassed by those at the margins of the mainstream In Happy Endings the playwright's adaptation of the novel Peculiar Chris evolves into a meditation on the relationship between life and literature With clear eyed compassion and eloquent outrage this collection of plays charts the coming of age of a community finding its voice **Sermons Preached at Trinity Chapel, Brighton** Frederick William Robertson, 1864 **Virtual Activism** Robert Phillips, 2020-06-18 This book provides the first detailed yet accessible ethnographic case study looking at changes in LGBT activism in Singapore **Farewell sermon [on Acts xx, 22-24] preached at the Episcopal Jews' chapel ... Wallace, Albert Barnes, 1853 **The Global Emergence of Gay and Lesbian Politics** Barry D. Adam, Duyvendakandr Willem, Jan Willem

Duyvendak, Andre Krouwel, 2009-03-16 Rich accounts of gay and lesbian groups on five continents *Sexual Identities, Queer Politics* Mark Blasius, 2021-02-09 In this collection political and public policy analysts explore the social concerns of lesbians gays bisexuals and the transgendered what has come to be known as lgbt or queer politics Compared to the humanities and to other social sciences political science has been slow to address this phenomenon Issues ranging from housing to adoption to laws on sodomy however have increasingly raised important political questions about the rights and status of sexual minorities particularly within liberal democracies such as the United States and also on an international level This anthology offers the first comprehensive overview of the study of lgbt politics in political science across the discipline s main subfields and methodologies and it spotlights lgbt movements in several regions around the world Focusing on the politics of sexuality with regard to the politics of knowledge the book presents a discussion of power that will interest all political scientists and others concerned with minority rights and gender as well as with transformation in the relations between public and private The articles cover such topics as lgbt power in urban politics the impact of public opinion on lgbt life means of effecting legal and political change in the United States and international differences in lgbt political activism The authors represent a new cadre of political scientists who are creating an interdisciplinary domain of research that is informed by and in turn generates political activism They are Dennis Altman M V Lee Badgett Robert W Bailey Mark Blasius Cathy J Cohen Timothy E Cook Paisley Currah Juanita D az Cotto Jan Willem Duyvendak Leonard Harris Bevin Hartnett Rosalind Pollack Petchesky David Rayside Rebecca Mae Salokar and Alan S Yang The Genesis of Heidegger's Being and Time Theodore Kiesel, 1995-03-24 This book ten years in the making is the first factual and conceptual history of Martin Heidegger s Being and Time 1927 a key twentieth century text whose background until now has been conspicuously absent Through painstaking investigation of European archives and private correspondence Theodore Kiesel provides an unbroken account of the philosopher s early development and progress toward his masterwork Beginning with Heidegger s 1915 dissertation Kiesel explores the philosopher s religious conversion during the bleak war years the hermeneutic breakthrough in the war emergency semester of 1919 the evolution of attitudes toward his phenomenological mentor Edmund Husserl and the shifting orientations of the three drafts of Being and Time Discussing Heidegger s little known reading of Aristotle as well as his last minute turn to Kant and to existentialist terminology Kiesel offers a wealth of narrative detail and documentary evidence that will be an invaluable factual resource for years to come A major event for philosophers and Heidegger specialists the publication of Kiesel s book allows us to jettison the stale view of Being and Time as a great book frozen in time and instead to appreciate the erratic starts finite high points and tentative conclusions of what remains a challenging philosophical path *Messiah Pulpit* , 1905 Queer Singapore Audrey Yue, Jun Zubillaga-Pow, 2012-10-01 Singapore remains one of the few countries in Asia that has yet to decriminalize homosexuality Yet it has also been hailed by many as one of the emerging gay capitals of Asia This book accounts for the rise of mediated queer cultures in Singapore s current

milieu of illiberal citizenship This collection analyses how contemporary queer Singapore has emerged against a contradictory backdrop of sexual repression and cultural liberalisation Using the innovative framework of illiberal pragmatism established and emergent local scholars and activists provide expansive coverage of the impact of homosexuality on Singapore s media cultures and political economy including law religion the military literature theatre photography cinema social media and queer commerce It shows how new LGBT subjectivities have been fashioned through the governance of illiberal pragmatism how pragmatism is appropriated as a form of social and critical democratic action and how cultural citizenship is forged through a logic of queer complicity that complicates the flows of oppositional resistance and grassroots appropriation      Christian Treasury ,1853      **The Christian treasury (and missionary review).** ,1853
