Pedaling Across America:

Just Keep Pedaling Thomas E. Trimbath, 2002-03-27 What started out as one person's bike ride to lose some weight became the story of a slice of America from the Pacific Northwest to the Florida Keys There were big cities rural towns and great stretches of open land Heroes and villains are out there too but mostly it's fine people living day to day and unknowingly impressing strangers The weather wasn't left out either From the first winter storm in the mountains of Washington through the tailwinds in Idaho to the heat and storms of the South weather kept things from getting boring Seeing America at ten miles an hour without the protective shell of a car allows all of the senses to get to know the country It was an interesting ride with insights into culture and sore muscles And then there was the awesome chocolate sundae in a ranch town in Utah This personal narrative also has an appendix that acts as a guide for others that might want to try their own adventure There are details on gear route selection and expenses and most of all encouragement You don't know what you'll find out there on the road until you get there

Cycling Across America Marty Perlmutter, 2020-11-02 After his friend Roy Gross passed away in 2012 Marty Perlmutter decided to honor him with a bicycle ride from Florida to Maine The two had wanted to go coast to coast but it never materialized But during the ride up the East Coast Perlmutter befriended Alicia O'Neill from the Multiple Myeloma Research Foundation and put in her mind the idea of a bicycle fundraiser across the country In 2017 it happened as seven men departed Manhattan Beach in California heading to Connecticut on a 3 411 mile tour This is their story about the people they met their experiences and how they discovered it was never about riding a bicycle across America

Across America by Bicycle Alice Honeywell, Bobbi Montgomery, 2010-10-12 Biking from Oregon to Maine is no small feat especially for two newly retired women who carry everything they need for three months powered only by the strength of their legs and a desire for adventure Alice Honeywell and Bobbi Montgomery invite readers to follow their ride by bicycle across the United States as they face scorching sun driving rain buffeting winds equipment failures killer hills wild fires and even a plague of grasshoppers As Alice and Bobbi pedal along their 3 600 mile journey they test and deepen their friendship defy their aches and pains experience the vast and varied beauties of their country and discover the challenges and satisfaction of a scaled down lifestyle And they encounter unfailing generosity from people they meet from the prayers of a North Dakota woman for their safekeeping to the offer of a house in Michigan to invitations for dinner and a place to sleep at stops all along the way And there are incidents to laugh over too such as the bewildered woman who asked them Well but where do you pack your dresses Ride along with Alice and Bobbi as they embrace retirement with gusto and live their dream

Heidi Across America Heidi Beierle,2024-04-30 A memoir of homecoming *Heidi Across America* is a gritty story of how opening our hearts to others enables us to open our hearts to ourselves and love what we find there Finalist Chanticleer International Book Awards In the summer of 2010 Heidi Beierle had just finished her first year of graduate studies in community and regional planning and decided to pedal her bicycle solo from her home on the west coast across rural America to the Preserving the Historic Road conference in Washington D C What started as a research trip turned into an intimately physical and psychological encounter with self and nationhood Heidi was 35 at the time and didn t love much about herself except her ability to endure grueling physical undertakings She viewed her journey as an opportunity to fix her failures and insufficiencies There were also some research questions she wanted to explore Why do people live in small towns and what do they like about it Did a bicyclist like herself bring economic benefit to the small towns she visited What could communities do to support or invite cyclists to stay in their towns What could cyclists do to support the communities Along the way she was surprised by the kindness of strangers and the emotional pinch of traveling through Wyoming where she grew up Her journey led her through the Plains and into the Ozarks where the heat climbed to agonizing temperatures and every pedal stroke in the heat felt one closer to death By the time she completed the trip Heidi discovered a newfound compassion for herself and a growing love for her country Strangers opened their hearts to her and in turn she opened her heart to herself And her questions began to change and mirror things many Americans are asking themselves today How can I be okay in my own skin What does it mean to be enough How do I satisfy my desire to travel without harming the planet What does it mean to love America For many young people it is a rite of passage to light out on an adventure to see the world and expose themselves to new experiences but we
