discovers that the pursuit of art can be a dangerous thing P 4 of cover **The Death God's Chosen** James Tallett, Death has intrigued humanity from the very first recordings of civilization and even from before Belief in an afterlife and the prospect of lost ones returning has always intrigued the imagination of the living but nothing more so than the vengeance wreaked from beyond the grave by those who have been wronged by the living Perhaps most appealing of all to our sensibilities are those who dwell on the border the witch doctors necromancers and haunted creatures that find their existence on the boundaries between the living and the dead seeking to intercede or perhaps to draw the unwary across that

narrow ledge All of them the living the dead and the undead can be found within these pages collected together under the auspices of Death the one surety who will follow all of life In The Death God s Chosen ten excellent authors seek to examine questions ranging from the nature of the undead and their humanity to the sadness and loss that grip the ones who were left behind And to explore the nature of those who perch on the boundary between the necromancer and the witch doctor long figures of frightening tales and disfigured dreams So come let the spirits of death intrigue and enthrall you in The Death God s Chosen
