Pederasty And Sodomy:

Pederasty and Sodomy Roger Hollyday,1970 Homosexuality (DeYoung) James B. DeYoung,2000 Did past societies condone homosexuality This thorough study answers those who revise the message of Scripture by using the Bible Jewish literature and information from ancient cultures It provides the knowledge necessary to respond with confidence compassion and honesty to demands that Christians accept active homosexuality **Homosexuality in Modern France** Bryant T. Ragan,1996 Research in the Field of Gay and Lesbian Studies has exploded in recent years but the books published to date focus more on literary than historical issues and concentrate more on the United States and Great Britain than the rest of the world Given the role of gays and lesbians in modern French culture not to mention the importance of the work of French scholars on the history of sexuality France has been underrepresented in recent publications on both sides of the Atlantic This exciting collection is the first attempt in any language to explore this subject over three centuries from a variety of perspectives Based on archival research textual analysis **Homosexuality in Modern France** examines the realities and representations of same sex sexuality in France in the eighteenth nineteenth and twentieth centuries the period that witnessed the emergence of homosexuality in the modern sense of the world **The Emergence of Sexuality** Arnold Ira Davidson,2001 Moving between philosophy and history Arnold Davidson elaborates a powerful new method for considering the history of concepts and the nature of scientific knowledge a method he calls historical epistemology He applies this method to the history of sexuality **The Boundaries of Humanity** James J. Sheehan,Morton Sosna,2024-03-29 To the age old debate over what it means to be human the relatively new fields of sociobiology and artificial intelligence bring new if not necessarily compatible insights What have these two fields in common Have they affected the way we define humanity These and other timely questions are addressed with colorful individuality by the authors of **The Boundaries of Humanity** Leading researchers in both sociobiology and artificial intelligence combine their reflections with those of philosophers historians and social scientists while the editors explore the historical and contemporary contexts of the debate in their introductions The implications of their individual arguments and the often heated controversies generated by biological determinism or by mechanical models of mind go to the heart of contemporary scientific philosophical and humanistic studies Contributors Arnold I Davidson John Dupr Roger Hahn Stuart Hampshire Evelyn Fox Keller Melvin Konner Alan Newell Harriet Ritvo James J Sheehan Morton Sosna Sherry Turkle Bernard Williams Terry Winograd This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 **Voices Revived** makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991 Before the Word Was Queer Stephen Turton,2024-03-21 Bringing together research from queer linguistics and lexicography this book uncovers how same sex acts desires and identities have been represented in English dictionaries published in Britain

from the early modern to the inter war period Moving across time from the appearance of the first standalone English dictionary to the completion of the first edition of the Oxford English Dictionary and shuttling across genres from general usage hard words thieves cant and slang to law medicine classical myth women s biography and etymology it asks how dictionary writers made sense of same sex intimacy and how they failed or refused to make sense of it It also queries how readers interacted with dictionaries constructions of sexual morality against the broader backdrop of changing legal religious and scientific institutions In answering these questions the book responds and contributes to established traditions and new trends in linguistics queer theory literary criticism and the history of sexuality **Trial of Translation** Adam L.

Stone,1927 [The Facts on Homosexuality](#) John Ankerberg,John Weldon,2011-07-15 Publicity about the homosexual lifestyle has become so commonplace that many people believe its messages that homosexuality is genetic and that being gay is as natural as being heterosexual But are these statements accurate Noted researchers John Ankerberg and John Weldon critique relevant scientific studies examine gay politics to discuss the social ramifications behind the gay movement Is the scientific research on homosexuality accurate How influential is the homosexual community in America How should the church respond to homosexual issues arguments This book will give you the information you need to understand evaluate the homosexual agenda how it relates to biblical truth **Psychopathia Sexualis** Richard Krafft-Ebing,1925 **Islam and**

Homosexuality Samar Habib,2009-11-12 An extensive collection of essays that examines the place of homosexuality in the contemporary and classical Muslim world The place of sexual and gender minorities in the contemporary Islamic world is the subject of fascinating new directions in research and scholarly thought Islam and Homosexuality gathers together 20 experts exploring these issues to provide an expansive look at the treatment of same sex interactions in Muslim cultures today Islam

and Homosexuality offers one volume on the specific experiences of gay Muslims today and a second volume viewing the issue from a global perspective Essays explore the lives of LGBTIQ persons in both Islamic nations and Muslim communities in non Islamic countries Additional writings explore the roots of homophobia in the theology of Islam the various judgments against homosexuality in the different schools of Islamic law and the potential scriptural basis for including LGBTIQ persons in the Muslim community No other resource on the relationship between LGBTIQ persons and the world s largest religion covers the topic with anything approaching this work s range or depth The Sexual Economy of War Andrew Byers,2019-05-15 In The Sexual Economy of War Andrew Byers argues that in the early twentieth century concerns about unregulated sexuality affected every aspect of how the US Army conducted military operations Far from being an exercise marginal to the institution and its scope of operations governing sexuality was in fact integral to the military experience during a time of two global conflicts and numerous other army deployments In this revealing study Byers shows that none of the issues related to current debates about gender sex and the military the inclusion of LGBTQ soldiers sexual harassment and violence the integration of women is new at all Framing the American story within an international context he looks at case studies from the continental United States Hawaii the Philippines France and Germany Drawing on internal army policy documents soldiers personal papers and disciplinary records used in criminal investigations The Sexual Economy of War illuminates how the US Army used official policy legal enforcement indoctrination and military culture to govern wayward sexual behaviors Such regulation and its active opposition leads Byers to conclude that the tension between organizational control and individual agency has deep and tangled historical roots *The worship of Priapus* Lee Alexander Stone,1927

Physical conditions and treatment; Medical aspects by Truman Abbe; Legal aspects by F.H. Bowlby Francis Wharton,Moreton Stillé,1905 Wharton and Stillé's medical jurisprudence ... v. 3 Francis Wharton,1905 *Physical conditions and treatment* Francis Wharton,1905 *Science and Homosexualities* Vernon A. Rosario, M.D.,2013-01-11 *Science and Homosexualities* is the first anthology by historians of science to examine European and American scientific research on sexual orientation since the coining of the word homosexual almost 150 years ago This collection is particularly timely given the enormous scientific and popular interest in biological studies of homosexuality and the importance given such studies in current legal legislative and cultural debates concerning gay civil rights However scientific and popular literature discussing the biology of sexual orientation have been short sighted in representing it as objective new scientific work This volume demonstrates that the quest for the biological cause of homosexuality and other sexualities is as old as the term itself These essays explore the active role experimental subjects played in shaping scientific theories of homosexuality and cultural perceptions of sexuality and sexual identity Finally this anthology studies the way in which this doctor patient interaction shaped not only scientific theories of homosexuality but also cultural perceptions and self identities as well Contributors include Garland E Allen Erin G Carlston Julian Carter Alice D Dreger Anne Fausto Sterling Margaret Gibson
