Pedestrian Wolves:

Pedestrian Wolves James Grant, 2004-06-30 **The New Orleans of Fiction** James A. Kaser, 2014-07-29 The importance of New Orleans in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians. While databases of bibliographical information on New Orleans centered fiction are available, they are of little use to scholars researching works written before the 1980s. In *The New Orleans of Fiction: A Research Guide*, James A. Kaser provides detailed synopses for more than 500 works of fiction significantly set in New Orleans and published between 1836 and 1980. The synopses include plot summaries, names of major characters, and an indication of physical settings. An appendix provides bibliographical information for works dating from 1981 well into the 21st century, while a biographical section provides basic information about the authors, some of whom are obscure and would be difficult to find in other sources. Written to assist researchers in locating works of fiction for analysis, the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies, i.e., class, ethnicity, gender, immigrant experience, and race. The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading, particularly since genre, juvenile, and young adult fiction, as well as literary fiction, are included.

Electronic Musician, 1994 **Haunting Experiences** Michelle Belanger, 2011-01-08 An exceptional collection of ghost and haunting encounters made even better because of Michelle Belanger's firsthand experience with them on top of her extensive knowledge of the phenomena. Loyd Auerbach, MS, parapsychologist and director of the Office of Paranormal Investigations, Michelle Belanger's chilling collection of true ghost stories will take you further than you've ever gone before into the realm of spirits, astral entities, and dark forces. Along the way, you'll encounter haunted violins, dark fey, hell hounds, haunted cremains, and even an astral vampire summoned by an aspiring magician who becomes its unwitting target. Whether she's being accosted by an angry spirit who recently committed suicide or being driven out of haunted woods in a very Hitchcockesque manner, Belanger's hard-won expertise and insightful commentary add both depth and context to her truly frightening and sometimes dangerous haunted experiences.

This artist-by-artist listing includes every charted album from 1955 through June 30, 2001, over 22,000 in all, by more than 5,200 recording artists, and the more than 225,000 cuts from those albums.
