quickly became established in the concert repertoire and contributed significantly to Grieg's international fame. He made piano arrangements of both suites and published them simultaneously with the orchestral suites in 1888 and 1893. Grieg subsequently made further adjustments in the piano pieces, shortening some (for example, Morning) and expanding others (like The Death of Se). Overall, Grieg reduces the dramatic orchestral conception in favour of a more intimate expression and more restrained effects.
