Reincarnation in America Lee

Irwin, 2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional Reincarnation Jerome A. Anderson, 1892

Encyclopedia of Reincarnation and Karma Norman C. McClelland, 2018-10-15 Featuring over 1 200 topical entries arranged alphabetically this encyclopedia provides diverse and detailed coverage of the related subjects of reincarnation and karma Its in depth examination ranges from ancient beliefs to those of the present incorporating all relevant world cultures A series of broad thematic entries cover foundational aspects while over a thousand highly focused entries deal with various societies and organizations which support the concepts of reincarnation and karma specific religious groups sects and associations key individuals both historic and modern and related beliefs concepts and practices

The Big Book of Reincarnation Roy Stemman, 2012-05-01 IS DEATH THE FINAL CHAPTER In The Big Book of Reincarnation Roy Stemman attempts to answer one of the big questions of existence Is death the end Or is it merely the end of a chapter in the book of existence A self described skeptical believer Stemman uses his skills as a professional journalist to perform an in depth exploration of reincarnation Using case studies anecdotes and physical evidence from the best documented cases from around the world Stemman shines a bright light on this subject inviting readers to decide for themselves on the basis of facts rather than on the basis of hearsay speculation and superstition Stemman finds fascinating examples of evidence of reincarnation in the nightmares of a Louisiana bayou boy the past life recall of a renowned neurosurgeon the research of a highly respected university professor and the unique system of governance in the mountains of Tibet to name just a few He examines the lives of those affected by reincarnation such as children who can actually remember their previous lives Instead of shying away from the skeptics Stemman evaluates their leading theories and compares them to the findings that he has accumulated throughout his global research The Big Book of Reincarnation is thorough well researched engaging and the most

comprehensive book ever published on this fascinating subject **Reincarnation** Paul Edwards,2010-04-06 This is the first comprehensive and systematic evaluation of reincarnation and Karma in any language Renowned philosopher Paul Edwards exposes the many flaws in the arguments supporting the belief in reincarnation and the so called Law of Karma He also covers the alleged evidence in support of reincarnation including child prodigies deja vu experiences hypnotic regressions and reincarnation memories Finally he discusses in some detail the claims of the leading figures in the recent immortality movement in particular Elisabeth Kuebler Ross Raymond Moody and Dr Stanislov Grof Edwards wit and clarity make this a fascinating accessible and enjoyable work **Children Who Remember Previous Lives** Ian Stevenson, M.D.,2016-05-20 The concept of reincarnation has been around for thousands of years and is a part of many religions including Hinduism Buddhism Jainism and Sikhism In addition to these religious beliefs many people believe it offers an explanation for the mysteries of life There are children that claim to remember previous lives as adults or even animals These claimed memories might affect the development of the child and be incorporated into the child s personality This book presents an in depth look at Dr Stevenson s forty years studying children who claim to remember previous lives It is an informative professional read that dispels common misconceptions about reincarnation and offers an open minded perspective It provides an overview of the history of the belief in and evidence for reincarnation with new material relating to birthmarks and birth defects independent replication studies and recent developments in genetic study It also covers research on children the methods used the cases studied and the analyses of the data The idea of reincarnation is explored as an explanation for some unsolved problems in psychology and medicine INTRODUCTION TO REINCARNATION Provides an introduction to the study of reincarnation including a discussion of the belief in reincarnation VARIATIONS IN DIFFERENT CULTURES Looks at how reincarnation is viewed in different cultures around the world and how it has changed over time EXPLANATORY VALUE OF THE IDEA OF REINCARNATION The idea of reincarnation has been around for thousands of years and many people believe it offers an explanation for the mysteries of life TYPES OF EVIDENCE FOR REINCARNATION There are many types of evidence for reincarnation including anecdotal evidence case studies and research studies TYPICAL CASES OF CHILDREN Looks at typical cases of children who remember previous lives with a focus on their characteristics METHODS OF RESEARCH Discusses the methods of research and the various ways in which previous life memories can be investigated ANALYSIS AND INTERPRETATION OF CASES Analyzes a number of cases from the author s 40 year career **The Art of Hypnotherapy** C Roy Hunter,2010-07-01 Now in it s fourth edition this classic text presents a comprehensive overview of client centred hypnosis based on the teachings of Charles Tebbetts Since the person undergoing hypnosis is the one with the power to change him herself the hypnotherapist acts as the facilitator tailoring the hypnosis session to the client All of the techniques found in The Art of Hypnotherapy including regression therapy and parts theory centre on this concept The Art of Hypnotherapy shows students how all hypnotic techniques revolve around four main therapeutic objectives Suggestion and

Imagery Discover the Cause Release and Subconscious Relearning New features in this edition include an arrangement of techniques from simple to complex so that those using hypnosis in a limited way easily learn the applicable technique a chapter on the common application of hypnotherapy now includes new sections on anger impotence stuttering and tinnitus and the chapters on anchoring and triggers have been updated with sections on how to help a client establish a safe place and why this is important

Future Lives Gloria Chadwick, 2008 Those who believe in reincarnation recognize that our previous lives profoundly influence our present existence But what about the lives still to be lived our future For Gloria Chadwick whose *Discovering Your Past Lives* sold 250 000 copies the spiritual level knows no time our experiences meet as energy vibrations and past present and future can shape each other Her new guide gives us an expansive view of exactly how that happens as she delves into the concept of karma how thoughts and beliefs can shift the rhythm of our reality and illusion versus reality Featuring real life experiences from Chadwick s students and clients as well as interactive exercises it opens up a new way of understanding the universe

West African Psychology Edward Geoffrey Parrinder, 2003-05 This comparative study of African religion and psychology deals with the idea of the soul and the spiritual powers of man and animals in West African belief Based on personal research supported by anthropological study it covers most of the coast and hinterland from the Ivory Coast to Eastern Nigeria It records beliefs in a future life reincarnation metamorphosis ghosts hysterical possession soul eating by witches and the interpretation of dreams

MYSTERY OF REINCARNATION J Danelek, 2007-05-27 What if you found out that the life you re living today is not the only one you ll ever live but just one of many How would it change the way you look at the world around you and the people in it In this objective and balanced look at one of the great mysteries of our age you ll not only explore reincarnation s western roots and examine the compelling evidence to support it as well as examine the chief objections to it offered by the scientific and religious communities but explore the mechanics of reincarnation as well how it works on a practical level what it s trying to do on a spiritual level and what it all means to you as you go about your day to day life It s sure to not only get you thinking about your past but will force you to consider your present and future in ways you never imagined possible before
