Bob Fu

Peking University Liberalism In Modern China:

Hayek and Post-War Chinese Liberalism Chor-yung Cheung, 2024-08-09 This book is a study of comparative social and political theory examining how Hayek's classical liberalism has been influencing the development of Chinese liberalism since 1949. While both Chinese liberalism and the thought of Hayek can each be studied in its own right, this is the first systematic study on how Hayek's ideas have helped post-war Chinese liberals enrich their social and political theory in the pursuit of freedom and in formulating theoretical responses to the challenges of modernity in China. This book examines and identifies those central theoretical tenets of Hayek that are most inspiring to the post-war Chinese liberals in their efforts in developing a more robust and profound understanding of freedom in the Chinese context. It argues that the new post-war understanding of Chinese liberalism has superseded the social democratic understanding that was widely adopted by pre-war Chinese liberals. These theoretical Hayekian tenets include the critique of totalitarianism and scientism, the idea of the free market, the insights inherited from the Scottish Enlightenment to counter the excess of Cartesian Rationalism, the thesis of the concurrent evolution of culture and mind, and the central importance of the rule of law in defending individual freedom. This book aims to help political theorists and historians of comparative political thought both in the East and in the West better understand the intellectual issues involved and explore further research endeavours in the same area. **Leading**

Schools Of Thought In Contemporary China Licheng Ma, 2015-09-23 The evolution of China's intellectual landscape, especially the battles among different influential social and political ideas, sheds light on its history. *Leading Schools of Thought in Contemporary China* offers a close-up look of eight major schools of thought that swept across China between 1978 and 2008, ranging from Deng Xiaoping's thoughts to Neo-Confucianism. Subject to unrelenting debates among both scholars and the general public, the popularity of these ideas waxed and waned throughout those turbulent decades. They have two things in common: First, they are all problem-oriented insofar as they carry their advocates' hopes of finding in them solutions to both new and old problems the country has faced. Second, while richly informed by such traditions as authoritarianism and Confucianism that have long held sway in much of Asia, including China, these ideas also reveal the deep influence of, and even affinity with, some of the most influential social and political theories in the Western tradition, including liberalism, socialism, and conservatism. Readers will find in the continuing contestation among these theories in the marketplace of ideas not only much of what is exciting about the intellectual scene in China today but also clues about China's future. *Great Dragon Fantasy, The: A Lacanian Analysis Of Contemporary Chinese Thought* Guanjun Wu, 2014-05-21

China has undergone a unique path of development in the post-Maoist era. Especially the last decade witnessed China's rapid rise to economic wealth and superpower status vis-à-vis the severe developmental predicaments of the West, financial crises, socio-political turbulences, etc. This book analyzes how the leading Chinese thinkers understand China's prosperity and rapid development today and whether there is any hidden mechanism that has been playing a crucial role of forming contemporary

Chinese thinkers shared passionate endeavor of resuscitating classical Chinese ideas and thus shows how the fervor for discovering essential characteristics of Chinese thought reveals a hidden psychological mechanism The Impact of China's 1989 Tiananmen Massacre Jean-Philippe Béja,2010-11-18 The 1989 pro democracy movement in China constituted a huge challenge to the survival of the Chinese communist regime This book assesses the impact of the movement and of the ensuing repression on the political evolution of the People s Republic of China It discusses how the events of 1989 are remembered and have affected China s international relations and diplomacy how human rights law enforcement policing and liberal thought have developed over two decades **Chinese Intellectuals Between State and Market** Merle Goldman,Edward Gu,2005-08-03 This edited volume describes the intellectual world that developed in China in the last decade of the twentieth century How as China s economy changed from a centrally planned to a market one and as China opened up to the outside world and was influenced by the outside world Chinese intellectual activity became more wide ranging more independent more professionalized and more commercially oriented than ever before The future impact of this activity on Chinese civil society is discussed in the last chapter **Cultural Studies in Modern China** Dongfeng Tao,Lei He,Yugao He,2017-07-14 As the first book to introduce and analyze cultural studies in contemporary China this volume is an important resource for Western scholars wishing to understand the rise and development of cultural studies in China Organized according to subject it includes extensive material examining the relationships between culture and politics as well as culture and institutions in contemporary China Further it discusses the development of cultural debates Liberal Arts and the Legacy of China's Christian Universities Peter Tze Ming Ng,Leping Mou,Ruth Hayhoe,2023-05-04 This book brings together English translations of thirteen research papers published in recent years by Chinese historians sociologists and educators These papers investigate various dimensions of the legacy of China s historic The Christian Universities which continues to inspire higher education reform in China even in the twenty first century This book focuses on Christian Universities which fostered a particularly notable Liberal Arts Education in the Chinese context Besides embracing some ideals in common with Liberal Arts Education developed in the West their Liberal Arts Education curriculum had an emphasis on readings in the classics history philosophy religion ethics and literature which conveyed traditional Chinese values The Christian Universities also shared a strong commitment to moral formation community service and global citizenship education This book emphasizes Liberal Arts Education that focused on the whole person where academic knowledge skills and character were equally valued The book presents distinctive characteristics of the study of Christian higher education in China and the interplay between globalization and localization **The Journey of Liu Xiaobo** Democratic China,2020-04-01 As a fearless poet and prolific essayist and critic Liu Xiaobo became one of the most important dissident thinkers in the People s Republic of China His nonviolent activism steered the nation s prodemocracy currents from Tiananmen Square to support for Tibet and beyond Liu undertook perhaps his bravest act when he helped draft and gather

support for Charter 08 a democratic vision for China that included free elections and the end of the Communist Party's monopoly on power While imprisoned for inciting subversion of state power Liu won the 2010 Nobel Peace Prize He was granted medical parole just weeks before dying of cancer in 2017 The Journey of Liu Xiaobo draws together essays and reflections on the Nelson Mandela of China The Dalai Lama artist and activist Ai Weiwei and a distinguished list of leading Chinese writers and intellectuals including Zhang Zuhua the main drafter of Charter 08 and Liu Xia the wife of Liu Xiaobo and noted China scholars journalists and political leaders from around the globe including Yu Ying shih Perry Link Andrew Nathan Marco Rubio and Chris Smith illuminate Liu's journey from his youth and student years through his indispensable activism and to his defiant last days Many of the pieces were written immediately after Liu's death adding to the emotions stirred by his loss Original and powerful The Journey of Liu Xiaobo combines memory with insightful analysis to evaluate Liu's impact on his era nation and the cause of human freedom

China's Future Cato Institute,2000 This book is the outgrowth of a September 1999 Cato Institute conference Whither China The PRC at 50 p ix Includes bibliographical references and index

New Perspectives on Yenching University, 1916-1952 Arthur Lewis Rosenbaum,2015-01-08 Essays in New Perspectives on Yenching University 1916 1952 reevaluate the experience of China's preeminent Christian university in an era of nationalism and revolution Although the university was denounced by the Chinese Communists and critics as an elitist and imperialist enterprise irrelevant to China's real needs the essays demonstrate that Yenching's emphasis on biculturalism cultural exchange and a broad liberal education combined with professional expertise ultimately are compatible with nation building and a modern Chinese identity They show that the university fostered transnational exchanges of knowledge changed the lives of students and faculty and responded to the pressures of nationalism war and revolution Topics include efforts to make Christianity relevant to China's needs promotion of professional expertise gender relationships and coeducation the liberal arts Sino American cultural interactions and Yenching's ambiguous response to Chinese nationalism Japanese invasion and revolution

Inklings of Democracy in China Suzanne Ogden,2002 Since 1979 China's leaders have introduced economic and political reforms that have lessened the state's hold over the lives of ordinary citizens By examining the growth in individual rights the public sphere democratic processes and pluralization the author seeks to answer questions concerning the relevance of liberal democratic ideas for China and the relationship between a democratic political culture and a democratic political system The author also looks at the contradictory impulses and negative consequences for democracy generated by economic liberalism Unresolved issues concerning the relationships among culture democracy and socioeconomic development are at the heart of the analysis Nonideological criteria are used to assess the success of the Chinese approach to building a fair just and decent society

Elite Politics in Contemporary China Joseph Fewsmith,2015-04-15 A discussion of elite politics in contemporary China While a great deal of the text is descriptive much of the emphasis is on drawing out and abstracting the political dynamic at work The past half century has seen many

hopes raised and some dashed a succession of fears and false alarms and both triumphs and calamities that were almost entirely unexpected This work offers a short but sweeping history of world politics since 1945 America's postwar pre-eminence and the hopes that attended the creation of the United Nations the Cold War and the emergence of a volatile Third World economic transformations and the twin threat of nuclear and ecological disaster the crumbling of the Soviet system and the short-lived promise of a peaceful prosperous and democratic new world The author describes these momentous changes concisely in an effort to show how we got here from there and what we might have learned along the way **Carl Schmitt, Mao Zedong and the Politics of Transition** Qi Zheng, 2015-10-22 This book develops a new way of reading and benefiting from Schmitt's legal and political theories It explores Schmitt's theories from the perspective of what I refer to as the politics of transition It also contributes to identifying the real theoretical relationship between Schmitt and Mao

Rethinking China's Rise Jilin Xu, 2018-07-05 China's rise to power is the signal event of the twenty-first century and this volume offers a contemporary view of this nation in ascendancy from the inside Eight recent essays by Xu Jilin a popular historian and one of China's most prominent public intellectuals critique China's rejection of universal values and the nation's embrace of Chinese particularism the rise of the cult of the state and the acceptance of the historicist ideas of Carl Schmitt and Leo Strauss Xu's work is distinct both from better-known voices of dissent and also from the New Left perspectives offering instead a liberal reaction to the complexity of China's rise Yet this work is not a shrill denunciation of Xu's intellectual enemies but rather a subtle and heartfelt call for China to accept its status as a great power and join the world as a force for good Political Thought and China's Transformation H. Li, 2015-04-07 Since the late 1970s China has

undergone a great transformation during which time the country has witnessed an outpouring of competing schools of thought This book analyzes the major schools of political thought redefining China's transformation and the role Chinese thinkers are playing in the post-Mao era The Politics of Inclusive Pluralism Bob Fu, 2020-12-16 Long live the red terror This and other political slogans were used by China's communist rulers as leverage for conflict and conflict management during 1949 China's Cultural Revolution movement understandably fueled anger fear and terror among Chinese citizens Currently contrary to the positive facade that China under the control of the Communist Chinese Party CCP tries to project regarding human rights a dark reality reveals a brutal authoritarian state with no concern for religious freedom What guiding philosophy could best help procure provide and protect religious freedom for all in a post-communist Christianized democratic China Bob Fu argues that while various Christianity-oriented theories may appear promising they fail to provide an adequate pluralistic foundation for protecting the religious freedoms of people of all faiths and none The predominant theory of political liberalism in the West likewise fails to prove sufficiently inclusive for all faiths and worldviews As an alternative the author defends Baorong Duoyuan inclusive pluralism his own contextualized theory modeled after principled pluralism This model he believes has the potential to help ensure that religious freedom for all becomes a reality **Modern**

China Xiaobing Li, 2015-11-23 Providing an indispensable resource for students educators businessmen and officials investigating the transformative experience of modern China this book provides a comprehensive summary of the culture institutions traditions and international relations that have shaped today's China In Modern China author Xiaobing Li offers a resource far beyond a conventional encyclopedia providing not only comprehensive coverage of Chinese civilization and traditions but also addressing the values issues and critical views of China As a result readers will better understand the transformative experience of the most populous country in the world and will grasp the complexity of the progress and problems behind the rise of China to a world superpower in less than 30 years Written by an author who lived in China for three decades this encyclopedia addresses 16 key topics regarding China such as its geography government social classes and ethnicities gender based identities arts media and food each followed by roughly 250 short entries related to each topic All the entries are placed within a broad sociopolitical and socioeconomic contextual framework The format and writing consistency through the book reflects a Chinese perspective and allows students to compare Chinese with Western and American views

Democracy in Contemporary Confucian Philosophy David Elstein, 2014-06-27 This book examines democracy in recent Chinese language philosophical work It focuses on Confucian inspired political thought in the Chinese intellectual world from after the communist revolution in China until today The volume analyzes six significant contemporary Confucian philosophers in China and Taiwan describing their political thought and how they connect their thought to Confucian tradition and critiques their political proposals and views It illustrates how Confucianism has transformed in modern times the divergent understandings of Confucianism today and how contemporary Chinese philosophers understand democracy as well as their criticisms of Western political thought

Democracy and the Rule of Law in China Keping Yu, 2010 Democracy and the Rule of Law in China is intended to make debates among prominent Chinese intellectuals and academics over issues of political constitutional and legal reform modes of governance in urban and rural China and culture and cultural policy available to English language readers The writers included in this book are individuals whose views have drawn some attention in the formulation of party and government policy including the editor Yu Keping a prominent party intellectual and vice director of the Central Compilation and Translation Bureau

Opposition and Dissent in Contemporary China Peter R. Moody, 1977
