Time and Space in Fiction and Theory Michael Kane, 2020-01-14 Postmodern Time and Space in Fiction and Theory seeks to place the contemporary transformation of notions of space and time often attributed to the technologies we use in the context of the ongoing transformations of modernity Bringing together examples of modern and contemporary fiction from Defoe to DeLillo Frankenstein to Finnegans Wake and theoretical discussions of the modern and the post modern the author explores the legacy of modern transformations of space and time under five headings The Space of Nature The Space of the City Postmodern or Most Modern Time The Time and Space of the Work of Art in the Age of Digital Reproduction and Travel from Modernity to These five essays re examine the meanings of modernity and its aftermath in relation to the spaces and times of the natural the urban and the media environment *Curriculum Development in the Postmodern Era* Patrick Slattery, 2012-12-06 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company

A Confessing Theology for Postmodern Times Michael Scott Horton, 2000 In a world in which absolute truth values and authority have lost their place the evangelical church needs most of all to be a beacon of truth and light Yet the relativistic mindset of our culture is seeping in pushing aside biblical content to make way for personal experience even in churches that once held firmly to the doctrines of the faith The result a watered down Gospel is having little impact on society or individual lives It is a challenge that must not go unmet In A Confessing Theology for Postmodern Times twelve confessing Christian scholars from various denominational backgrounds provide you with ideas and strategies for rising to that challenge They explore your resources for doing theology in a postmodern world as well as the obstacles and the opportunities it entails There is a crisis of truth in the world This volume is evidence that you can reach out to those who need the life changing message of the Gospel and still hold firm to a systematic biblical theology in postmodern times From book jacket [Qualitative Research in the Post-Modern Era](#) Robert E. White, Karyn Cooper, 2022-09-29 This volume describes and discusses some of the intricacies associated with qualitative research in this post modern era It is the second of a two volume set It strives to define terms identifies paradigms methodologies and approaches that are applicable to novice and expert researchers alike The book pays special attention to the biographies of those individuals who have helped to shape and develop these methodologies or research designs In addition consideration is given to historical and political underpinnings that relate to the development of qualitative research methodologies Each research design is described in detail and the similarities and differences among them are explored This volume makes use of a contextual approach to research and features interviews with scholars who have assisted in developing such methodologies Of interest are numerous features such as questions for further study and annotated bibliographies that extend the scope of each of the methodologies described

All People, All Times Jeffery S. Stevenson, 2009-09 All People All Times Rethinking Biblical Authority in Churches of Christ explores the assumptions traditionally held in a cappella Churches of Christ regarding how one knows what in Scripture is binding on all people at all times The development of the tripartite model for determining Bible authority i e command example and implication is

examined and critiqued While many in Churches of Christ advocate abandoning the model altogether others refuse to see its limitations in a postmodern culture All People All Times offers a hermeneutical approach The Transformational Restoration Hermeneutic or TRH that sharpens the tripartite method by providing a biblically based grid to more accurately discern Scripture s emphases As well it introduces a sorely needed means for the formational use of Scripture In short the TRH recognizes not only the need to take Scripture seriously when it speaks authoritatively regarding external or doctrinal necessities but also when it speaks to the spiritual moral and relational priorities stressed in our postmodern era It is hoped the TRH can provide a hermeneutical bridge between the widening streams of a fellowship historically devoted to speaking where the Bible speaks For the last 18 of his 32 years in preaching Jeffery S Stevenson has served as the Preaching Minister for the Church of Christ at Louisville Ohio and the Director of Second Wind Christian Counseling Ministries Jeff holds degrees from Freed Hardeman University Bible the University of Akron Marriage and Family Therapy and a Doctorate from Ashland Ohio Theological Seminary Jeff has written on topics such as hermeneutics and biblical application in the Restoration Movement evangelism and Christian counseling He has published articles in the Gospel Advocate Christian Standard and Restoration Quarterly Jeff and his wife Tonnie have three grown daughters Micah Meghann and Mallory Jeff s likes reading walking cycling and model railroading

Postmodern Music, Postmodern Listening Jonathan D.

Kramer,2016-08-11 Kramer was one of the most visionary musical thinkers of the second half of the 20th century In his *The Time of Music* he approached the idea of the many different ways that time itself is articulated musically This book has become influential among composers theorists and aestheticians Now in his almost completed text written before his untimely death in 2004 he examines the concept of postmodernism in music Kramer created a series of markers by which we can identify postmodern works He suggests that the postmodern project actually creates a radically different relationship between the composer and listener Written with wit precision and at times playfully subverting traditional tropes to make a very serious point about this difference *Postmodern Music Postmodern Listening* leads us to a strongly grounded intellectual basis for stylistic description and an intuitive sensibility of what postmodernism in music entails *Postmodern Music Postmodern Listening* is an examination of how musical postmodernism is not just a style or movement but a fundamental shift in the relationship between composer and listener The result is a multifaceted and provocative look at a critical turning point in music history one whose implications we are only just beginning to understand

Advertising and Cultural Politics in Global Times Pamela Odih,2016-03-03 *Advertising and Cultural Politics in Global Times* traces daringly transgressive convergences between cultural politics and global advertising media It engages with a range of interpolations between cultural politics and advertising technologies including the governmental rationality of neoliberal vistas transgressive aesthetics and the cultural politics of representation the political sign economy of citizen branding techno political convergences between the social and political and the marking of a new exciting geo political terrain for cultural politics in

global times Tracing global advertising practices to the cultural politics commonly manifested in the postmodern political caesura of advertising this book makes use of extensive case studies whilst drawing on the work of Baudrillard Giroux Foucault Castells and Latour to illustrate the manner in which advertising continues to revolutionize the political sphere As such it will be of interest to a range of readers across media studies cultural studies and sociology **Reading the Times** Randall Stevenson,2018-02-01 Wartime British writers took to the airwaves to reshape the nation and the Empire *A Royal Waste of Time* Marva J. Dawn,1999 In this book Marva Dawn insists that churches need to engage in a serious process of community discernment concerning worship in order to employ the best tools and forms and she offers reflections to further the discussion Each part of *A Royal Waste of Time* begins with a sample Scripture based sermon since Dawn emphasizes that the church s worship must follow biblical guidelines and form a biblical people From publisher s description **Light as Experience and Imagination from Medieval to Modern Times** David S. Herrstrom,2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times* David S Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times The true subject of the book is making sense of the individual s relationship with light rather than the investigation of light s essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions as reflected in art architecture and literature Instead of its evolution this book celebrates the complexity of our relation to light s character No individual experience of light being truer than any other **Ethics and Intersex** Sharon E. Sytsma,2006-06-07 This collection of 21 articles is designed to serve as a state of the art reference book for intersexuals their parents health care professionals ethics committee members and anyone interested in problems associated with intersexuality It fills an important need because of its uniqueness as an interdisciplinary effort bringing together not just urologists and endocrinologists but gynecologists psychiatrists psychologists lawyers theologians gender theorists medical historians and philosophers Most contributors are well known experts on intersexuality in their respective fields The book is also unique in that it is also an international effort including authors from England the Netherlands Germany Australia India Canada and the United States The book begins with introductory chapters on the etiology of intersex conditions conceptual clarification legal issues and reflections about the inherent characteristics of medical care that have led up to the issues we face today and explain the resistance to change in traditional practices Researchers provide recent data on gender identity surgical outcomes and appropriate clinical care Issues never having been addressed are introduced The significance of intersexuality for Christianity and for philosophical concerns with authenticity add further depth to the collection The final chapters deal with future possibilities in the treatment of intersex and for intersex advocacy *Qualitative Research in the Post-Modern Era* Karyn Cooper,Robert E. White,2011-11-17 Qualitative Research is changing as a result of postmodern

influences which have changed the way research is interpreted and understood This has prompted questions which have been knocking at the door of qualitative research for some time now Who is the researcher in this research account How does the researcher relate to his her research How can the researcher who reads qualitative research relate to and understand the nuances and complexities in qualitative research How can this volume help us to not only describe effect and manage change but help us to understand imagine and affect policies practices and procedures related to research What can we learn from researchers at the top of their stride who have struggled in order to develop qualitative research The book includes illustrative interviews with world famous scholars William Pinar Norman Denzin Henry Giroux Zygmunt Bauman and Maxine Greene invite the student to engage reflectively and to figure out the rudiments and connections of research methodology and methods for theses The developed so called The Five Contexts serves as a theoretical framework for conducting understanding and interpreting qualitative research in a variety of disciplines in this post modern era

Writing in Real Time Paul Jaussen, 2017-07-03 From Walt Whitman to the contemporary period the long poem has been one of the more dynamic intricate and yet challenging literary practices of modernity Addressing those challenges Writing in Real Time combines systems theory literary history and recent debates in poetics to interpret a broad range of American long poems as emergent systems capable of adaptation and transformation in response to environmental change Due to these emergent properties the long poem performs essential cultural work offering a unique experience of history that remains valuable for our rapidly transforming digital age Moving across a broad range of literary and theoretical texts Writing in Real Time demonstrates that the study of emergence can enhance literary scholarship just as literature provides unique insights into emergent properties making this book a key resource for scholars graduate students and undergraduate students alike

The Community of the Weak Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story

The Sexual Politics of Time Susannah Radstone, 2007-12-03 Looking at a diverse range of texts including Marilyn French s *The Women s Room* Philip Roth s *Patrimony* the writings of Walter Benjamin and Fredric Jameson and films such as *Cinema Paradiso* Susannah Radstone argues that though time has

been foregrounded in theories of postmodernism those theories have ignored the question of time and sexual difference The Sexual Politics of Time proposes that the contemporary western world has witnessed a shift from the age of confession to the era of memory In a series of chapters on confession nostalgia the memories of boyhood film and the memoir Susannah Radstone sets out to complicate this claim Developing her argument through psychoanalytic theory she proposes that an attention to time and sexual difference raises questions not only about the analysis and characterization of texts but also about how cultural epochs are mapped through time The Sexual Politics of Time will be of interest to students and researchers of time memory difference and cultural change in subjects such as Media and Cultural Studies Sociology Film Studies
