Outside and Inside Reva Marin, 2020-10-16 Outside and Inside Representations of Race and Identity in White Jazz Autobiography is the first full length study of key autobiographies of white jazz musicians White musicians from a wide range of musical social and economic backgrounds looked to black music and culture as the model on which to form their personal identities and their identities as professional musicians Their accounts illustrate the triumphs and failures of jazz interracialism As they describe their relationships with black musicians who are their teachers and peers white jazz autobiographers display the contradictory attitudes of reverence and entitlement and deference and insensitivity that remain part of the white response to black culture

to the present day Outside and Inside features insights into the development of jazz styles and culture in the urban meccas of twentieth century jazz in New Orleans Chicago New York and Los Angeles Reva Marin considers the autobiographies of sixteen white male jazz instrumentalists including renowned swing era bandleaders Benny Goodman Artie Shaw and Charlie Barnet reed instrumentalists Mezz Mezzrow Bob Wilber and Bud Freeman trumpeters Max Kaminsky and Wingy Manone guitarist Steve Jordan pianists Art Hodes and Don Asher saxophonist Art Pepper guitarist and bandleader Eddie Condon and New Orleans style clarinetist Tom Sancton While critical race theory informs this work Marin argues that viewing these texts simply through the lens of white privilege does not do justice to the kind of sustained relationships with black music and culture described in the accounts of white jazz autobiographers She both insists upon the value of insider perspectives and holds the texts to rigorous scrutiny while embracing an expansive interpretation of white involvement in black culture Marin opens new paths for study of race relations and racial ethnic and gender identity formation in jazz studies Charlie Parker Carl Woideck,1998 Whatever background you bring to it the book will likely enrich your understanding of Parker s music Cadence As one of the architects of modern jazz often called bebop Charlie Parker 1920 55 had a profound effect on American music that continues to this day This book opens with a chapter of biography and then progresses to four chapters focusing on Charlie Parker s music by tracing his artistic evolution and major achievements as a jazz improviser Much like a guided tour through an artist s retrospective the book introduces readers to a sampling of Charlie Parker s most illustrative works The musical discussions and transcribed musical examples are keyed to compact disc timings for easy location a feature unique to this book The musical analysis is brilliant particularly the pre 1945 fragments DownBeat debunks the stereotype that jazz musicians are unschooled and unsophisticated when it comes to music as art rather than entertainment An insightful and informative addition to the literature of jazz Calvin Wilson Kansas City Star Carl Woideck is Instructor of Jazz History University of Oregon **Cadence** Bob Rusch,1995 Groovin' High Alyn Shipton,2001-07-19 Dizzy Gillespie was one of the most important and best loved musicians in jazz history With his horn rimmed glasses goatee jive talk and upraised trumpet bell he was the hipster who most personified bebop The musical heir to Louis Armstrong he created the modern jazz trumpet playing style and dazzled aficionados and popular audiences alike for over 50 years In this first full biography Alyn Shipton covers all aspects of Dizzy s remarkable life and career taking us through his days as a flashy trumpet player in the swing bands of the 1930s his innovative bebop work in the 1940s the worldwide fame and adoration he earned through his big band tours in the 1950s and the many recordings and performances which defined a career that extended into the early 1990s Along the way Shipton convincingly argues that Gillespie rather than Charlie Parker as is widely believed had the greatest role in creating bebop playing in key jazz groups teaching the music to others and helping to develop the first original bebop repertory Shipton also explores the dark side of Dizzy s mostly sunny personal life his womanizing the illegitimate daughter he fathered and supported now a respected jazz singer in her own right and his

sometimes needless cruelty to others For anyone interested in jazz and one of its most innovative and appealing figures Groovin High is essential reading

Literature of American Music III, 1983-1992 Guy A. Marco, 1996 Literature of American Music III 1983 1992 is the second supplement to the original Literature of American Music in Books and Folk Music Collections Taken together the three volumes provide a comprehensive inventory of the 5 100 books representing the core literature on American music This volume cites and critically annotates monographs on American music published from 1983 to 1992 but does not include literature in folk music collections More than 1 300 entries cover all aspects of American music including folk blues jazz rock music of major cities festivals the music industry instruments music education and music for TV and film Entries are arranged according to Library of Congress classification numbers which allows librarians to check their own holdings Each citation provides full imprint data ISBN facts about earlier editions series notes references to reviews in standard media descriptions of favorable and unfavorable features and special notes of reference elements such as indexes and bibliographies Includes title and subject indexes Author indexing is included in the Checklist of Writings on American Music 1640 1992
