Richard Rolle And The Invention Of Authority:

Richard Rolle and the Invention of Authority Nicholas Watson, 1991-11-07 A 1991 literary study of Richard Rolle one of the most widely read English writers of the late Middle Ages

[microform] Nicholas James Watson, 1988 **Queering Richard Rolle** Christopher M. Roman, 2017-01-19 This book examines three aspects of Rolle's thinking used throughout this work his ontology phenomenology and sound ecology These facets of his work invoke both a way of understanding being in the world an opening up of the body in queer ways to experience the divine and a way to consider divine contemplation in terms of singing the body Queering Richard Rolle considers how Rolle navigates queer eremitic conduct in order to create an identity always in process

The English Prose Treatises of Richard Rolle Claire Elizabeth McIlroy, 2004 The author argues that in these devotional works which appealed to a broad readership in late medieval England Rolle successfully refines traditional affective strategies to develop an implied reader identity the individual soul seeking the love of God which empowers each and every reader in his or her own spiritual journey Jacket **On Deification and Sacred Eloquence** Louise Nelstrop, 2019-10-01 This book considers the place of deification in the writings of Julian of Norwich and Richard Rolle two of the fourteenth century English Mystics It argues that as a consequence of a belief in deification both produce writing that is helpfully viewed as sacred eloquence The book begins by discussing the nature of deification employing Norman Russell's typology It explores the realistic and ethical approaches found in the writings of several Early Greek Fathers including Irenaeus of Lyons Cyril of Alexandria Origen and Evagrius Ponticus as well as engaging with the debate around whether deification is a theological idea found in the West across its history The book then turns its attention to Julian and Rolle arguing that both promote forms of deification Rolle offering a primarily ethical approach while Julian's approach is more realistic Finally the book addresses the issue of sacred eloquence arguing that both Rolle and Julian in some sense view their words as divinely inspired in ways that demand an exegetical response that is para biblical Offering an important perspective on a previously understudied area of mysticism and deification this book will be of interest to scholars of mysticism theology and Middle English religious literature

Negotiating Boundaries in Medieval Literature and Culture Valerie B. Johnson, Kara L. McShane, 2022-03-21 Thomas Hahn's work laid the foundations for medieval romance studies to embrace the study of alterity and hybridity within Middle English literature His contributions to scholarship brought Robin Hood studies into the critical mainstream normalized the study of historically marginalized literature and peoples and encouraged scholars to view medieval readers as actively encountering others and exploring themselves This volume employs his methodologies careful attention to texts and their contexts cross cultural readings and theoretically informed analysis to highlight the literary culture of late medieval England afresh Addressing long established canonical works such as Chaucer Christine de Pizan and Malory alongside understudied traditions and manuscripts this book will be of interest to literary scholars of the later Middle Ages who like

Hahn work across boundaries of genre tradition and chronology **Authority and Representation in Early Modern Discourse** Robert Weimann, 1996 This path breaking study attempts to view both Reformation discourse and Renaissance fiction and by implication the Elizabethan theater as constitutive of an early modern paradigm change in the authorization of discourse The profound crisis in traditional locations of authority affecting religious political and poetic courts of appeal is traced as interactive with an unprecedented proliferation of both signifying practices and communicative technologies Representation itself seeks to cope with these changing uses of language and power vis vis deep divisions but also new patterns of socialization in contemporary culture and society Authority now that it is less given before an utterance begins comes to constitute itself through the competence cogency and efficacy of representational practice itself even as this practice privileges and draws upon pictorial form in diverse cultural contexts This book continues to search for answers to questions of why and under what conditions in the early modern period the representation of authority could increasingly be challenged by the authority of signs Initially raised in Weimann's *Shakespeare und die Macht der Mimesis* these questions are developed towards a theory and history of early modern representation that involves close encounters with a wide variety of texts from Luther Henry Tudor Edward Seymour Gardiner and Bancroft to Malory Erasmus Rabelais Sidney Nashe and Cervantes Robert Weimann is one of the world's most eminent and intellectually formidable scholars of early modern culture and he has written a work of the utmost importance to the theory and practice of cultural and literary history and to the study of sixteenth century English and European culture in particular The book is an intellectual tour de force yet one utterly devoid of the flourishes of academic self display This work genuinely impresses without ever seeking to impress Louis A Montrose University of California San Diego **Arvo Pärt** Peter C. Bouteneff, Jeffers Engelhardt, Robert Saler, 2020-12-01 Scholarly writing on the music of Arvo Pärt is situated primarily in the fields of musicology cultural and media studies and more recently in terms of theology spirituality *Arvo Pärt Sounding the Sacred* focuses on the representational dimensions of Pärt's music including the trope of silence writing and listening past the fact that its storied effects and affects are carried first and foremost as vibrations through air impressing themselves on the human body In response this ambitiously interdisciplinary volume asks What of sound and materiality as embodiments of the sacred as historically specific artifacts and as elements of creation deeply linked to the human sensorium in Pärt studies In taking up these questions the book de Platonizes Pärt studies by demystifying the notion of a single Pärt sound It offers innovative critical analyses of the historical contexts of Pärt's experimentation medievalism and diverse creative work it re sounds the acoustic theological and representational grounds of silence in Pärt's music it listens with critical openness to the intersections of theology sacred texts and spirituality in Pärt's music and it positions sensing performing bodies at the center of musical experience Building on the conventional score biography and media based approaches this volume reframes Pärt studies around the materiality of sound its sacredness and its embodied resonances within secular spaces Authority and Authorship in Medieval and

Seventeenth Century Women's Visionary Writings Deborah Frick, 2021-05-20 In medieval and early modern times female visionary writers used the mode of prophecy to voice their concerns and ideas against the backdrop of cultural restrictions and negative stereotypes In this book Deborah Frick analyses medieval visionary writings by Julian of Norwich and Margery Kempe in comparison to seventeenth century visionary writings by authors such as Anna Trapnel Mary Carey Anne Wentworth and Katherine Chidley in order to investigate how these women authorised themselves in their writings and what topoi they use to find a voice and place of their own This comparison furthermore and the strikingly similar topoi that are used by the female visionaries not only allows to question and examine topics such as authority authorship images of voice and body it also breaks down preconceived and artificial boundaries and definitions New Medieval Literatures 20 Kellie Robertson, Wendy Scase, Laura Ashe, Philip Knox, 2020-04-17 Cutting edge and fresh new outlooks on medieval literature emphasising the vibrancy of the field *Angels and Anchoritic Culture in Late Medieval England* Joshua S. Easterling, 2021-08-19 The monograph series Oxford Studies in Medieval Literature and Culture showcases the plurilingual and multicultural quality of medieval literature and actively seeks to promote research that not only focuses on the array of subjects medievalists now pursue in literature theology and philosophy in social political jurisprudential and intellectual history the history of art and the history of science but also that combines these subjects productively It offers innovative studies on topics that may include but are not limited to manuscript and book history languages and literatures of the global Middle Ages race and the post colonial the digital humanities media and performance music medicine the history of affect and the emotions the literature and practices of devotion the theory and history of gender and sexuality ecocriticism and the environment theories of aesthetics medievalism This volume examines Latin and vernacular writings that formed part of a flourishing culture of mystical experience in the later Middle Ages ca 1150 1400 including the ways in which visionaries within their literary milieu negotiated the tensions between personal charismatic inspiration and their allegiance to church authority It situates texts written in England within their wider geographical and intellectual context through comparative analyses with contemporary European writings A recurrent theme across all of these works is the challenge that a largely masculine and clerical culture faced in the form of the various and potentially unruly spiritualities that emerged powerfully from the twelfth century onward Representatives of these major spiritual developments including the communities that fostered them were often collaborative in their expression For example holy women including nuns recluses and others were recognized by their supporters within the church for their extraordinary spiritual graces even as these individual expressions of piety were in many cases at variance with securely orthodox religious formations These writings become eloquent witnesses to a confrontation between inner revelatory experience and the needs of the church to set limitations upon charismatic spiritualities that with few exceptions carried the seeds of religious dissent Moreover while some of the most remarkable texts at the centre of this volume were authored and or primarily read by women the intellectual and religious

concerns in play cut across the familiar and all too conventional boundaries of gender and social and institutional affiliation

New Directions in Supernatural Horror Literature Sean Moreland, 2018-09-08 This collection of essays examines the legacy of H P Lovecraft's most important critical work *Supernatural Horror in Literature*. Each chapter illuminates a crucial aspect of Lovecraft's criticism from its aesthetic philosophical and literary sources to its psychobiological underpinnings to its pervasive influence on the conception and course of horror and weird literature through the twentieth and early twenty-first centuries. These essays investigate the meaning of cosmic horror before and after Lovecraft, explore his critical relevance to contemporary social science, feminist and queer readings of his work, and ultimately reveal Lovecraft's importance for contemporary speculative philosophy, film and literature.

The Boundaries of Faith John C. Hirsh, 1996 This volume deals with the ways in which religious Faith interacted with literary and other texts and with the methods by which religious attitudes were communicated and adapted in the late medieval period and after.

Middle English Devotional Compilations Diana Denissen, 2019-10-15 The book offers a new perspective on late medieval compiling activity. Additionally, it offers a more nuanced perspective on late medieval religious culture in England. Lastly, it examines three major but understudied Middle English texts in depth: the *Pore Caitif*, *The Tretise of Love*, and *A Talkyng of the Love of God*.

Reading Medieval Anchoritism Mari Hughes-Edwards, 2012-06-15 This interdisciplinary study of medieval English anchoritism from 1080-1450 explodes the myth of the anchorhold as solitary death cell, revealing it instead as the site of potential intellectual exchange and demonstrating an anchoritic spirituality in synch with the wider medieval world.

Key Figures in Medieval Europe Richard K. Emmerson, 2013-10-18 From emperors and queens to artists and world travelers, from popes and scholars to saints and heretics, *Key Figures in Medieval Europe* brings together in one volume the most important people who lived in medieval Europe between 500 and 1500. Gathered from the biographical entries from the ongoing series *The Routledge Encyclopedias of the Middle Ages*, these A-Z biographical entries discuss the lives of over 575 individuals who have had a historical impact in such areas as politics, religion, or the arts. Individuals from places such as medieval England, France, Germany, Iberia, Italy, and Scandinavia are included, as well as those from the Jewish and Islamic worlds. A thematic outline is included that lists people not only by categories but also by regions. For a full list of entries, contributors, and more, visit the *Routledge Encyclopedias of the Middle Ages* website.

Manuscript Culture and Medieval Devotional Traditions Jennifer N. Brown, Nicole R. Rice, 2021 Essays exploring the great religious and devotional works of the Middle Ages in their manuscript and other contexts.

To One Shut in From One Shut Out: Anchoritic Rules in England From The Eleventh To The Fourteenth Century Seda Erkoç Yeni, This study analyses anchoritic guides written in England from eleventh to fourteenth centuries to observe the changes in the attitudes of the authors towards their primary audiences and by this way concerns itself with the life in the anchorhold and the possible changes in the meaning and basic elements of the solitary religious pursuit for both the authors and the primary audience of the anchoritic rules. After a close analysis of the images, motifs, and

some highly Important themes of the texts such as enclosure and virginity the present study points out certain shifts in the discourses of the authors and comments on the possible reasons for these changes The author in the end reaches the conclusion that the regulations for the life of an anchoress were shaped around the general tendencies and contemplative trends of the period as well as the personal inclinations of the advisors *Vernacular Theology* Eliana Corbari,2013-01-30

This book examines the audiences and languages of Dominican sermons in late medieval Italy It is a thorough analysis of how Latinate theological culture interacted with popular religious devotion In particular it assesses the role of vernacular theology Eliana Corbari defines vernacular theology as a form of theology that is based neither on a Latin scholastic model nor a monastic one It is a third dimension of theology which was accessible to the laity and in particular women through their attendance at sermons and the reading of vernacular devotional works in this case medieval Italian treatises and sermons Through painstaking manuscript work Corbari makes an excellent contribution to sermon studies gender studies medieval theology and codicology She demonstrates that Dominican friars preached to an active contingent of laywomen usually members of confraternities who not only attended these sermons but re read them and also disseminated them through book production to the wider Florentine community *The Medieval Mystical Tradition in England* Edward Alexander Jones,2013

Mystical writing flourished between the 13th and 15th centuries across Europe and in England and had a wide influence on religion and spirituality This volume examines a range of topics within the field
