Herbal Remedies - Bridging Traditional Knowledge with Modern Science Mr. Rohit Manglik, 2024-07-30 Explores herbal medicine by combining ancient healing traditions with evidence based scientific research providing a balanced view of efficacy safety and clinical application

Herbal Medicine in India Saikat Sen, Raja Chakraborty, 2019-09-10 This book highlights the medical importance of and increasing global interest in herbal medicines herbal health products herbal pharmaceuticals nutraceuticals food supplements herbal cosmetics etc It also addresses various issues that are hampering the advancement of Indian herbal medicine around the globe these include quality concerns and quality control pharmacovigilance scientific investigation and validation IPR and biopiracy and the challenge that various indigenous systems of medicine are at risk of being lost The book also explores the role of traditional medicine in

providing new functional leads and modern approaches that can offer elegant strategies for facilitating the drug discovery process. The book also provides in depth information on various traditional medicinal systems in India and discusses their medical importance. India has a very long history of safely using many herbal drugs. Folk medicine is also a key source of medical knowledge and plays a vital role in maintaining health in rural and remote areas. Despite its importance, this form of medicine largely remains under investigated. Out of all the traditional medicinal systems used worldwide, Indian traditional medicine holds a unique position as it has continued to deliver healthcare throughout the Asian subcontinent since ancient times. In addition, traditional medicine has been used to derive advanced techniques and investigate many modern drugs. Given the scope of its coverage, the book offers a valuable resource for scientists and researchers exploring traditional and herbal medicine as well as graduate students in courses on traditional medicine, herbal medicine, and pharmacy.

Quality Control and Regulatory Compliance for Herbal Medication Raveesha Peeriga, Krishnaveni Manubolu, 2025-06-30. This comprehensive book provides a detailed framework for the evaluation and standardization of herbal products, promoting the safe and effective use of herbal medicines through rigorous testing and compliance with global regulatory requirements. It begins with an overview of the fundamental tests for medicinal plant materials, followed by an in depth look at World Health Organization (WHO) guidelines for quality control and the evaluation of commercial drugs. The book explores quality assurance practices like cGMP, GAP, GMP, and GLP, with a focus on traditional medicine systems while also examining EU and ICH guidelines, stability testing, and the application of chromatographic techniques in product standardization. Additionally, it addresses the preparation of documents for new drug applications, export registration, and regulatory requirements, as well as providing guidelines on Pharmacovigilance and comparisons between various herbal pharmacopoeias. A valuable reference work for professionals in the pharmaceutical industries as well as researchers and students interested in this topic.
