Parsifal are discussed from spiritual viewpoints Although Wagner did not have a fully conscious awareness of the deeper meanings of his compositions Steiner suggests that his shaping of Germanic legends was driven by an instinctive creative and artistic certainty that accords with deep occult truths International Catalogue of Scientific Literature, 1901-1914, 1908

Occult Science Rudolf Steiner, 2013-10-10 Written in 1909 CW 13 An authorized translation of this classic work re edited beautifully typeset and designed from a professional publisher dedicated to high quality editions of Rudolf Steiner's books and lectures The Anthroposophy of Rudolf Steiner is not a theoretical system but the results of research based on direct observation As Steiner's research was so vast and conducted over such a long period of time no single book can be said to contain the whole of his spiritual teaching However of all his books Occult Science comes closest Steiner even referred to it as an epitome of anthroposophic Spiritual Science The book systematically presents the fundamental facts concerning the nature and constitution of the human being and chronologically the history of the universe and humankind Whereas the findings of natural science are derived from observations made through the senses the findings of Spiritual Science or Anthroposophy are occult inasmuch as they arise from direct observation of realities hidden to ordinary perception And yet these elements of humanity and the universe form the foundation of the sense world A substantial part of Occult Science is taken up with a description of the preliminary training needed to make such spiritual observations Given his energetic involvement in practical initiatives and extensive lecturing Steiner had little time to write books Of those he did write four titles form an indispensable introduction to his later teaching The Philosophy of Freedom CW 4 Theosophy CW 9 Knowledge of the Higher Worlds CW 10 and Occult Science An Outline CW 13 Occult Science An Outline is a translation from German of Die Geheimwissenschaft im Umriss GA 13
