*Reign of the Anunnaki* Jan Erik Sigdell, 2018-09-11 Reveals the ongoing alien manipulation of humanity and how we can break free Explores how the Anunnaki have maintained invisible surveillance over us and how they control our development through religion secret societies and catastrophes Reveals how they feed off our energies and how this ability has allowed them to remain here on Earth as multidimensional entities enforcing their control invisibly Explains how they established religion to control us and how Gnostic Christianity which came from Christ and not the Anunnaki offers a way out of their matrix of control Cuneiform texts found on clay plates in Mesopotamia tell us about an extraterrestrial race called the Anunnaki who came from space to exploit our planet Through genetic manipulation they created modern humans from existing earthly life forms to serve them as slaves They physically left our planet millennia ago but as Jan Erik Sigdell reveals their influence and control over humanity is still pervasive and significant Sigdell explains how the Anunnaki have maintained invisible surveillance over us as well as control over how humanity develops setting limits on our evolution and holding back our development by means of manipulation and catastrophes including the deluge immortalized in the Bible and many other ancient myths He shows how they still manipulate our politics and affairs via secret societies such as the Illuminati and the political elite such as the Bilderberg Group Examining ancient descriptions of the Anunnaki as entities that resemble winged reptiles or amphibians the author also explores their diet and how they feed off blood and the energies given off by lower life forms such as humans when they are expressing extreme negative emotions having sex or dying This energy feeding ability has allowed them to remain here on Earth as multidimensional entities enforcing their control invisibly He explains how the Anunnaki established religions as tools for control setting up the major religions with themselves as gods and playing them against each other to keep humanity s attention away from ongoing Anunnaki manipulation They have also hidden from us the existence of the true highest creator who created the cosmos as well as the Anunnaki themselves The author reveals how the highest creator sent a messenger called Jesus to expose the Anunnaki and show us a way out of their matrix of control through a spirituality based on love empathy and sacred sexuality But the god of the Anunnaki defeated this messenger and replaced him with a false Christ This led to the development of Paulinian Christianity under Anunnaki influence as well as other parallel religions such as Islam and the suppression and elimination of the original Christianity Gnostic Christianity With the discovery of hidden Gnostic texts and teachings at Nag Hammadi in 1945 the way is now paved for our release from

Gallimore, 2025-07-01 For fans of the compelling critical and investigative style of best-selling authors Graham Hancock and Brian Muraresku, the first detailed account of the history and science of the world's strangest and most mysterious drug, DMT. DMT is the world's strangest and most mysterious drug, inducing one of the most remarkable and yet least understood of all states of consciousness. This common plant molecule has, from ancient times to the modern day, been used as a tool to gain access to a bizarre alien reality of inordinate complexity and unimaginable strangeness, populated by a panoply of highly advanced intelligent and communicative beings entirely not of this world. In a story that begins in the Amazonian rainforests and ends somewhere beyond the stars, Andrew Gallimore presents the first detailed account of the discovery of DMT and science's continuing struggle to explain how such a simple and common plant molecule can have such astonishing effects on the human mind. The history of the drug involves many fascinating characters from the scientific and literary worlds, including legendary ethnobotanist Dr. Richard Schultes, renegade beat writer and drug aficionado William S. Burroughs, philosopher and raconteur Terence McKenna, and the high priest of the 1960s psychedelic revolution, Dr. Timothy Leary. In the end, the story of DMT forces us to reconsider our most basic assumptions about the nature of reality and our place within it. *Psychedelics Encyclopedia* Peter Stafford, 2013-02-18 Traces the history of the use of hallucinogenic drugs and discusses the psychological and physical effects of LSD, marijuana, mescaline, and other drugs.
