Scipio Aemilianus:

Scipio Aemilianus A. E. Astin,1967 **Scipio Aemilianus** Alan E. Astin,1971 The Hellenistic World and the Coming of Rome Erich S. Gruen,1986-09-25 In this revisionist study of Roman imperialism in the Greek world Gruen considers the Hellenistic context within which Roman expansion took place The evidence discloses a preponderance of Greek rather than Roman ideas a noteworthy readiness on the part of Roman policymakers to adjust to Hellenistic practices rather than to impose a system of their own **Warfare in the Roman Republic** Lee L. Brice,2014-04-21 This easy to use reference book covers the most important people places events and technologies of Roman warfare during the republic 400 31 BCE providing a wealth of reference material and invaluable primary source documents The study of ancient Rome remains both a high interest topic and a staple of high school and university curricula while recent Hollywood movies continue to heighten popular interest in Rome This multi format handbook examines warfare in ancient Rome during the republic period from approximately 400 BCE to 31 BCE Presenting ready reference primary source documents statistical information and a chronology the title explore all aspects of conflict during this time period including key military leaders pivotal battles and sieges new weapons and technologies and the intersections of warfare and society in the ancient world The reference entries provide detailed snapshots of key people events groups places weapons systems and strategies that enable readers to easily understand the critical issues during 400 years of the Roman Republic while various overview causes and consequences essays offer engaging in depth coverage of the most important wars By providing students with in depth information about how the Roman Army operated they develop a fuller understanding Roman ancient and world history

The Praetorship in the Roman Republic T. Corey Brennan,2001-06-21 Brennan s book surveys the history of the Roman praetorship which was one of the most enduring Roman political institutions occupying the practical center of Roman Republican administrative life for over three centuries The study addresses political social military and legal history as well as Roman religion Volume I begins with a survey of Roman and modern views on the development of legitimate power from the kings through the early chief magistrates and down through the creation and early years of the praetorship Volume II discusses how the introduction in 122 of C Gracchus provincia repetundarum pushed the old city state system to its functional limits

Clan Fabius, Defenders of Rome Jeremiah McCall,2020-01-24 The history of the Fabii Maximii is in many ways that of the Roman Republic In the legends and historical scraps that survived the Republic the members of the Fabius clan were more often than not the hammers that forged the empire Few families contributed more to the survival and success of the Republic and for so many centuries Few could boast such great glories perhaps none could match the record of Fabian offices and honours in the Republic Though the bloodline sank into obscurity in the early empire the name still carried memories of great achievements past A historical detective work this book explores the facts and fables of the Republics most distinguished family Chapters investigate not only the lives and careers of the Fabii Maximi but the critical

military and political contexts of their days As a result readers get not only the story of the Roman Republics rise and domination of an empire but a closer look at a family of Romans who made it possible **De Foenore Et Usuris Libri Tres** Gerard Noodt,2009 Memorable Deeds and Sayings Valerius Maximus,2004-03-01 Popular in its day both as a sourcebook for writers and orators and as a guidebook for living a moral life this remarkably rich document serves as an engaging introduction to the cultural and moral history of ancient Rome Valerius thousand tales are arranged thematically in ninety one chapters that cover nearly every aspect of life in the ancient world including such wide ranging topics as military discipline child rearing and women lawyers As a whole the work gives the reader fascinating insights into what it felt like to be an ancient Roman what the ancient Romans really believed what their private world was like how they related to one another and what they did when nobody was watching **Adoption in the Roman World** Hugh Lindsay,2009-10-29 Full account of the practice including the procedures and adoption s use as a mode of succession especially in political circles

Of Beards and Men Christopher Oldstone-Moore,2015-12-02 Beards they re all the rage these days Take a look around from hip urbanites to rustic outdoorsmen well groomed metrosexuals to post season hockey players facial hair is everywhere The New York Times traces this hairy trend to Big Apple hipsters circa 2005 and reports that today some New Yorkers pay thousands of dollars for facial hair transplants to disguise patchy juvenile beards And in 2014 blogger Nicki Daniels excoriated bearded hipsters for turning a symbol of manliness and power into a flimsy fashion statement The beard she said has turned into the padded bra of masculinity *Of Beards and Men* makes the case that today s bearded renaissance is part of a centuries long cycle in which facial hairstyles have varied in response to changing ideals of masculinity Christopher Oldstone Moore explains that the clean shaven face has been the default style throughout Western history see Alexander the Great s beardless face for example as the Greek heroic ideal But the primacy of razors has been challenged over the years by four great bearded movements beginning with Hadrian in the second century and stretching to today s bristled resurgence The clean shaven face today Oldstone Moore says has come to signify a virtuous and sociable man whereas the beard marks someone as self reliant and unconventional History then has established specific meanings for facial hair which both inspire and constrain a man s choices in how he presents himself to the world This fascinating and erudite history of facial hair cracks the masculine hair code shedding light on the choices men make as they shape the hair on their faces Oldstone Moore adeptly lays to rest common misperceptions about beards and vividly illustrates the connection between grooming identity culture and masculinity To a surprising degree we find the history of men is written on their faces
