Paul C. Vitz

Scipio Africanus The Man Who Defeated Hannibal:

Scipio Africanus Ross Leckie, 1998 Now from the author of the highly acclaimed novel *Hannibal* a History Book Club Selection comes the second installment in an epic trilogy on the rise of Carthage and the rise of Rome *Scipio Africanus* Charles River Editors, 2020-04-06 Includes pictures Includes excerpts of ancient accounts Includes a bibliography for further reading Carthage was one of the great ancient civilizations and at its peak the wealthy Carthaginian Empire dominated the Mediterranean against the likes of Greece and Rome with commercial enterprises and influence stretching from Spain to Turkey In fact at several points in history it had a very real chance of replacing the fledgling Roman empire or the failing Greek polis city states altogether as master of the Mediterranean Although Carthage by far preferred to exert economic pressure and influence before resorting to direct military power and even went so far as to rely primarily on mercenary armies paid with its vast wealth for much of its history it nonetheless produced a number of outstanding generals from the likes of Hanno Magnus to of course the great bogeyman of Roman nightmares himself Hannibal Certain foreign policy decisions led to continuing enmity between Carthage and the burgeoning power of Rome and what followed was a series of wars which turned from a battle for Mediterranean hegemony into an all out struggle for survival Although the Romans gained the upper hand in the wake of the First Punic War Hannibal brought the Romans to their knees for over a decade during the Second Punic War While military historians are still amazed that he was able to maintain his army in Italy near Rome for nearly 15 years scholars are still puzzled over some of his decisions including why he never attempted to march on Rome in the first place While Hannibal had been in Italy it had been relatively easy for the Carthaginian oligarchy particularly the Hundred and Four a federation of powerful traders and Hannibal's chief political rival Hanno the Great to marginalize him For years his political party the Barcids had struggled to obtain even a token amount of funds and troops for his enterprise but Hannibal's arrival on the scene changed all that Even his rivals could not deny the simple fact that all else aside the man could fight a battle like no other general alive With Rome threatening invasion Hannibal was suddenly the necessary hero of the hour Bolstering his Italian mercenaries with levies from Africa and Carthage the Carthaginian ruling elite desperately invested the money that Hannibal had begged for throughout the last decade While he remains far less known than Hannibal Publius Cornelius Scipio the man who has become known to history as Scipio Africanus is widely regarded as one of the greatest military leaders of all time In the space of less than 10 years the genius of Scipio took Rome from being on the brink of utter destruction to becoming the dominant power in the Mediterranean He displayed not just acute understanding of the tactical needs of the battlefield but also a strategic overview that consistently allowed him to confound his enemies Scipio has been described as the embodiment of grand strategy as his campaigns are the supreme example in history of its meaning However like many other successful military leaders Scipio proved much less able to deal with the envy and political machinations of the Roman Senate and he ended his life not in glory but in bitter self imposed

retirement much the same way Hannibal did Both men left legacies of military genius catastrophic defeats perseverance in the face of setbacks astounding victories Their stories also heavily involve ingratitude envy and enmity from within Scipio Africanus The Life and Legacy of the Roman General Who Defeated Hannibal during the Second Punic War chronicles how Scipio rose to prominence his legendary victory at Zama and the legacy he had on antiquity Along with pictures depicting important people places and events you will learn about Scipio Africanus like never before *International Encyclopedia of Military History* James C. Bradford, 2004-12-01 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history

Scipio Africanus Richard A. Gabriel, 2008-06-30 The world often misunderstands its greatest men while neglecting others entirely Scipio Africanus surely the greatest general that Rome produced suffered both these fates Today scholars celebrate the importance of Hannibal even though Scipio defeated the legendary general in the Second Punic War and was the central military figure of his time In this scholarly and heretofore unmatched military biography of the distinguished Roman soldier Richard A Gabriel establishes Scipio s rightful place in military history as the greater of the two generals Before Scipio few Romans would have dreamed of empire and Scipio himself would have regarded such an ambition as a danger to his beloved republic And yet paradoxically Scipio s victories in Spain and Africa enabled Rome to consolidate its hold over Italy and become the dominant power in the western Mediterranean virtually ensuring a later confrontation with the Greco Macedonian kingdoms to the east as well as the empire s expansion into North Africa and the Levant The Roman imperium was being born and it was Scipio who had sired it Gabriel draws upon ancient texts including those from Livy Polybius Diodorus Silius Italicus and others as primary sources and examines all additional material available to the modern scholar in French German English and Italian His book offers a complete bibliography of all extant sources regarding Scipio s life The result is a rich detailed and contextual treatment of the life and career of Scipio Africanus one of Rome s greatest generals if not the greatest of them all

The Wolf Man's Burden Lawrence Johnson, 2001 The Wolf Man was Sigmund Freud s most famous patient a man whose enigmatic childhood dream of being gazed at by wolves outside his bedroom window bedeviled the founding practitioners of psychoanalysis More than simply a rich source of imagery and meaning though the Wolf Man case might be interpreted as the primal scene of psychoanalysis itself Lawrence Johnson regards the creation of the psychoanalytic case study as the writing of two lives those of the analys and and the analyst so Freud s own biography and subjective viewpoint could hardly fail to bear a direct influence on the institution of psychoanalysis When Freud met the patient known as the Wolf Man Johnson maintains psychoanalysis was at an impasse because of Freud s

inability to work through repressed material from his own childhood Freud overcame this impasse through a countertransference that cast his patient in the role of a rival for the control of psychoanalysis his means for vanquishing him set the terms for Freud's legacy to psychoanalysis Johnson offers a rigorous methodological framework for discussing the relationship between psychoanalytic writing and the lives of those who engage in it He fruitfully extends the work of Nicholas Abraham Maria Torok and Jacques Derrida into the realm of Freud's own life The result is both sophisticated psychobiography and psychoanalytic theory grounded firmly in historical lives **Sigmund Freud's Christian**

Unconscious Paul C. Vitz, 1993 Vitz psychoanalyzes Freud's motivation to reject religion *The Ancient History of the Egyptians, Assyrians, Babylonians, Lydians, Persians and Medes* Charles Rollin, 1838 *The Ancient History of the Egyptians, Carthaginians, Assyrians, Babylonians, Medes and Persians, Grecians, and Macedonians* Charles Rollin, 1836 *History of Rome* Mandell Creighton, 1880 *History of Rome* M. Creighton, 2023-11-18 Reprint of the original first published in 1875
