The Bloomsbury Guide to Christian Spirituality Peter Tyler, Richard Woods, 2012-08-30 A scholarly yet accessible introduction to Christian Spirituality. What is Christian Spirituality? How does it relate to non-Christian traditions? Where does it arise from and where is it going? These are some of the key questions addressed in this innovative new guide from Bloomsbury. The Bloomsbury Guide to Christian Spirituality is written by foremost academics in their fields who distill their knowledge for a wide intelligent audience. *Studying Christian Spirituality* David B. Perrin, 2007-08-07 This book provides a new introduction to the study of Christian spirituality, exploring it through the human sciences and ranging from philosophy and hermeneutics to psychology, history, sociology, and anthropology. Systematic and progressive, it introduces the key approaches and shows how they relate to the understanding, study, and practice of spirituality. Covering a vast amount of ground from traditional themes such as images of God, spiritual direction, and pilgrimage to more contemporary issues such as place and space, cyberspace, and postcolonialism, the author takes an ecumenical, inclusive stance, allowing the book to be used in a wide variety of courses and across denominations.

*Evangelicals Engaging in Practical Theology* Helen Morris, Helen Cameron, 2022-03-30 This book aims to introduce a distinctively evangelical voice to the discipline of practical theology. Evangelicals have sometimes seen practical theology as primarily a liberal project. This collection, however, actively engages with practical theology from an evangelical perspective, both through discussion of the substantive issues and by providing examples of practical theology done by evangelicals in the classroom, the church, and beyond. This volume brings together established and emerging voices to debate the growing role which practical theology is playing in evangelical and Pentecostal circles. Chapters begin by addressing methodological concerns before moving into areas of practice. Additionally, there are four short papers from students who make use of practical theology to reflect upon their own practice. Issues of authority and normativity are tackled head-on in a way that will inform the debate both within and beyond evangelicalism. This book will therefore be of keen interest to scholars of practical, evangelical, and Pentecostal theology.
