Scm Press A Z Of Patristic Theology:

The SCM Press A-Z of Patristic Theology John Anthony McGuckin, 2005 The SCM Press A Z of Patristic Theology offers a valuable resource to students of Church history and historical theology Combining accessibility with erudition the expansive essays neither assure prior knowledge of the field nor fall prey to the dangers of oversimplification A coherence of voice and vision is sustained largely due to the fact that this volume is the work of one author John Anthony McGuckin whose deep learnedness and passion for ancient Christianity is evidenced on every page Covering topics from East and West the range of reference is from architecture and its liturgical implications through to succinct explorations of persons councils and controversies definitions of faith doctrine and the Christian life

The Ecclesiology of St. Basil the Great

Olga Druzhinina, 2016-06-22 In this book Olga Druzhinina analyzes St Basil's understanding of the church paying special attention to his Trinitarian approach to its life Although the role of God the Trinity in the life of the church occupies a considerable place in St Basil's thought as Druzhinina demonstrates it is a subject that has not previously been addressed by scholars The analysis offered here of the life of the church as grounded in Trinitarian philanthropy provides fresh insights into St Basil's understanding of the worldwide fellowship of believers Druzhinina also brings into focus another neglected aspect of St Basil's ecclesiology his perception of the church as a two dimensional heaven and earth mystical reality with a strong bond between both parts the heavenly and the earthly

Reasons to Hope

Werner G. Jeanrond, 2020-02-20 Werner G. Jeanrond approaches hope from the perspective of a theology of love He distinguishes human hopes from the hope which God has given to humanity Jeanrond discusses the challenges of a Christian praxis of hope in today's world and invites both a new conversation on a future with God and a reassessment of the potential of hope for Christian discipleship Jeanrond argues that memory is important for hope and that nobody can hope for herself or himself alone Hope thus invites personal communal political and global participation and transformation Moreover it gives rise to a powerful constellation of symbolic expressions including judgement heaven hell and purgatory that call for ongoing interpretation Ranging from radical hope and the hope for salvation to the power of judgment and contemporary fears about the future of nations humankind and the world Jeanrond's latest work offers a theological contribution to the multireligious conversation on hope death and the human future in our universe
