inspires unusually strong devotion in its fans Formed in the late 60s in New York they released seven albums between 1971 and 1981 two of which were nominated for a Grammy Part of what's unusual about them is that each of those albums was made by a different group of musicians founding members Walter Becker and Donald Fagen had no issues swapping players from record to record in order to get the sound they wanted The band stopped touring in 1974 so the recording studio was the only place they needed their collaborators Those recordings are legendary especially among vinyl enthusiasts for their
