

Scope Of State Power In China

Mayfair Yang

Scope Of State Power In China:

Civilization and the Chinese Body Politic Yongnian Zheng, 2022-11-22 In this important and hugely ambitious book one of the world's leading political scientists working on China demonstrates how Western views of China are flawed because the long tradition of Western scholarship studying China views China from the Western philosophical and intellectual perspective rather than viewing China on its own terms through the lens of China's own long established and reputable philosophical and intellectual tradition Providing a deep analysis of Western scholarship on China including work from Leibniz to Marx to Weber and then to Wittfogel and a thorough account of the evolution of China's own thinking about governance as expressed in the practices of successive Chinese dynasties the book goes on to examine how the current Chinese body politic fits with and is the natural outcome of China's own long well thought through and well practiced intellectual consideration of what the nature of civilized governance should be By focusing on philosophical and intellectual approaches rather than on theoretical or methodological ones the book shows how the huge and increasing disconnect between non Chinese views of China and Chinese ones has come about *China's Quest for National Identity* Lowell Dittmer, Samuel S. Kim, 2018-07-05 How to define a Chinese national identity remains as hotly contested a question among today's Chinese citizens as it has been among foreign observers This volume brings together ten new essays by an interdisciplinary group of leading sinologists and offers a comprehensive framework for understanding the nature of Chinese national identity in past and contemporary settings *Autocracy and China's Rebel Founding Emperors* Anita M. Andrew, John A. Rapp, 2000 What kind of ruler was Mao Zedong Utilizing a rich mix of analysis and new translations this book examines other imperial predecessors and the elements linking Mao and Ming Taizu the fourteenth century peasant rebel who founded the Ming dynasty as well as critiques of Western and Chinese scholarship The book then presents translations with commentary of PRC scholars on Taizu and Mao showing the evolution in Chinese thought toward both rulers from the Cultural Revolution to the Deng Xiaoping reform era *The Death Penalty in China* Bin Liang, Hong Lu, 2015-12-01 Featuring experts from Europe Australia Japan China and the United States this collection of essays follows changes in the theory and policy of China's death penalty from the Mao era 1949 1979 through the Deng era 1980 1997 up to the present day Using empirical data such as capital offender and offense profiles temporal and regional variations in capital punishment and the impact of social media on public opinion and reform contributors relay both the character of China's death penalty practices and the incremental changes that indicate reform They then compare the Chinese experience to other countries throughout Asia and the world showing how change can be implemented even within a non democratic and rigid political system but also the dangers of promoting policies that society may not be ready to embrace **The Thought of Mao Tse-Tung** Stuart Reynolds Schram, 1989-07-13 Professor Schram offers a fascinating and sure footed analysis of Mao's intellectual itinerary *Governance and Politics of China* Tony Saich, 2017-09-07 The success or failure of China's

development will impact not only its own citizens but also those of the world China is widely recognized as a global actor on the world stage and no global challenge can be resolved without its participation Thus it is important to understand how the country is ruled and what the policy priorities are of the new leadership Can China move to a more market based economy while controlling environmental degradation Can it integrate hundreds of millions of new migrants into the urban landscape The tensions between communist and capitalist identities continue to divide society as China searches for a path to modernization The People s Republic is now over 65 years old an appropriate juncture at which to reassess the state of contemporary Chinese politics In this substantially revised fourth edition and essential guide to the subject Tony Saich delivers a thorough introduction to all aspects of politics and governance in post Mao China taking full account of the changes of the 18th Party Congress and the 12th National People s Congress Further the rise of Xi Jinping to power and his policies are examined as are important policy areas such as urbanization and the fight against corruption **The Scope of**

State Power in China Stuart Reynolds Schram,1985 **Anthropology of Ascendant China** Mayfair Yang,2024-05-06

This volume represents the latest research in cultural anthropology on an ascendant and globalizing China covering the many different dimensions of China s ascendancy both within China itself and beyond It focuses not only on the real and perceived successes of China in the past four decades but also on the difficulties tensions and dangers that have emerged as a result of rapid economic development class polarization state expansion psychological distress and environmental degradation Including contributions by some of the most well known cultural anthropologists of China as well as rising innovative younger scholars this book documents and analyzes China s multifaceted transformations in the modern era both within Chinese society and in Chinese relations with the outside world It features the unique perspective of anthropology with its on the ground deep cultural immersion through long term fieldwork coupled with a macrolevel global perspective a strong historical perspective and theoretically engaged analyses to present a balanced account of China s ascendancy **Anthropology of Ascendant China** Histories Attainments and Tribulations is suitable for students and scholars in Anthropology Sociology History Political Science and East Asian Studies as well as those working on contemporary Chinese society and culture more broadly **Limits to Autocracy** Alan T. Wood,1995-08-01 Alan T Wood examines the cultural identity of modern China in the context of authoritarianism in the Chinese political tradition Taking on issues of key importance in the understanding of Chinese history Wood leads readers to a reconsideration of neo Confucian thinkers of the Northern Sung dynasty Modern scholars have accused Sung neo Confucians of advocating a doctrine of unconditional obedience to the ruler of revering the emperor and expelling the barbarian and thereby inhibiting the rise of democracy in China Wood refutes this dominant view by arguing that Sung neo Confucians intended to limit the power of the emperor not enhance it Sung political thinkers believed passionately in the existence of a moral cosmos governed by universal laws that transcended the ruler and could be invoked to set limits on his power Wood makes a striking comparison of this view with a similar one of universal morality or

natural law that developed in late Medieval Europe By drawing attention to a much neglected Confucian text he contributes significantly to the wider dialog of human rights in China and brings forth fresh philosophical insights in his comparative view of Chinese and Western history **Contemporary China** Yongnian Zheng,2013-01-29 Using new research and considering a multidisciplinary set of factors Contemporary China offers a comprehensive exploration of the making of contemporary China Provides a unique perspective on China incorporating newly published materials from within and outside China in English and Chinese Discusses both the societal and economic aspects of China s development and how these factors have affected Chinese elite politics Includes coverage of recent political scandals such as the dismissal of Bo Xilai and the intrigue surrounding the 18th National Congress elections in late 2012 Discusses the reasons for and ramifications of the gap that exists between western perceptions of China and China itself

Uncover the mysteries within is enigmatic creation, **Scope Of State Power In China** . This downloadable ebook, shrouded in suspense, is available in a PDF format (*). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
