

Traditional Techniques in Satire:

- This handy fallacious technique of disputation can be effective in making any logical argument appear ridiculous, when it may not be, by stretching it to an extreme which goes far **beyond the body or intent or scope of the argument.**

Example 1:

- A. In America, citizens have the right to bear arms.
- B. Oh, so it's OK with you for hundreds of innocent kids to be killed each year with unregistered handguns?

Example 2:

- A. Everyone in a free country ought to be able to live according to their own religious beliefs.
- B. Oh, so it's OK for witches to dig up bodies to cut out gall bladders for ingredients for their magic potions?
