

SCOTICHRONICON

Walter Bower

A medieval manuscript illustration depicting a man in a small wooden boat, pulling a large, heavy net. The man is shown from the waist up, leaning forward with his arms extended, holding the net. The net is large and textured, with a dark, possibly fish-filled section visible on the left. The boat is simple, with a flat wooden deck and a low, reddish-brown hull. The background is a light, textured surface, possibly representing water or a sky. The overall style is characteristic of late medieval manuscript illumination, with visible brushstrokes and a limited color palette.

Driscoll,2017-12-02 In 1988 extensive archaeological investigations began at Glasgow Cathedral revealing evidence for the first cathedral built in 1136 and subsequent 12th century phases *The Dominicans in the British Isles and Beyond* Richard Finn,2023-03-09 The history of the Dominicans in the British Isles is a rich and fascinating one Eight centuries have passed since the Friars Preachers landed on England s shores Yet no book charting the history of the English Province has appeared for close on a hundred years Richard Finn now sets right this neglect He guides the reader engagingly and authoritatively through the medieval early modern and contemporary periods from the arrival of the first Black Friars and the Province s 1221 foundation by Gilbert de Fresnay to Dominican missions to the Caribbean and Southern Africa and seismic changes in church and society after Vatican II He discusses the Province s medieval resilience and sudden Reformation collapse attempts in the 1650s to restore it its Babylonian Exile in the Low Countries its virtual disappearance in the nineteenth century and its unlikely modern revival This is an essential work for medievalists theologians and historians alike

Scotichronicon: Bks VII-VIII Walter Bower,1994 *Scotichronicon* Walter Bower,1987 [Able Minds and Practiced Hands](#) SallyM. Foster,2017-07-05 One hundred years on from J Romilly Allen and Joseph Anderson s 1903 landmark publication *The Early Christian Monuments of Scotland* twenty six essays explore the current state of knowledge of early medieval sculpture in Scotland They demonstrate the unique value of this material in contributing to our understanding of the society and people that created it between 1000 to 1500 years ago Today s approaches and techniques offer new insights as well as great hope for what might be learnt from future study of familiar and new material alike The essays exemplify the ever diversifying interdisciplinary approaches that are being taken to the study of early medieval sculpture Key themes that emerge include the interdependence of conservation research and access the need for a 21st century inventory of the sculpture the breadth and value of the wide range of the research tools that now exist conservation issues including the politics of how and where sculpture should be protected and the pressing need to identify priorities for action and what is probably the most important development over the last 100 years the increase in awareness of the range of values and significances that attaches to early medieval sculpture including appreciation of context [Scotichronicon: Books VII and VIII](#) Walter Bower,1987 **Women in Scotland c.1100-c.1750** Elizabeth L. Ewan, Maureen M. Meikle,1999-11-16 This collection of essays addresses women in Scotland in the medieval and early modern period drawing on archival sources from Court of Session records to Middle Scots poetry The editors argue persuasively that it is important to know about Scotswomen from all social levels The book includes a time line and introductory bibliographical essay The twenty essays in the collection are arranged under the themes of religion literature legal history the economy politics and the family They demonstrate the connections between Scottish women s experience and those in England and the continent as well as

highlighting what was unique for the history of Scottish women Through this comprehensive review of the feminine situation during more than six hundred years of Scottish history the reader will discover how women really lived and what they really thought whatever their place in society *Prophecy, Politics and the People in Early Modern England* Tim Thornton,2006 Thornton also sheds light on areas where popular culture and politics were uneasily interlinked the powerful political influence of those outside elite groups the variations in political culture across the country and the considerable continuing power of mystical supernatural and non rational ideas in British social and political life into the nineteenth century Jacket
