Scotland What Every Visitor Needs To Know:

RSPB Handbook of Scottish Birds Peter Holden, Stuart Housden, 2016-07-28 This is a fully updated second edition of 2009's well reviewed RSPB Handbook of Scottish Birds detailing Scotland's rich birdlife. Over 250 species are covered in detail with one page per species including Gaelic names newly added for this edition. The detailed distribution maps have been fully updated and show when birds are breeding, wintering or on migration. More than a thousand superb colour illustrations by some of the world's leading bird artists have been integrated into the text for easy reference at home or in the field. Each detailed species account includes information on identification, voice, habits, habitat, food, breeding, ecology, seasonal movements, population and conservation.

Conférence Internationale "Tourisme Durable, Environnement Et Emploi" Council of Europe, 2002-01-01 This conference was organised within the framework of the Council of Europe's activities to promote the development of all forms of sustainable tourism in Europe with particular attention to the central and east European countries. The issue of employment and local development was one of the conference's main themes and speakers from all fields discussed experiences of job creation and local community development within the framework of sustainable tourism programmes.

The Two Worlds, 1926 *Art and Public History* Rebecca Bush, K. Tawny Paul, 2017-05-11 *Art and Public History Approaches Opportunities and Challenges* examines the relationship between art and public history, outlining opportunities, challenges and insights drawn from recent initiatives. With a special eye towards audience engagement and challenging historical narratives, all of the case studies and projects combine historical interpretation with contemporary and historical forms of visual art in unique and insightful ways. In addition to emphasizing the kind of practical advice found in the best case studies, this volume also offers a critical discussion of the concepts, tools, skills and technologies that contribute to fruitful interdisciplinary collaboration. These issues are addressed through sections on projects related to historical artworks, contemporary art and artists, and public art and the built environment. It addresses how public historians can incorporate art into their practice by outlining opportunities, challenges and insights drawn from recent projects in the United States and Britain. These projects have taken place across a variety of platforms including local and national history museums, art galleries, digital archives, classrooms, historical markers and public art projects. The case studies incorporate the perspectives of different stakeholders including public historians, artists and audiences. The book will provide both public history practitioners and academics with useful guidance on how art can be integrated into public history initiatives through critical discussion of tools, strategies and technologies that contribute to fruitful collaboration and audience engagement across a variety of platforms. Readers will walk away with new ideas, strategies and practical considerations for interdisciplinary projects to attract audiences in new ways.
