Scottish Invention Of America Democracy And Human Rights:

The Scottish Invention of America, Democracy and Human Rights Alexander Leslie Klieforth, Robert John Munro, 2004-03-02 The Scottish Invention of America Democracy and Human Rights is a history of liberty from 1300 BC to 2004 AD The book traces the history of the philosophy and fight for freedom from the ancient Celts to the creation of America asserting the roots of liberty originated in the radical political thought of the ancient Celts the Scots struggle for freedom John Duns Scotus and the Arbroath Declaration 1320 a tradition that influenced Locke and the English Whig theorists as well as our Founding Fathers particularly Jefferson Madison Wilson and Witherspoon Author Alexander Klieforth argues the Arbroath Declaration 1320 and its philosophy was the intellectual foundation of the American Revolution and Declaration of Independence 1776 Thus the work is a revolutionary alternative to the traditional Anglocentric view that freedom democracy and human rights descended only from John Locke and England of the 1600s The work is the first historical analysis to locate and document the origin of the doctrine of the consent of the governed in the medieval scholar John Duns Scotus c 1290s four centuries before Locke and the English Whigs and in the evolutionary progress of mankind The work contends that the Arbroath Declaration 1320 and its philosophy was the intellectual foundation of the American Revolution and Declaration of Independence 1776 After showing the Scottish influence on the U S Constitution Bill of Rights and the new Federal government the Braudelian style work traces the development of Scottish style freedom and human rights through the French Declaration of the Rights of Man and of the Citizen influenced by Jefferson Lincoln s Gettysburg Address that transformed Jefferson s Declaration and Eleanor Roosevelt s role in creating the U N Universal Declaration of Human Rights the foundation of the modern human rights struggle More information about this book is available at the authors website www.braveheart soul.com *Human Rights and Dynamic Humanism* Winston P. are human rights after all given the dissent surrounding their foundations content and scope What are legitimate deviances from classical human rights law and where should we draw red lines Making a case for balancing conceptual openness and distinctness this book addresses the key human rights issues of our time and opens up novel spaces for deliberation It engages philosophical reasoning with law politics and religion and demonstrates that a meaningful relativist account of human rights is not only possible but a sorely needed antidote to dogmatism and polarization

The United States Government Is Illegitimate Robert G. Beard, Jr., C.P.A., C.G.M.A., J.D., LL.M., 2017-05-23 This book is a draft of chapter one of Mr Beard s dissertation The Impact of Constitutional Interpretation on Individual Freedom He was kicked out of the J S D program by a Dean who graduated from Harvard Law because this project was to put it politely politically incorrect justification was that it would not contribute anything new or important to the existing scholarship Once the Dean was no longer at the law school Mr Beard s supervisor and co faculty director of the program invited him back to finish this project The purpose of this dissertation is to explain how power elites and branches of government have reinterpreted the U S Constitution to increase government power and authority at the expense of individual freedom There are only two ways to interpret the U S Constitution 1 Under the freedom doctrine or 2 as a master slave relationship which is what has been going on for the past 100 years If Americans are not slaves then the U S Government is Illegitimate

Scotland's Future History Stuart McHardy, 2015-04-06 McHardy presents a new approach to history changing our mindset to look at Scotland as the centre of our story Rather than starting from the Mediterranean from the classical Christian bias we have been taught for centuries Rather than being a remote dark land populated by barbaric tribes Perhaps we were the centre of a well organised civilisation around the Orkneys and islands and coasts and rivers with our own priorities community centred locally self sufficient well versed in lore of all kinds Who were are we The great centres of ritual in Orkney Lewis and Kilmartin suggest an indigenous population much more sophisticated in terms of social ritual and communal rule than we have been led to believe In whose interest is it that we accept the classical Christian version of history relayed to us by monks These are some of the questions McHardy addresses in a passionate and accessible style Read and become more Alba centric in terms of what we see as important to research study and understand

Highlander Tim Newark, 2010-04-01 Acclaimed historian Tim Newark tells the story of the Highlanders through the words of the soldiers themselves from diaries letters and journals uncovered from archives in Scotland and around the world At the Battle of Quebec in 1759 only a few years after their defeat at Culloden the 78th Highlanders faced down the French guns and turned the battle At Waterloo High landers memorably fought alongside the Scots Greys against Napoleon s feared Old Guard In the Crimea the thin red line stood firm against the charging Russian Hussars and saved the day at Balaclava Yet this story is also one of betrayal At Quebec General Wolfe remarked that despite the Highlanders courage it was no great mischief if they fall At Dunkirk in May 1940 the 51st Regiment was left to defend the SOE evacuation at St Valery though following D Day the Highlanders were at

the forefront of the fighting through France It is all history now Over the last decade the historic regiments have been dismantled despite widespread protest Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

[The U.S. Individual Income Tax Is Incompatible with a Free Society](#) Robert G. Beard, Jr., 2013-08 The 16th Amendment says Congress may tax incomes without apportionment but it does not state that the 16th Amendment is superior to any other amendments and all other provisions of the Constitution Therefore Congress and the IRS have no authority to require U S citizens and residents to waive their rights under the Constitution e g the 4th and 5th Amendments But this is exactly what is being done with respect to the administration and collection of U S income taxes This is a fraud on the public Before this fraud becomes more readily understood by the populace at large it would be prudent for Congress to

- 1 Replace the U S individual income tax with a national sales or consumption tax
- 2 get rid of the Gestapo Tactics of the IRS in forcing people to waive their rights and
- 3 start the amendment process in Article V of the Constitution to abolish the 16th Amendment

America's Continuum of Racial Democracy and Injustice Thomas P. Wallace, 2020-04-07 In 2019 of the 252 Republican members of Congress only 3 were African American Lincoln s progressive Republicanism had been supplanted by the regressive 1950s Southern styled Democratic Party ideology of white primacy America s initial morally flawed constitution permitted slavery to persist catalyzing and sustaining hostile

unresolvable ideological warfare driven by slavery issues the Civil War a failed post war Reconstruction effort and a brutal Jim Crow suppression And since the 1980s politically contrived Republican race neutral legislation and policies have disproportionately targeted minorities resulting in discriminatory housing voting policing and criminal justice outcomes Over the centuries excessive white self serving social and economic individualism of privilege religious ethno cultural racism and a destructive anti progressive anti intellectual and anti scientific mentality has been ingrained within the nation s DNA This is America s continuum of racial democracy and injustice
