LINDSAY PATERSON and PAULA SURRIDGE

Scottish Electorate The 1997 General Election And Beyond

Andrew C. Gould, Anthony M. Messina

Scottish Electorate The 1997 General Election And Beyond:

The Scottish Electorate A. Brown, D. McCrone, L. Paterson, Paula Surridge, 1998-12-20 The book draws on original academic research to discuss the outcome of the 1997 general election in Scotland and the likely future shape of Scotland's politics. It offers the most rigorous and up to date assessment of Scottish electoral politics that is available setting the 1997 Scottish result in a comparative context with the rest of Britain and in a context of changing political attitudes and behaviour since the 1970s. The 1997 General Election ranks alongside 1945 and 1979 as a turning point in the post war United Kingdom. The overwhelming endorsement of a Scottish Parliament in the September 1997 referendum will have dramatic implications for Scottish and British politics. This book enhances understanding of these developments and analyzes the relationship between national identity and the policy agenda as Scotland moves towards a new constitutional future. **Politics in**

Scotland Duncan McTavish, 2016-06-23 Politics in Scotland is an authoritative introduction to the contemporary political landscape in Scotland and an essential text for undergraduate and postgraduate students of Scottish Politics. Written by leading experts in the field it is coherently organised to provide a clear and comprehensive overview of a range of themes in contemporary Scottish Politics. Key topics include Government and electoral behaviour, Representation and political parties in Scotland, Public policy and Scotland's relationship with the rest of the world, Scottish politics both in the run up to and after the 2014 referendum, The Future of Scottish government and politics. This textbook will be essential reading for students of Scottish politics, British Politics, devolution, government and policy. **British Elections & Parties Review** Colin

Rallings, Roger Scully, Jonathan Tonge, Paul Webb, 2004-08-02 Containing contributions from leading names in British politics, this review continues to publish front rank research on parties, elections and voting behaviour in Britain. **Secessionism and Separatism in Europe and Asia** Jean-Pierre Cabestan, Aleksandar Pavković, 2013-01-03 The boundaries between secessionism and separatism are often blurred and in many cases study of secessionism encompasses that of separatism and vice versa. Recognising this inherent relationship, this book provides a comparative survey of recent attempts at secession and separatist movements from across Europe and Asia and assesses the responses of the respective host governments. The essays address two main questions which arise from the relationship between state governments and secessionist movements: first, how secessionist or separatist movements gather support and mobilize their target populations; and second, how central political authorities respond to the challenges that secessionist or separatist movements pose to their capacity to control the country. With political analysis of recent cases ranging from the Balkans, the USSR, the UK and the Basque Country to Sri Lanka, Burma, China, Tibet and Taiwan, the authors identify both similarities and differences in the processes and outcomes of secessionist and separatist movements across the two distinct regions. This volume will be an invaluable resource for those who wish to understand the dynamics of secessionist movements and as such will appeal to students and scholars of Asian and European politics, comparative politics, international relations and conflict studies. It will also be helpful to practitioners.

and policy makers who wish to understand and contribute to the resolution of such conflicts

Europe's Contending Identities Andrew C. Gould, Anthony M. Messina, 2014-02-17 How European are Europeans Is it possible to balance national citizenship with belonging to the European Union overall Do feelings of citizenship and belonging respond to affiliations to regions religions or reactionary politics Unlike previous volumes about identity in Europe this book offers a more comprehensive view of the range of identities and new arguments about the political processes that shape identity formation The founders of European integration promised an ever closer union Nationalists respond that a people should control their own destiny This book investigates who is winning the debate The chapters show that attitudes toward broader political communities are changing that new ideas are gaining ground and that long standing trends are possibly reversing course

Whatever Happened to Tory Scotland? David Torrance, 2012-10-31 Explores the history and ideas of the Scottish Conservative Party since its creation in 1912

Love and Politics Fiona Mackay, 2001-08-02 This volume is the first to use insights from recent feminist theory on the ethic of care to study the slow progress women have made toward political equality Using empirical case study materials including her own interviews with female politicians Mackay examines care as both a political practice and a political idea using it to explain the current situation with regard to women's representation and to offer a prescription and resource for change

Power and Identity Denis Sindic, Manuela Barreto, Rui Costa-Lopes, 2014-12-05 The concepts of power and identity are vital to many areas of social research In this edited collection a prominent set of contributors explore the double relationship between power and group identity focusing on two complementary lines of enquiry In what ways can the powerful dictate the identities of the powerless How can the powerless redefine their identity to challenge the powerful Each chapter is written by leading authorities in the field and investigates a particular aspect of the interplay of identity and power via a range of empirical contexts such as colonialism nationalism collective action and electoral politics The case studies include early modern Goa under Portuguese rule the tribes of modern day Jordan the use of sexual stereotyping and objectification by female activists seeking to transform social systems and a revisiting of the classic Stanford Prison Experiment The chapters include contributions from a variety of social disciplines and research methodologies and together provide a comprehensive overview of a subject at the cutting edge of social and political psychology Power and Identity will be of great interest to researchers graduates and upper level undergraduate students from across the social sciences

Nationalism and the State Nicola McEwen, 2006 Since the mid 1970s many developed states have reduced the size and scope of their welfare systems At the same time states have faced growing demands for self government from national minorities These twin processes have had a substantial impact upon the structure power and legitimacy of the state yet few have considered their inter relationship This book aims to fill this gap by conducting a focused comparison of nationalism and welfare development in Scotland and Quebec The recent emergence of Scottish and Quebecois nationalism took place against a backdrop of welfare retrenchment Did the post war welfare state

contain these territorial identities and strengthen attachment to the state among Scots and Quebecers Did the retrenchment of state welfare lead to demands for greater self government Demands for Scottish self government led to the creation of the Scottish Parliament and the devolution of power over wide areas of social policy The book examines the complexities of welfare development in multi level states drawing upon the Quebec Canada experience to explore the relationship between nationalism and welfare development in post devolution Scotland Sovereignty and the Global Community Howard M. Hensel, 2017-11-28 International normative standards constitute a major influence on the policies of states and other actors in the international system as well as on the development of the international system itself This case study rich volume demonstrates the relevance of international normative ideals and standards outlining some of the major opportunities for and the challenges affecting co operation among members of the international community Contemporary problems such as weapons of mass destruction refugees and internally displaced persons ethnic conflict and the environment are all explored in this timely volume Sovereignty and the Global Community will prove an excellent resource for all interested in issues of sovereignty sustainable development resource management and the peaceful resolution of conflicts
