The last three decades have seen unprecedented flourishing of creativity across the Scottish literary landscape so that contemporary Scottish poetry constitutes an internationally renowned award winning body of work At the heart of this has been the work of poets As this poetry makes space for its own innovative concerns it renegotiates the poetic inheritance of preceding generations At the same time Scottish poetry continues to be animated by writing from other places The *Edinburgh Companion to Contemporary Scottish Poetry* is the definitive guide to this flourishing poetic scene Its chapters examine Scottish poetry in all three of the nation's languages It analyses many thematic preoccupations tradition and innovation revolutions in gender the importance of place the aesthetic politics of devolution These chapters are complemented by extended close readings of the work of key poets that have defined this era including Edwin Morgan Kathleen Jamie Don Paterson Aonghas MacNeacail and John Burnside **The Poetry of the Scots** Duncan Glen, 1991
