Screening Scotland:

Scotland David Martin-Jones, 2010-08-18 Scotland Global Cinema focuses on the explosion of filmmaking in Scotland in the 1990s and 2000s It explores the various cinematic fantasies of Scotland created by contemporary filmmakers from all over the world who braved the weather to shoot in Scotland

Directory of World Cinema: Scotland Bob Nowlan, Zach Finch, 2015-05-29 Scotland its people and its history have long been a source of considerable fascination and inspiration for filmmakers film scholars and film audiences worldwide A significant number of critically acclaimed films made in the last twenty five years have ignited passionate conversations and debates about Scottish national cinema Its historical industrial and cultural complexities and contradictions have made it all the more a focus of attention and interest for both popular audiences and scholarly critics Directory of World Cinema Scotland provides an introduction to many of Scottish cinema s most important and influential themes and issues films and filmmakers while adding to the ongoing discussion concerning how to make sense of Scotland s cinematic traditions and contributions Chapters on filmmakers range from Murray Grigor to Ken Loach and Gaelic filmmaking radical and engaged cinema production finance and documentary are just a few of the topics explored Film reviews range from popular box office hits such as Braveheart and Trainspotting to lesser known but equally engaging independent and lower budget productions such as Shell and Orphans This book is both a stimulating and accessible resource for a wide range of readers interested in Scottish film

Scotland in feature film Sandra-Elisabeth Haider, 2002-11-22 Inhaltsangabe Abstract At Glasgow s University Library I discovered a book about Scotland on film Scotch Reels Originally Scotch Reels is the title of a research carried out in 1982 about the depiction of Scotland on screen It was revealed then that the predominant image of Scotland was very much engaged with stereotypes defined as the heather and haggis image by one of the book s critics and had obviously nothing to do with the contemporary reality of Scotland Not surprisingly that radical view has found a lot of stern critics On superficial examination when I think of all the recent films set in Scotland ranging from the historical epos Braveheart to the contemporary fast paced drug story Trainspotting to mention two of the more popular examples it seems to me that contemporary films set in Scotland show a wider spectrum of Scottish life than they apparently did before the 1980s when the stories were mostly with a few exceptions only set in the Highlands or on an island in a community far away from contemporary modern and industrial life As a classic example of those films one can mention the musical Brigadoon by Vicente Minnelli from the year 1954 However in my thesis I want to concentrate on films set in the City of Glasgow since there would be far too much material concerned if I considered every single available recent film set in Scotland I would like to find out whether the image of Glasgow has improved or widened in its conception through the release of recent films compared to its depiction in older movies As I could not analyse all recent feature films set in Glasgow in this context I decided to concentrate on a few examples By taking a closer look at these films I hope to be able to demonstrate how varied or one sided as will be determined the contemporary portrayal of the city is I do

not want to omit mentioning my awareness of the fact that my selection is very subjective Had I selected other movies the result would naturally have been a different one Also I have not taken into account television films or series set in the Glasgow area Especially in recent years a whole range of series has been produced and broadcasted for instance the surreal hospital drama Psychos starring Douglas Henshall the controversial Tinsel Town set in Glasgow s lively clubbing scene or Glasgow Kiss which portrays the city as a modern airy place inhabited by sympathetic educated middle class people

invention of English Literature It engages with Scotland's language politics rebutting claims of a Gaelic Gestapo and how borders within Scotland interact It replaces myths about tartan monsters with level headed evidence before discussing in detail representations of Scottishness in domestic and international media

The New Scottish Cinema Jonathan Murray, 2015-03-31 From a near standing start in the 1970s the emergence and expansion of an aesthetically and culturally distinctive Scottish cinema proved to be one of the most significant developments within late twentieth and early twenty first century British film culture Individual Scottish films and filmmakers have attracted notable amounts of critical attention as a result The New Scottish Cinema however is the first book to trace Scottish film culture's industrial creative and critical evolution in comprehensive detail across a forty year period On the one hand it invites readers to reconsider the known films such as *Shallow Grave* *Ratcatcher* *The Magdalene Sisters* *Young Adam* *Red Road* and *The Last King of Scotland* On the other it uncovers the overlooked from the 1980s comedic film makers who followed in the footsteps of Bill Forsyth to the variety of present day Scottish film making a body of work that encompasses explorations of multiculturalism exploitation of the macabre and much else in between In addition to analysing an eclectic range of films and filmmakers The New Scottish Cinema also examines the diverse industrial institutional and cultural contexts which have allowed Scottish film to evolve and grow since the 1970s and relates these to the images of Scotland which artists have put on screen In so doing the book narrates a story of interest to any student of contemporary British film
