television from its infancy in the 1950s through the 1980s Here is Stanwyck revealed as the quintessential Brooklyn girl whose family was in fact of old New England stock her years in New York as a dancer and Broadway star her fraught marriage to Frank Fay Broadway genius the adoption of a son embattled from the outset her partnership with Zeppo Marx the unfunny Marx brother who altered the course of Stanwyck's movie career and with her created one of the finest horse breeding farms in the west and her fairytale romance and marriage to the younger Robert Taylor America's most sought after male star Here is the shaping of her career through 1940 with many of Hollywood's most important directors among them Frank Capra Wild Bill William Wellman George Stevens John Ford King Vidor Cecil B DeMille Preston Sturges set against the times the Depression the New Deal the rise of the unions the advent of World War II and a fast changing coming of age motion picture industry And at the heart of the book Stanwyck herself her strengths her fears her frailties losses and desires how she made use of the darkness in her soul transforming herself from shunned outsider into one of Hollywood's most revered screen actresses Fifteen years in the making and written with full access to Stanwyck's family friends colleagues and never before seen letters journals and photographs Wilson's one of a kind biography large thrilling and sensitive Michael Lindsay Hogg *Town Country* is an epic Hollywood narrative USA TODAY so readable and as direct as its subject The New York Times With 274 photographs many published for the first time

American Writers and World War I David A. Rennie, 2020-07-31 Looking at texts written throughout the careers of Edith Wharton Ellen La Motte Mary Borden Thomas Boyd F Scott Fitzgerald Laurence Stallings and Ernest Hemingway *American Writers and World War I* argues that authors war writing continuously evolved in response to developments in their professional and personal lives Recent research has focused on constituencies of identity such as gender race and politics registered in American Great War writing Rather than being dominated by their perceived membership of such socio political categories this study argues that writers reacted to and represented the war in complex ways which were frequently linked to the exigencies of maintaining a career as a professional author War writing was implicated in and influenced by wider cultural forces such as governmental censorship the publishing business advertising and the Hollywood film industry *American Writers and World War I* argues that even authors hallmark anti war works are in fact characterized by an awareness of the war's nuanced effects on society and individuals By tracking authors war writing throughout their entire careers in well known texts autobiography correspondence and neglected works this study contends that writers reactions were multifaceted and subject to change in response to their developments as writers and individuals This work also uncovers the hitherto unexplored importance of American cultural and literary precedents which offered writers means of assessing the war Ultimately the volume argues
