Scripture And Discernment Decisionmaking In The Church

John R.L. Moxon

Scripture And Discernment Decisionmaking In The Church:

Scripture & Discernment Luke Timothy Johnson, 1996 Yet it is not enough for a congregation simply to turn to the Bible when a decision must be reached for Scripture does not directly address all issues which face the church today and those it does often reflect greatly differing historical and social contexts than our own Thus added to the authority of Scripture in the church's decision making is a process of discernment in which the members of the community under the guidance of the Holy Spirit recall how God has worked in their lives as individuals and as a community and discern together God's direction for the future Johnson argues that this very pattern of decision making can be found in Scripture itself notably in one of the central events of the book of Acts

Scripture & Discernment Luke Timothy Johnson, 2011-12-01 Luke Timothy Johnson begins his study of the practical issue of how decisions are made in the church by admitting to a bias that there ought to be a connection between what the church claims to be and how it does things Because the church claims to be a community of faith it does not reach decisions simply on the basis of good management policy or the analysis of market trends or efficiency or even ideological consistency but in response to God's activity in the world that presses upon us and urges us to decision Faced with how to respond to God's leading the church decides what to do on the basis of two realities Scripture and discernment Because it calls the church into being Scripture is the fundamental authority in the church's life Yet it is not enough for a congregation simply to turn to the Bible when a decision must be reached for Scripture does not directly address all issues which face the church today and those it does often reflect greatly differing historical and social contexts than our own Thus added to the authority of Scripture in the church's decision making is a process of discernment in which the members of the community under the guidance of the Holy Spirit recall how God has worked in their lives as individuals and as a community and discern together God's direction for the future Johnson argues that this very pattern of decision making can be found in Scripture itself notably in one of the central events of the book of Acts Beginning with the conversion of Cornelius and culminating in the Apostolic Council of Acts 15 we see how a string of smaller narratives combine to tell the story of God's movement within their midst and how this narrative became the basis for the reinterpretation of Scripture and the inclusion of Gentiles into the fellowship of the church Looking at a number of thorny issues facing the contemporary church Johnson demonstrates how the interaction of Scripture and discernment can and must become the basis for how we respond to the decisions with which the church wrestles today

The Holy Spirit and the Church John McClean, 2025-10-10 The 2023 Edinburgh Dogmatics Conference focused on the theme of The Holy Spirit and the Church It is tempting to observe that these are both unusual topics for a conference in the Reformed theological tradition In recent generations Reformed theology has a reputation of ignoring both That is not true of the deeper tradition of Reformed theology which has had a robust account of the work of the Spirit and high ecclesiology The papers at the conference returned to those themes recovering some of the riches of older theology and also exploring the challenges and

implications for the faith in the twenty first century Each chapter was given as a paper at the conference They retain something of the directness of papers that were read to an audience *The Revelatory Body* Luke Timothy Johnson,2015-08-23 Argues that theology can respond faithfully to the living God only by paying due attention to human bodily experience Scripture points to the human body and lived experience as the preeminent arena of God s continuing revelation in the world says Luke Timothy Johnson Attentively discerning the manifestations of God s Spirit in and through the body is essential for theology to recover its nature as an inductive art rather than as traditionally conceived a deductive science Willingness to risk engaging actual human situations as opposed to abstract conceptualizations of those situations is required of the theologian Johnson argues He celebrates the intimations of divine presence and power in such human experiences as play pain pleasure work and aging showing how theology can respond faithfully to the living God only by paying due attention to human bodily experience *Decision Making in the Church* Luke Timothy Johnson,1983 *Peter's Halakhic Nightmare* John R.L. Moxon,2017-07-20 Did Luke intend Peter s visionary command to eat unclean animals in Acts 10 to suggest the dissolution of the Jewish Law Whilst scholars have argued over sources inconsistent redaction and later reception many have failed to notice here the novel use of a type of transgression anxiety dream John Moxon shows how by the incorporation of such naturalistic motifs Luke takes revelation in a new and decidedly psychological direction probably imitating similar developments in Graeco Roman biography If the vision reveals an illegitimate transfer of disgust within an exaggerated halakha of separation then its target is prejudice and inconsistency not the Jew Gentile divide as such as underlined by the ironic contrast with the pious Cornelius In this reading Luke s non supercessionism is maintained whilst showing him acutely aware of the kinds of nightmare holding many back from the nascent Gentile mission Pentecostal Hermeneutics Lee Roy Martin,2013-09-19 In *Pentecostal Hermeneutics A Reader* Lee Roy Martin brings together fourteen significant publications on biblical interpretation along with a new introduction to Pentecostal hermeneutics and an extensive up to date bibliography on the topic Organized chronologically these essays trace the development of Pentecostal hermeneutics as an academic discipline The concerns of modern historical criticism have often stood at odds with Pentecostalism s use of Scripture Therefore over the last three decades Pentecostal scholars have attempted to identify the unique characteristics and interpretive practices of their tradition and to offer constructive proposals for a Pentecostal hermeneutic that would be critically valid and at the same time be consistent with the Pentecostal ethos and conducive for the continued development of the global Pentecostal movement Contributors include Rickie D Moore John Christopher Thomas Jackie David Johns Cheryl Bridges Johns John W McKay Robert O Baker Scott A Ellington Kenneth J Archer Robby Waddell Andrew Davies Clark H Pinnock and Lee Roy Martin *Encyclopedia of Christian Education* George Thomas Kurian,Mark A. Lamport,2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning

educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In The Encyclopedia of Christian Education contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women s education graded schools compulsory education of the deaf and blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church s founding through the Middle Ages to the modern day Denominational and institutional profiles Intellectual traditions in Christian education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education

The Lord and Giver of Life David Hadley Jensen, 2008-01-01 In this exciting collection an array of contemporary theologians reflect on the work of the Holy Spirit in relation to some of the worlds most pressing issues and problems Offering a corrective to disembodied discussions of the Spirit this book provides a look at the Holy Spirit set loose and sustaining the gift and struggle for life in the midst of todays troubled world Among other topics the contributors examine the Spirits activity in the reading of Scripture the reality of religious pluralism the growing ecological crisis the rise of consumerism and issues of empire Contributors include John B Cobb Jr Roger Haight SJ Barbara A Holmes David H Jensen Molly T Marshall Sallie McFague Amy Plantinga Pauw Joerg Rieger Eugene F Rogers Jr and Amos Yong Reading Scripture in the Fellowship of the Spirit Trevor Reynolds, 2019-02-19 How does the Holy Spirit guide the Christian community in its custodianship and interpretation of Scripture How does the fact that the Spirit is characterized by koinonia impact upon this task In light of this do we read Scripture with too much of an individualistic mindset In this new book Dr Trevor Reynolds addresses these questions seeking answers primarily from within Scripture itself He explores in depth what Jesus and the New Testament community taught concerning the interpretive role of the Holy Spirit How did they interpret Scripture with the help of the Spirit He highlights their corporate Spirit led hermeneutic with its challenge to our individualistic approaches The New Testament writers interpreted the Old Testament in a way that revealed communal methods of interpretation These were informed by Jewish pneumatic and corporate solidarity notions as reshaped by Jesus own Spirit given example and legacy In this book New Testament extracts are discussed which contain either specific examples of how Old Testament Scripture is interpreted by members of the New Testament community with the Spirit s help

or speak of the Spirit's work of interpretation in a more general way Trevor Reynolds seeks to uncover their implications for biblical hermeneutics as well as for the doctrine use and custodianship of Scripture in the life and witness of the church today The book concludes by pointing to the wide ranging implications that reading Scripture in the fellowship of the Spirit poses for today's church

Thank you very much for reading **Scripture And Discernment Decisionmaking In The Church**.
